CHEW Grape TOBACCO

YES! GRAPE TOBACCO

is just a little sweeter than any of the so-called sun-cured plugs
made to imitate GRAPE, and they are all imitations—

WHY?

because that rich, sweet flavor is peculiar to the genuine Leaf, and
we have been buying and manufacturing it for over fifty years.

IT IS MADE BY A FIRM THAT KNOWS HOW
R. A. Patterson Tobacco Co., Richmond, Va.

Mebane-Mott.

Mt. Airy, Oct. 11.—At the home of Dr. B. W. Mebane, father of the groom, there was a marriage last night at 8:30 o'clock of interest to the many friends of Dr. W. C. Mebane, recently the resident physician of the Presbyterian Hospital in Charlotte. Dr. Mebane was married to Miss Susan Mott, the handsome and attractive daughter of Dr. Henry Y. Mott, of Iredell county, whose residence was Davidson College. Miss Mott was formerly head nurse at the Presbyterian Hospital in Charlotte. She came to Mt. Airy to nurse Dr. Mebane in a critical case of typhoid fever and they concluded to have the marriage at once. It had been set for November 21. It was on account of Dr. Mebane's illness that the marriage was entirely quiet and private. Dr. B. W. Mebane, father of the groom, performed the ceremony. It is hoped that the disease will soon be arrested and that young Dr. Mebane will be restored to his large practice.

Harvie Jordan's Estimate Of Bales Of Cotton Killed By Frost.

Atlanta, Ga., Oct. 11.—A killing frost accompanied by freezing temperature occurred in Atlanta and throughout north Georgia Wednesday night, and the indications are that similar conditions will prevail again to-night. President Harvie Jordan, of the Southern Cotton Association, estimates that between 40,000 and 50,000 bales of cotton were killed in Georgia alone. Freezing temperature extends as far south as Monticello, Ga., and light frost is reported from Thomasville.

HOW'S THIS?

Chew What You Know About and Know What You Are Chewing

There is real pleasure in chewing the best tobacco grown—where the best tobacco grows—in the famous Piedmont Country.

Only choice selections of this well-matured and thoroughly cured tobacco is used in making SCHNAPPS. That's why SCHNAPPS and others of the Reynold's brands, as shown by the Internal Revenue statistics for a fiscal year, made the wonderful growth of six and one-quarter million pounds, or a net gain of one-third of the entire increased consumption of chewing and smoking tobaccos in the United States.

Evidently, chewers cannot resist the flavor and they cheer SCHNAPPS because SCHNAPPS cheers them more than any other chewing tobacco, and every man that chews SCHNAPPS passes the good thing along—one chewer makes other chewers—until the fact is now established that there are many more

chewers and pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold than there are in the States where SCHNAPPS has not yet been offered to the trade.

SCHNAPPS is like a cup of fine Java coffee, sweetened just enough to bring out its natural, stimulating qualities. SCHNAPPS pleases all classes of chewers: the rich, because they do not find a chew that really pleases them better at any price; the poor, because it is more economical than the large 10c. or 15c. plugs and they get their money's worth of the real snappy, stimulating flavor so appreciated by tobacco lovers. All imitations contain much more sweetening than SCHNAPPS. They are made that way to hide poor tobacco improperly cured.

For the man who chews tobacco for tobacco's sake, there is no chew like SCHNAPPS.

Sold at 50c. per pound in 5c. Cuts. Strictly 10c. and 15c. Plugs
