WILL YOU JOIN US IN MAKING A FORTUNE?

Nothing so surely offers as large returns as a good manufacturing stock. Probably you do not realize how many people that are enjoying a regular income as the result from investing in manufacturing stocks. There are thousands of them and they are largely those who bought their stock when the opportunity was first offered. To secure shares at a low price before the Company had been fully developed. Stocks of many manufacturing companies have advanced from a few dollars a share to prices ranging from \$100.00 to \$5,000.00 a share in value and besides have paid back to the investors in dividends many times what they first invested. Many of the Companies are paying from 50 to 100 per cent. in dividends on the first price for stock. To grasp this opportunity purchase stock in the Empire Machine Company at \$25.00 a share. This Company is in the hands of men whose ability and integrity cannot be questioned, and these men pledge themselves to see that each and every investor in the enterprise receives an equal division of the profits.

CONCRETE.

Concrete has long been recognized as the building material of the future; its development as such is becoming a necessity. That some new material is needed is proved by the diminishing supply of wood, which is estimated will all be cut in 20 years.

Wooden buildings have practically a short life of usefulness and buildings of brick, although, they have a longer life, are subject to weather conditions and will eventually disintegrate. Concrete, on the contrary, when subject to the same conditions becomes stronger as time goes on.

The Empire Machine Company has just been organized as manufacturer's of Concrete Block Machines, Concrete Brick Machines, Concrete Mixers, Concrete Fence Post Machines, Concrete Sidewalk Machines, etc.

This Company has been incorporated with a capital stock of \$250,000.00, divided into shares of par value \$100.00 a share, temporary price \$25.00 a share.

Our Machines are fully protected by United States and Foreign Patents. There is over 300 per cent. profit in their manufacture. The demand for Concrete Machinery is rapidly increasing, consequently, this corporation should be able to pay the enormous dividends of 50 or even 100 per cent. a year in the near future. Dividends will be declared semi-annually.

LIBERAL PAYMENT PLAN.

\$5.00 down and \$5.00 per month for 9 months buys 2 shares.
\$15.00 down and \$10.00 per month for 11 months buys 5 shares.
\$25.00 down and \$25.00 per month for 9 months buys 10 shares.
\$50.00 down and \$50.00 per month for 9 months buys 20 shares.
\$150.00 down and \$100.00 per month for 11 months buys 50 shares.

MONEY IN EGGS.

Buncombe County Woman Demonstrates—the Value of the Industry.

Asheville, June 12.—If the showing made by Mrs. Brant, of West Asheville, in producing eggs for market and profit is a fair index to this industry as a money maker it would appear that the thrifty farmer of this section might profitably convert some of his broad acres into a henery. Mrs. Brant, by zealous care and a thorough knowledge of the subject had made her "hen industry" in West Asheville return handsome profit on the investment. She was in Asheville this week and in speaking of her egg-producing fowls made some rather remarkable disclosures. Mrs. Brant has 200 white Leghorn hens and these fowls during March, April and May, produced 11,604 eggs or 967 dozen. Owing to the quality and size of the eggs the product was easily disposed of at the highest market price. In fact the eggs brought an average for the three months of 25 cents per dozen, or a total of more than \$240 for one quarter of the year. At this rate the hens would yield an annual revenue of nearly \$1,000 or an average revenue from each fowl of about \$5.

Obituary.

High Point, June 13.—On May 15th the death angel entered the home of Mr. and Mrs. Robert Joyce, of Kernersville Route 1, and took from them their precious little son, Gilbert. Gilbert was a loving child, and was liked by all who knew him. He seemed to bear his sickness with patience. All was done for him that loving hands could do, but nothing can stop the icy hand of death. He was laid to rest at Sage Garden in the presence of a large crowd of relatives and friends to await the resurrection. He was 2 years, 2 months and 3 days old. He leaves a father, mother and two little brothers.
