WALNUT COVE ROUTE 2.

Walnut Cove Route 2, Aug. 20

—On Wednesday, September 5th, Prof. J. F. Bondurant, of Walnut Cove Route 2, will get married to Miss Dora Haston, of Kernersville Route 1.

Mr. Bondurant is the son of the late Mr. John Bondurant, while the intended bride is the accomplished daughter of Mr. and Mrs. Pleas Haston.

Mr. Bondurant is a first-class teacher, and an up-to-date farmer. His intended bride is a fine artist, a good musician, and a good house-keeper. It looks like they could make a good living. The marriage will take place at the home of the bride then they will return to their new home which Mr. Bondurant has recently built.

Mr. C. H. Ireland and children, of Greensboro, are at Piedmont Springs.

FRANCISCO.

Francisco, Aug. 21.

Mr. Editor: I have decided to write you a few lines for the Reporter as I have not seen anything from this section for some time.

The threshing season is over and Lawrence, Shelton & Co. threshed a big lot of it. They threshed between six and 7,000 bushels in two miles of State Line Church. They threshed 12,000 bushels in all.

People are beginning to cut tobacco in this section. Some crops of tobacco are good while some is not.

Rev. R. W. George is putting in the machinery in his new roller mill on Big Creek. Mr. George has just closed a revival meeting at Dan River Church with 3 new members added.

Messrs. John Moss and Jim Mitchell, from Peters Creek, Va., are visiting relatives in this section.

J. K. Smith and R. E. L. Francis, the R. F. D. boys, from Francisco, are on a vacation of 15 days and their substitutes are serving the routes.

I will close for this time.

A FRIEND.

GIDEON

Gideon, Aug. 21—The continued rains and hot weather are injuring the tobacco crop, and many farmers are preparing to cut some to save it from rotting, firing and losing so much in the fields. Corn is being destroyed some by crows as well as being injured by freshets.

Messrs. W. M. Flynt and Roscoe Gann has gone to Winston on business.

Mr. Geo. Duggins, who has been sick several weeks, is somewhat improved. He had Dr. McCausless to see him last week, and we hope he will soon recover, as he has a large family to struggle for.

We had preaching and communion at Wilson church last Sunday and an able discourse by the pastor, Elder J. J. Joyce. A dozen or so of young men and boys engaged in laughing and talking near by which detracted some from the enjoyment of the large congregation, which is generally very orderly.

Miss Dora Deshazo, who came home with Mrs. Martin, from Danbury and the Springs, seems to be improving in health some.

Frank and Ed Mitchell are having a hard time getting in their toll wheat especially from Mr. Taylor's farm. No bridge and bad roads makes them interested in the bridge question. Messrs. Fagg and Flichum as well as the Dillard people are clamoring for it.

Notice.

The Board of Supervisors of Quaker Gap township, Stokes county, are hereby called to meet at J. D. George's store on the 8th day of September, 1906, at 10 o'clock, A. M., and all overseers of the public roads of said township are required to put their roads in good condition, and report the same to said board on the above named date as required by Sec. 2716 and 2717 of the revisal of 1905.

This the 20th day of August, 1906.

J. R. P. EAST, Chm. Bd. Road Supervisors.

A BRIDGE ACROSS SNOW CREEK

Mr. J. G. H. Mitchell Calls Attention to An Urgent Need of the People of Eastern Stokes.

Editor Reporter:

As the subject of a bridge or bridges across Snow creek is being agitated in this end of the county and is ripe for the action of our county fathers at their next session, I desire to say a few words in behalf of the project. I believe every man, woman and child would sign a petition in favor of a bridge if it was presented, and I am also confident that a large majority of the citizens of the county who are progressive and enlightened would favor it if they knew how essential and necessary it is to this section.

We have a daily mail from Danbury to Madison, also a telephone line, but a great part of this summer could not attend public meetings or courts at Danbury unless we go by Hairston bridge or nearly to Sandy Ridge to cross this dangerous stream.

We have a new court house and jail and whilst paying for them let us pay a little more and have a way provided to get to them.

