

SOME FRANCISCO NEWS.

A New Saw Mill For Brown Mt.—Farmers to Plant Big Tobacco Crops—Other News.

Francisco, April 8.—Rev. R. W. George will put in a new saw mill in Brown Mountain soon. A mill is much needed in that country.

Mr. Elijah Beasley will finish his new store house and put in a stock of goods this spring.

Mumps and whooping-cough are raging in this vicinity.

Much to the disappointment of the people of this section on the last two Sundays it was raining and there was no preaching at Big Creek. There was to have been preaching there both Sundays.

Mrs. Dr. S. A. Moir, who has been sick some time, does not improve much.

Mrs. T. C. Hill is very sick with consumption. Mrs. Ab. George is also ill with the same disease.

Dr. S. A. Moir has purchased a fine saddle horse.

The farmers are preparing for a large crop of tobacco in this section, but the flies are destroying lots of tobacco plants.

Wheat is looking well.

People in this section have sown more grass seed this spring than usual.

Sunday School Organized At Union Hill.

Germantown Route 1, April 1.—We organized a Sunday School at Union Hill M. E. church the first Sunday in April. If nothing prevents we expect to have another good school and we trust we will have a good attendance.

Now people come to Sunday School. I'm sure you will never regret going out to the school every Sunday, you will never lose anything by it, but go hoping to receive something that will do you good here and in the world to come. Now parents if you can, come out to the school and bring your children with you, train up your children in the way you would have them to go, and when they get old they will not depart from it.

We have always had a glorious Sunday School at Union Hill, and we hope to have better this time than ever before, and we will be glad if everybody will come out, old and young. People never get too old to go to Sunday School. Now dear people come out and let's join together and all take a part and have a good school which may be long remembered. Sunday School is something we should not neglect. It is one of the greatest places on earth to spend the sabbath "for we should remember the sabbath to keep it holy."

The Reidsville Review Wants the Farmers to Build a Warehouse in Rockingham.

There is one policy to which the Farmers' Protective Association of this county is committed that promises more than anything else its abundant success in the matter of securing a fair price for tobacco—that of building steam prizeries, this plant is yet in its infancy, but it has already reached the point of demonstrating its value in making effective the holding movement. One of these warehouses has been in operation in Danville for about a year and it will make an interesting report at an early date. Iron-clad agreements were entered into between the farmers in that community to place their tobacco on storage and not offer it on the market until a price is reached that meets with the approval of the State branch of the Farmers' Association. Their warehouse is owned wholly by the members of the association, is bonded, and thus the receipts for tobacco become negotiable paper upon which the holder may secure about one-half the market value of the weed at the time it is stored, and the balance when sold.

It is said that the farmers who have tobacco in the Danville warehouse will average \$15 per hundred for their last crop, while those who sold in the old way received \$10 per hundred pounds.

It is claimed by members of the association that the plan is sure, ultimately, to give them a power which will place in the hands of the producer the absolute control of his product, and more than that, it will mean before long the introduction of a system of direct trade between the producer and the manufacturer, whereby the profits that have heretofore gone to the middle man will go where they belong—to the makers of the crop.

They say that if intelligently carried out this plan will afford almost immediate results, and as to the future it is pregnant with the farmer's emancipation from every sort of financial bondage with which he is now oppressed.—Reidsville Review.

ASSESSORS AND LIST-TAKERS.

The Duty of These Important Officials As Laid Down in the Code Of North Carolina.

As tax-listing and assessing time will soon be here, in order that the duties of the respective boards in each township of Stokes county may be thoroughly understood by the officials themselves as well as by the public, the Reporter prints the law in full as laid down in the Code of North Carolina:

The board of commissioners of each county shall at their session held in the month of April, one thousand nine hundred and seven, and every fourth year thereafter, appoint three discreet freeholders in each township, each of whom shall have been a resident and a freeholder in said township for not less than twelve months, who shall be known as the board of list-takers and assessors, and who shall list and assess the real and personal property in said township for taxation. The board of list-takers and assessors shall ascertain the true value in money of all personal property and every tract or parcel of land or other real estate, with the improvements thereon, and assess the same in accordance with said valuation. Said board of list-takers and assessors shall meet at some place in their respective townships on or before the first Monday in May and elect one of their members chairman and one of their members secretary. The person elected secretary of the board shall be list-taker and shall receive the lists of all persons subject to taxation. He shall perform all the clerical work required of the board of list-takers and assessors. The board is hereby authorized and empowered to administer oaths in all cases necessary to obtain full and correct information concerning any taxable real and personal property in their respective townships so as to secure a proper assessment of said property. The assessment, when made, shall be in force for four years, or until altered as provided by this chapter by reason of structure improved, erected or destroyed.

