It is learned that the people of the neighborhoods along Snow Creek are divided on the question of where the proposed bridge shall be located, and that some of them are offering to donate considerable sums of money on condition that the bridge is built at the ford of their choice. This contest for location is pretty sure to mean no bridge at all unless the contestants can settle their differences.

Dr. B. W. Mebane, of Mount Airy, spent Friday, Saturday and Sunday here. He was kept busy delivering two addresses, and taking the active work in the Sunday School Convention on Saturday; preaching twice in the Presbyterian church, Sunday morning and night; lecturing in the Sunday School and preaching to the colored people Sunday afternoon. Dr. Mebane is an excellent preacher, and our folks are always glad to have him with them.

There are several petitions being circulated in this neighborhood asking for a bridge to be built across Snow Creek. A bridge across that dangerous ford is very much needed and we are anxious for one.

A Hay Ride at Campbell.

Campbell, Aug. 27.—A party of our young people recently took an exciting hay ride from Campbell across the country a distance of 8 miles and back over the roughest road imaginable, but they report a great time nevertheless. The party was composed of Robt. Morefield, our R. F. D. carrier; Mrs. Eugene Kelly, of Providence, R. I.; Miss Berch Tilley, of Sandy Ridge; Miss Lucy Bateman and Miss Stella Watkins, of Campbell, and others. They started out by making a raid on a watermelon patch and carrying off several large melons, but the wagon jostled so much that they only succeeded in diving their heads into a melon now and then, with the result of getting their eyes full of juice and their hair full of seed. They succeeded in making a good many people think the end of the world had come, while others not quite so excitable thought it a gang of wild geese going over. Others thought some one was dead in the neighborhood and made preparation to go out and investigate the cause of such a racket. They made all grades of noises as they went along at a break-neck speed, exciting the dogs, cows and everything in their wake. They arrived home safe and sound by 9 o'clock P. M. They will give the people a rest for a few days and then go again after the next load. All who wish to join the excursion are cordially invited. For date and particulars call and see. D.

Misses Lucy Brower and Rachel and Annie Hollingsworth, of Mt. Airy, are the guests of Miss Rachel Moore, at Smith.

A Hair Dressing

Nearly every one likes a fine hair dressing. Something to make the hair more manageable; to keep it from being too rough, or from splitting at the ends. Something, too, that will feed the hair at the same time, a regular hair-food. Well-fed hair will be strong, and will remain where it belongs on the head, not cast about.

The best kind of a hair dressing is Ayer's Hair Dressing. Sold for over 40 years.

Miss Fannie Frans has got sorry for Mr. Meg Simmons, I think. I see he is going back to see her again.

TWO BROWN-EYED GIRLS.

A Correction.

Mr. Editor: In my article in your last week's issue, I notice you made a mistake in giving the number of acres of land. You printed 10,000 or 15,000, when it should have been 1,000 or 1,500.

Yours truly,

J. WESLEY MOREFIELD.
P. S. Mr. Tom Hylton told me he would give \$100.00 toward macadamizing a road from Walnut Cove to Danbury.