Instead of constructing roads for Rockingham and Forsyth let our next Legislature provide for having our convicts construct a good road from Danbury to Snow creek only four miles from Danbury, and if not convicts enough hire an additional force for a few weeks.

J. G. H. MITCHELL.

Election Figures of the Past in Stokes County.

The Reporter has recently published tables showing the political vote in Stokes county in the years 1904 and 1902, in order that those of our readers who are interested in politics may have some data on which to have their election forecasts for next November. This week we give, for the year 1900, only the vote cast for the candidates for the State Senate, which however, may be considered a fair sample of the party vote. These tables should be filed away for reference by the politicians. The vote for 1900 follows:

Table with 3 columns: Name, Rep., Dem. Danbury 123, Wilson's Store 79, Germanton 109, King 111, Boyles 92, Pinnacle 98, Cov. School H. 204, Francisco 120, Lawsonville 213, Sandy Ridge 99, Mitchell's 48, Pine Hall 17, Walnut Cove 101, Fremau's 21.

PINNACLE ROUTE TWO.

Pinnacle Route 2, Aug. 18.

Mr. Editor: Will you please allow me space in your paper to say a few words to "Mc." I saw in the issue of the 16th where he said man was what woman made him. I say it is not so. The reason I say so, as many a man has to live a bachelor because there are three fourths of them that are too lazy to work for themselves, much less the woman. Some of the men will marry a girl and then make a slave of her. I don't think "Mc." knows what he is talking about. I don't think he can find any proof of the blunder he threw at the women. I know there are a lot of fashions that don't look nice, but he must not think that the women cause the men to sin. That is a mistake. The mother tries to teach her son to live up to the law and not to do wrong. We all want our boys to live and not sin. So I will be glad for "Mc." to show me proof of what he said about the woman. He is just trying to get his name up.

Well this is my first letter I will hush till I hear from "Mc." again. Wishing the Reporter and all its readers much success.

DANCE AT THE COVE HOTEL

A Pleasant Time Friday Night—Weather Destroys Bottom Land Corn—Tobacco Badly Specking.

Walnut Cove, Aug. 21—Mr. Billy Bennett, of near Piedmont Springs, passed through enroute to Winston last week.

Mr. D. S. Watkins left on the morning train, August 15th, after stopping at Roanoke, Va., and Kimball, West Va., to speak the parting words to friends and relatives at these points, he continues his journey to Indian Territory, where he expects to spend the remaining days of his life. Stokes loses a noble citizen by his departure, however, our loss is their gain.

Mr. Jack Taylor, who recently removed from this community to Stoneville, where he and his brother, Dell, conducts a livery business, was in town a few hours last week. Mr. Taylor expresses himself as being pleased with his new home, business, etc.

Mrs. J. M. Fulton, of Greensboro, paid a short visit to her brother, Mr. Jas. Neal, this week.

Mr. and Mrs. Edgar Wall, of Winston, passed through enroute to Meadows last Friday to visit relatives.

On the night of August 17, the citizens of our little community were the recipients of more abuse at the hands of some of our citizens than was ever known about since the town was incorporated.

On the 18th inst. there was an effort made at trying the violators, but the Mayor only succeeded in a fine of \$5.00 on Mr. Woodruff for contempt of court. The other hearing will be heard tomorrow (Wednesday). Mr. Woodruff will be represented by Mr. N. O. Patre, while the town has employed Lindsay Patterson, of Winston.

Mrs. D. B. Faucett continues very sick.

Mr. S. C. Rierson is very much improved, we are glad to note.

Miss Cornelia Rierson left last night for Mt. Airy where several in the family of her brother, Jas. W. Rierson, are very sick.

There was a nice dance at the Cove Hotel last Friday night. There were visitors in attendance from Greensboro, Winston and Germanton. Everything was pleasant except the severe heat.

Mr. Jas. Easley owns and controls more bottom lands than any individual in our township. He states that he will have to buy corn this year. The continued wet weather has about destroyed bottom land corn, while highland tobacco in some sections is specking badly due to the rain, etc.
