DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75¢. Take Hall's Family Pills for constipation.

THE TOBACCO CROP IS GOOD.

Almost As Many Pounds As Ever Will Be Made—Mr. Taylor's Crop Fine.

Reports from almost every section of Stokes are that the tobacco crop so far is good, and that notwithstanding the scarcity of plants some time back, there is about as much planted out as usual. Many farmers resowed their plant beds which the bugs had destroyed while others borrowed plants from their neighbors who had them to spare, and in this way they are going to make about as many pounds as ever if the seasons continue favorable. Mr. J. Spot Taylor has probably the best crop of tobacco so far that has ever grown on his big farm just east of town.

A Bear Loose In Stokes.

News reached Danbury a day or two since to the effect that a large brown bear, weighing perhaps 800 pounds, had been seen in the Lawsonville and Brown Mountain sections, and that a party of about 25 men had chased it a considerable distance, losing track of it in the hilly section just above Vale Mecum Springs. The report has it that the bear belongs to a circus show, from which it escaped at some place in Virginia, and, it is said, crossed the State line and came over into Stokes near Colesville, ten or twelve miles north of Danbury, and from there made its way on down into the sections mentioned.

R. M. Phillips In His Element Again.

The Reporter is glad to welcome back to the ranks Mr. R. M. Phillips, who has just begun the publication of the Newbern Daily Sun. The Sun is a fine paper, and we are sure it will succeed. It is built along the right lines to succeed. Mr. Phillips is one of the clearest visioned, deepest thinkers and most fearless sayers the State press has had, and he has been missed the past two years. Long may the Sun gleam.
