GRABBERS FOR PLACES.

How the Legislature Created Offices and Filled Them With Its Own Members, and in Like Manner Filled Vacancies. Raleigh News and Observer.

It is to be doubted whether there has ever been a legislative body assembled in any State that appropriated a greater proportion of the offices and public patronage to themselves than has the Legislature just adjourned. It is safe to say that at least 90 per cent., and perhaps more, of the positions at their disposal were filled by members of the General Assembly. As shown by the list published in this paper Friday the Senate secured the lion's share of the spoils, though it is the smaller body. Though most of the pie had been distributed before it reached the more popular branch of the General Assembly, the members did not hesitate to gobble what was left.

Here is a partial list of how the members helped out on the almost absolute exclusion of outsiders. V. S. Rusk, Rep., of Boncombe, trustee and member of the executive committee of the University. S. Huffman, Rep., of Burke, trustee of the Morganton deaf and dumb institution. E. C. Duncan, Rep., of Carteret, slated for director of the Atlantic and North Carolina Railroad.

A. F. Hileman, Pop., of Cabarrus, slated for director of the Morganton Hospital and director of the Carolina Railroad. Lee Whitener, Pop., of Catawba, director of the Morganton Hospital. J. E. Bryan, Pop., of Chatham; director of the blind institution at Raleigh, director of the penitentiary and member of the Arrington investigating committee. A. A. Campbell, Republican, of Cherokee, member of the Arrington investigating committee. J. A. Buchanan, Populist, of Clay, member of the board of agriculture. R. P. Williams, Republican, of Granville, slated for director of the Atlantic and North Carolina Railroad. Z. V. Waiser, Republican, of Davidson, Speaker of the House and trustee of the University. H. G. Ewart, Republican, of Henderson, judge of the new criminal circuit. Frank Brown, Republican, of Jones, North Carolina Railroad.

J. A. Cheek, Republican, of Orange, director of the penitentiary. D. H. Abbott, Republican, of Pamlico, slated for director of Atlantic and North Carolina Railroad. R. M. Green, Republican, of Pender, slated for a position at the penitentiary. J. T. Phillips, Populist, of Pitt, member of Arrington investigating committee. C. H. Johnson, Populist, of Sampson, member of the board of agriculture. E. A. Aiken, Republican, of Transylvania, member of the board of agriculture. A. Alexander, Republican, Tyrrell, trustee of the University. J. W. Grumell, Republican, of Yadkin, slated for director of North Carolina Railroad.

In addition to this many of the members were appointed justices of the peace in their respective counties and many others were quietly canvassing for places at the penitentiary and the various asylums. Letter From Browns' constant. Browns Mr., N. C., March 20, '95. Mr. Editor:—Not having seen anything from this part of old Stokes in your paper, I will write a few words as my first attempt.

We are having plenty of revenue raids these days, but I think they made a water haul every day. They are using too many kinds of horses to make the machine work well. It is reported that there is among them one little black horse with long legs and crooked knees, and very smart, but too lazy to do anything where he is not known. He would be taken to be one of Fred Douglass' sons. He seems to be well informed in politics, particularly on the Republican side. Get up a conversation with him and you will be convinced that he has some Douglas blood in him. Then look at his color and you will be satisfied that he is Fred's son, or old Fred himself. He went to help arrest a moonshiner the other day and failed to get him. The moonshiner says that if the marshal will leave that Republican negro at home he will surrender; that he is a white man and wants to be taken by a white man, and not a negro. He believes in white supremacy, and not negro rule. I will give a more accurate description of the former life of this little Fred. He left this neighborhood some 3 or 4 years ago and went to Virginia. There he made his home for a couple of years, only making 2 or 3 trips to Danville as a witness. It is thought by many that

he was run from Virginia. He has been as a witness to Greensboro once and Danville since, since he has been in Stokes 2 years. He is now a reporter and an ass's ant. He must be a full blooded Douglas. I, as a Democrat, believe that the machine could and should be run without the aid of any of little Fred's blood or principle. X. Y. Z.

ALL DISEASES of the blood are cured by Hood's Sassafras, which by its vitalizing, enriching, and alterative effects makes only PURE BLOOD.

Mrs. Emily Thorne, who resides at Toledo, Washington, says she has never been able to procure any medicine for rheumatism that relieves the pain so quickly and effectually as Chamberlain's Pain Balm and she has also used it for lame back with great success. For sale by N. A. Martin.

O. W. O. Hardman, Sheriff of Tyler Co., W. Va., appreciates a good thing and does not hesitate to say so. He was almost prostrated with a cold when he procured a bottle of Chamberlain's Cough Remedy. He says: "It gave me prompt relief. I find it to be an invaluable remedy for coughs and colds." For sale by N. A. Martin.

The experience of Geo. A. Apper of German Valley, N. J., is well worth remembering. He was troubled with chronic diarrhoea and doctored for five months and was treated by four different doctors without benefit. He then began using Chamberlain's Colic, Cholera and Diarrhoea Remedy, of which one small bottle effected a complete cure. It is for sale by N. A. Martin.

The experience of Mr. R. D. Whitley an influential and prominent citizen of Martinville, North Carolina, will no doubt be perused with interest by people in all parts of the country. For years he has been subject to violent attacks of inflammatory rheumatism; on the first of February he had an attack. He obtained a bottle of Chamberlain's Pain Balm from W. M. Houston & Co., merchants at Mecklenburg City, N. C. He writes that it gave almost immediate relief and gives Chamberlain's Pain Balm the highest praise, and advises all persons troubled with like afflictions to use it and get relief. For sale by N. A. Martin.

HIDES AND TAN BARK.

If you have any beef or other hides around your place going to waste, I will tan them for you and charge just half the worth of the leather they make for tanning, or if the hides are heavy enough to make harness or sole leather, will tan them for half the leather they make. Later in the season I will buy some hides. I will want 10,000 lbs., or more for spring and summer stock. I will not buy hides just yet, but if you want your hides tanned as above bring them any day you come to town. I will mark them and give you receipt, the sooner to hand, the sooner in tan. I will want a considerable quantity of tan bark, black oak, red oak and chestnut oak. When clearing for tobacco leave the good bark trees standing until the sap gets up in the spring, skin the bark, four feet long, let it dry a few days, then pack it up, off the ground. Be sure to pack it so that the rain will not wet it. It will keep good for years.

Having fully determined to make tanning a business, I advise that you take good care of your hides and save the bark from the trees in your clearing which will make good bark. Bring hides as soon as you will to Pepper & Sons' store, at Danbury. J. Frank Pepper.
