ment of the Bank of Stokes Coun-
ty, published in this issue. The
Bank, though only little more
than half a year old, makes a fine
showing, and is steadily growing in

The directors of the Bank wish
to thank the people of Stokes
County for their loyal and grow-
ing patronage, and to extend to
those who have not yet given the
Bank their business, a cordial in-

THE ONLY HOPE FOR STOKES.

Our Resources, Which Will Equal
Those of Any County In the State,
Can Never Be Developed
Without a Railroad.

Walnut Cove, April 17.
Editors Reporter:

As I see a good deal in your
paper concerning an electric rail-
road through Stokes, I wish to say
that if the people of Stokes get a
chance they certainly should vote
the tax of fifty thousand dollars.
Now, I don't mean that they should
give that amount, but they should
take it in stock in the road and let
it belong to the county.

The greatest trouble I see is
that every man will want the road
to come by his door. I hope the
people will not divide on this mat-
ter as it would be one of the best
investments the county could pos-
sibly make.

Stokes is just as good a county
as there is in the State if it was
developed. How were the other
counties of the State developed?
Simply by the people taking hold
of opportunities. Let me advise
every man to vote for anything
that will advance the interest of
the county. All pull together and
in a few years we will have one of
the best counties in the State. We
have the natural advantages—the
best water power, good land, fine
timber, good granite, mica, iron in
quantities, and the finest mineral
water to be found, but it will never
be developed till the people build
roads to it. But some will say it
won't pay them to help build roads
to somebody else's property, but I
think it will, as it will bring cap-
ital here and that is what we need
to help you pay your taxes, and
develop your resources. Of course
it may never be worth one cent to
me, as I expect to leave here in a
few days, but I may come back
some time. If I never do I would
like to see the people of old Stokes
on the high road to prosperity.
I have friends over the county
that feel near and dear to me.
The only hope for our county is
to build railroads of some kind.

Our school closed last Friday at
Hawpogd with a fine, old time ex-
position. Everybody seemed to
be jolly and I am sure that every-
body enjoyed the entertainment.
We had 52 pieces on program and
the marching was just as good as
it could be. All the scholars were
made sad when their school closed
and they had to part with their
dear teacher, Mr. Blevins, of Ashe
county. He is as good a teacher as
anyone needs. We all hope to
have him to teach our school
again next winter.

For the Children

To succeed these days you
must have plenty of grit, cour-
age, strength. How is it with
the children? Are they thin,
pale, delicate? Do not forget
Ayer's Sarsaparilla. You
know it makes the blood pure
and rich, and builds up the
general health in every way.
The children cannot possibly have good
health unless the bowels are in proper condi-
tion. A sluggish liver gives a coated tongue,
bad breath, constipated bowels. Correct all
these by giving small laxative doses of Ayer's
Pills. All vegetable, sugar coated.
Also manufacturers of
HAIR VIGOR,
AYER'S GINE,
