Death of Mrs. C. D. Smith, of Watkinsville.

Campbell Route 1, March 8.—On Friday morning the death angel entered the home of Mr. C. D. Smith, of Watkinsville, and took therefrom the beloved wife and mother, Mrs. Lillie Bertie Smith, aged 27 years, 5 months and 26 days. She had been a great sufferer from consumption and heart disease and her death was not unexpected. She left four small daughters, the eldest not yet 8 years old, one sister Mrs. James Barker, of Stoneville, two brothers, Watt and Jeter Craig, and a host of friends and relatives to mourn and sympathize with the bereaved husband and his aged mother, on whom the blow falls heaviest. The burial services were conducted by brother R. L. Wall at Oak Ridge Baptist Church of which she was a beloved and consistent member, after which her remains were laid to rest in the church cemetery in the presence of a large crowd of friends and relatives.

May God comfort the bereaved husband in this sore trial, and may He who cares for even the sparrows, watch over and protect the orphan children. While we weep not as those who have no hope, let us all resolve by the help of Him who doeth all things well, to so live that we may some sweet day, meet our loved one in that land where God shall wipe all tears away for the land is the light thereof.

Call not back the dear departed, Anchored safe where storms are o'er, On the border land we left her, Soon to meet and part no more.

Far beyond this world of changes, Far beyond this world of care, We shall find our missing loved one In our Father's mansion fair.

Jesus while our hearts are bleeding O'er the spoils that death has won, We would at this solemn meeting Calmly say "thy will be done."

Though cast down we're not forsaken, Though afflicted not alone, Thou hast given, thou hast taken, Blessed Lord, "thy will be done,"

ONE WHO LOVED HER.

DEAFNESS CANNOT BE CURED

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

DILLARD.

Dillard, March 12.

Mr. Editor Will give a few dots from Dillard as I have not seen anything in the Reporter from this section lately.

People are now very anxious to get out to work making preparations for their crops, but the weather is so changeable that they have not been able to put in very satisfactory time yet, but they make the cross-ties get.

Mr. J. Wilson Mitchell has about closed a deal for a lot of nice timber of Mr. Jno. Williams, of Pine Hall.

Our public school is still going on nicely. The school, I think, is conceded by the public to be one of the most successful sessions taught at this place for quite a while, a great deal of this is due to the fact that we have two teachers this winter whereas before one teacher had to battle along with the work as best they could. Further I would say that our teachers, Misses Addie and Pattie Goolsby, are not only making themselves popular as teachers but the people recognize them as ladies of high social standing, the gentlemen of our vicinity especially, and more especially "bachelors."

The health of the people is being considerably troubled with cold, some few cases of pneumonia have developed lately, but nothing very serious that I have learned.

Mrs. Minerva Mitchell has been quite sick for several days but we learned was worse this A. M. We hope she may recover soon.

Prof. A. J. Essex has decided to take a rest for a while from his musical work and is now with Mitchell Bros. of this place conducting their mercantile business where he hopes to be able to serve his friends and make many new ones on fair business principles.

One of the best acts of the Legislature was the increase in the allowance to the Old Confederate soldiers. The appropriation was raised from \$275,000 to \$400,000. This will give the pensioners about a third more than they have been receiving.

Calls Upon All Christian Workers To Get to Work in the Sunday Schools.

Pine Hall, March 11.

To the Sunday School workers of Beaver Island Township:

The season for activity in the Sunday School work is upon us and we want to call on all Christian workers to go into the work with renewed energy, and let us do such work as we never have done before. The harvest is truly great and we have everywhere an urgent demand for earnest workers in the Sunday School. We earnestly request every school that went into winter quarters to reorganize at once and get to work, and let those that have lived through the winter to double their energies and let us do the very best year's work of our lives. We hope to hear of good work being done in every place in the township. Let each secretary make out his or her record, the number of children on roll, next Sunday, then at the Township Convention let us see who has made the largest gains. Every teacher and officer see that everybody, rich and poor alike are especially invited to the Sunday School.

We are glad of the fact that there is no denominationalism in our township association, that we are all as one in this great work, and all of every creed can join hands in this great work and feel that he is at home in any school they may attend. We want to see every school in the township strive to see who will show the best record of work done this summer. Let the motto be "our school shall be the best."

We would be glad to confer with any one on any matter regarding the Sunday School interest in the township. All suggestions by any Sunday School worker will be properly considered, and all communications answered. We shall expect reports of large gains at our convention next summer.

J. C. FLINN, Chairman.

This man bought a supply of tobacco without acquainting himself with the distinctive taste of SCHNAPPS Tobacco, which has the cheering qualities that gratify his desire to chew, and at less expense than cheap tobacco.

SCHNAPPS has been advertised in this paper so that every chewer has had an opportunity to get acquainted with the facts and know that drugs are not used to produce the cheering quality found in the famous Piedmont country flue-cured tobaccos, and that SCHNAPPS is what he ought to chew. Still there are chewers who accept other and cheaper tobaccos that do not give the same pleasure.

Some day they'll get a taste of the real Schnapps—they'll realize what enjoyment they've missed by not getting SCHNAPPS long ago—then they'll feel like kicking themselves.

SCHNAPPS is sold everywhere in 5 cent cuts, and 10 and 15 cent plugs. Be sure you get the genuine.
