Of this amount, we sold 2,730,648 lbs, for \$232,318.-11, averaging \$8.51 per hundred pounds. Our sales the past four months were nearly double those of last year and we want to thank our customers for this increase in our business and say to all bring us your first load in January.

BROWN, CARTER & SIMPSON.

The Tobacco Sold At
PIEDMONT WAREHOUSE,

WINSTON-SALEM, N. C.,

Up to Christmas brought 19 cents per hundred more than the market average.

In other words every 1,000 pounds sold at Piedmont has brought one dollar and ninety cents more than the market average—nearly enough more to pay your warehouse charges. What do you think about it? Is \$1.90 per load worth making?

Don't you think it pays to sell at Piedmont, the leading house in pounds and prices? We are glad to tell you that all grades of tobacco are selling well, especially the common ones. We believe that tobaccos up to 10c are bringing more money now than they did three years ago—"the high year." Bring us your next load and you shall have every dollar possible for it. Hoping to see you soon, we are,

Your friends,
