MOUNT AIRY NOTES.

Mr. J. R. Lewellyn Critically Ill—Mr. H. C. Ashcraft To Build Nice Residence—Other Items.

The latest news from Dobson is that Mr. J. R. Lewellyn, whose illness was reported last week, is critically ill. The trouble is all with his foot. Years ago he had what was called a white swelling, and some weeks ago the same place began to trouble him and gradually grew worse until he was forced to take his bed. The trouble has refused to yield to treatment and now it is the opinion of his physicians that it will be weeks before he recovers.

A party of about thirty young people and children chaperoned by Mr. and Mrs. Miles Reese, from Friends Mission, Va., drove to Flat Rock Tuesday, where they spread their dinner in true picnic style. After dinner the party spent a short while in this city, ere they turned their faces homeward.

Mr. James Haynes, of White Plains, is in feeble health. Old age and a general decline in health is his only trouble. He will be 87 years old in a few days. Surry has no better citizen, and his many friends will regret to hear of his feeble health.

Mr. H. C. Ashcraft has let the contract to Mr. Thos. Roberts for a new residence on Rockford Street. The building will have about eight rooms, with all modern improvements, and will not cost less than \$3,000.

One of the most fashionable events of Winston society was an elegant reception given last week by Mrs. R. J. Reynolds to announce the marriage of her sister, Miss Maxie Smith, of this city, to Mr. Jas. Dunn, of Winston. Miss Maxie is a daughter of Mr. Z. T. Smith, a prominent capitalist of this city, and Mr. Dunn is a rising young business man of Winston.

Mr. E. C. Cornell, a well known citizen of this place, is in a critical condition. His health is badly broken and his mind gone. Recently he has been at Kibler, Va., where he was employed as a lumber inspector.—Mt. Airy News.

TOBACCOVILLE ROUTE 2.

Tobaccoville Route 2, May 13—Farmers are very busy preparing for another tobacco crop, but tobacco plants are very scarce with some in this section, while some have a right smart of plants.

Wheat is looking fine and it is heading out right along. Fruit is killed in this section. Hoping for a good berry crop.

Mr. Sid Pulliam, of King, has two right sick babies.

The examinations for these certificates will be prepared by a board of examiners, of which the State Superintendent is chairman ex-officio; the papers will be graded and the certificates issued by this board.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