Marriage Licenses.

Register of Deeds Jones has issued licenses the past week for the marriage of the following couples:

- Sterling James to Carrie Lee Rothrock.
- Cladie C. Bowles to Pearlle M. Sizemore.
- Jno. W. Gibson to Mary Lee Coffey.

Mr. J. F. Palmer, one of the progressive farmers and good citizens of Francisco, paid the Reporter a pleasant visit yesterday. Mr. Palmer reports bugs damaging tobacco plants in his section considerably. He says the cool weather is giving them good appetites to eat.

Notice!

DEATH OF JULIA BOYLES.

Pinnacle, April 5.

Mr. Editor:

I want to relate to you the death and burial of Julia Boyles, who died March 27, 1907. She suffered severely for a few days only previous to her death. She was born May 4, 1840, and lived to be 66 years, 10 months and 23 days. She has been a consistent member of Volunteer Primitive Baptist Church for about 38 years. She was very consecrated to her church meetings, and would always attend when weather and health would permit. The funeral and burial services were held at her home—the home of her brother, D. F. Boyles, Thursday, March 28, by Elders Gabriel Denny, W. M. Stone and H. D. Mickey.

Aunt Julia leaves two brothers Messrs. C. C. and D. F. Boyles and two sisters, Mrs. T. M. Lawson and Mrs. J. A. Gordon, and a host of kindred and friends to mourn their loss; but our loss, we hope, will be her eternal gain.

Aunt Julia has been almost as a mother to me, as she nursed me when I was a child, and always seemed to care for me and would do anything for me that was in her power. It was very sad news to me when I received a message (I being off in school) from home stating that she was dead. I can only speak for myself and say that I will miss her very much, but hope to meet her in the great beyond where farewell tears are never shed and friends never say goodbye.

A very serious accident occurred near Pinnacle on Friday night, March 22, when little Ray Pratt, the 11-year-old son of Mr. and Mrs. Sam Pratt, was burned to death while pouring kerosene oil on the fire in order to make a light. The oil can exploded, and when the mother reached the scene her little boy was about wrapped in flames. The child's

clothing was about burned from him and the flesh was burned till a portion of it fell from the bones. The little boy lived until Saturday evening and was conscious until within a few hours of his death. The funeral services were conducted at Volunteer on Sunday by Elders W. M. Stone and H. D. Mickey. The burial was witnessed by a very large crowd; and I have heard several people say that it was the saddest burial they ever witnessed.

I think this should be warning to all of us not to use kerosene about the fire.

Rev. R. W. George Loses \$400.00

It is learned that a man named Inman, who was in partnership with Rev. R. W. George in the sawmill business in Brown Mt., has left, and that Rev. Mr. George is out about \$400.00 by his partner's leaving.

A man has to be very careful with his money these days, it seems, if he doesn't want to lose.

This man bought a supply of tobacco without acquainting himself with the distinctive taste of SCHNAPPS Tobacco, which has the cheering qualities that gratify his desire to chew, and at less expense than cheap tobacco.

SCHNAPPS has been advertised in this paper so that every chewer has had an opportunity to get acquainted with the facts and know that drugs are not used to produce the cheering quality found in the famous Piedmont country flue-cured tobaccos, and that SCHNAPPS is what he ought to chew. Still there are chewers who accept other and cheaper tobaccos that do not give the same pleasure.

Some day they'll get a taste of the real Schnapps—they'll realize what enjoyment they've missed by not getting SCHNAPPS long ago—then they'll feel like kicking themselves.

SCHNAPPS is sold everywhere in 5 cent cuts, and 10 and 15 cent plugs. Be sure you get the genuine.

Consumption is less deadly than it used to be. Certain relief and usually complete recovery will result from the following treatment: Hope, rest, fresh air, and—*Scott's Emulsion*. ALL DRUGGISTS; 50c. AND \$1.00.
