NEW STOKES ENTERPRISES.

Coal Mines To Be Developed and Brick Yard To Start At Walnut Cove—Terra Cotta Works At Pine Hall—New Mill For Danbury.

Old Stokes is coming along. The new year starts with several new enterprises in various sections of the county.

Mr. Cabill Hairston, the owner and promoter of the coal mining industry on Town Fork creek, near Walnut Cove, tells us that these valuable mines will be developed as quickly as machinery can be placed in position, a strong company having been formed with mean business. Mr. Hairston says he has used the Town Fork coal in his home all the winter and that it is of a fine quality.

A new brick yard, which will employ a large force of hands, is being laid out near Walnut Cove. The clay at this yard is said to be of excellent quality.

Another new and much needed industry for Walnut Cove is a wholesale brokerage and commission house, which has just been organized by the firm of Watkins & East. These gentlemen are rustlers, and will doubtless build up a fine business, as Walnut Cove is an ideal distributing point for the merchants of Stokes county.

The terra cotta works recently established at Pine Hall is said to be doing a good business and will mean much to our county. The company will manufacture drain pipes, tiling, etc.

The new mill for Danbury will, we learn, materialize at an early date.

CLOSE OF FIRST YEAR'S WORK.

Meeting Of the Stockholders and Directors Of the Bank Of Stokes County.

The stockholders and directors of the Bank of Stokes County held their annual meeting in the office of the Bank of Mount Airy on the evening of the 14th inst. The old officers of the Bank were re-elected as follows: Jesse H. Pather, President; W. J. Byerly, Vice-President; N. E. Pepper, Cashier at Danbury office; and R. R. Rogers, Cashier at Walnut Cove office.

The accounts of the bank were gone over and found correct and approved.

The Bank's finances were found in a fine condition, deposits are steadily increasing, and the confidence of the people in the institution is daily growing.

The stockholders are well pleased with the first year's business, and wish to extend thanks to the patrons of the Bank for their liberal patronage, and to invite all those who have not yet given the Bank their account, to patronize a home institution that is safe, conservative, careful, and which desires to be a help and benefit to the people of Stokes county.
