The Bank of Stokes County Making Rapid Gains—A Great Convenience To Our People.

It is gratifying to learn that the Bank of Stokes County, with offices at Danbury and Walnut Cove, is starting out with a good business. A bank must of necessity be slow in its growth, because it must first win the confidence and good will of the people whose support it expects, and this takes time. Though the new Bank of Stokes has been running less than a month, its deposits are nearly \$10,000, and new customers among the merchants, business men and farmers are being added every day.

The Bank of Stokes County is a conservative and safe institution. It is backed by men who are well known and experienced in financial circles. They have spent a good deal of money in giving our people banking facilities up-to-date, and the people are showing their appreciation by their patronage.

Mrs. Dr. Neal Goes North To Be Operated On For Appendicitis.

ASTONISHING INCIDENT.

It was, to all her friends, an astonishing incident, that Mrs. I. B. Hunt, of Lime Ridge, Wis., was cured of her dreadful sickness. "Doctors," she writes, "had given me up; friends were ready to bid me the last farewell; clouds of despair darkened my horizon, and I was a wreck on the shores of despondency, when I began to take Electric Bitters, for my frightful stomach and liver complaint. To the astonishment of all, I was benefited at once and am now completely and miraculously restored to health." At all drug- gists; price 50c; guaranteed.
