## WALNUT COVE NOTES

More About The Cotton Mill-Cashier Rogers Off On a Vacation--Capt. R. L. Murphy's Alfalfa.

Walnut Cove, Aug. 13.—Walnut Cove is enthusiastic over the prospect for a cotton mill. Indeed the outlook is bright. Your correspondent hopes to give you soon the tangible results of the negotiations now in progress, which it is hoped will result in placing this town in the forefront of the progressive towns of Piedmont North Carolina, where she belongs.

Capt. R. L. Murphy has on exhibition at his store a beautiful bunch of alfalfa, which is of the third cutting this year. Capt. Murphy believes alfalfa a great thing for this country, if our people will learn to raise it, which is attended with some difficulty. It is highly palatable and nutritious for stock, cattle and hogs.

Mr. R. R. Rogers, the efficient cashier of the Walnut Cove Bank, is taking a much needed rest and recreation at his old home at Marshall with his parents. He expects to be gone 10 days or two weeks, and will visit Jamestown before returning. His place in the bank here is being filled by Mr. N. E. Pepper, of Danbury.

The Winston gentlemen asked Mr. Martin not to say anything about the matter but he thought it too good to keep.

### Does Not Color Hair

Ayer's Hair Vigor, as now made from our new improved formula, does not stain or color the hair even to the slightest degree. Gray hair, white hair, blonde hair is not made a shade darker. But it certainly does stop falling hair. No question about that.

*Does not change the color of the hair.*

Formula with each bottle  
Show it to your doctor  
Ask him about it, then do as he says

## Ayer's

Indeed, we believe it will stop every case of falling hair unless there is some very unusual complication, something greatly affecting the general health. Then you should consult your physician. Also ask him about the new Ayer's Hair Vigor.

## Heat on Tobacco Improves it Like Roasting

### Improves Green Coffee. Heat Develops the Stimulating Aroma and Taste found in Schnapps Tobacco and Coffee

Three ways are used by farmers for curing and preparing their tobacco for the market; namely sun cured, air cured and flue cured. The old and cheap way is called air cured; the later discovery and improved way is called flue cured.

In flue curing the tobacco is taken from the fields and raked in barns especially built to retain heat and there subjected to a continuous high temperature, produced by the direct heat of flame heated flues, which brings out in the tobacco that stimulating taste and aroma that expert roasting develops in green coffee. These similar processes give to both tobacco and coffee the cheering and stimulating quality that popularizes their use.

The quality of tobacco depends much on the curing process and the kind of soil that produces it, as expert tests prove that this flue cured

tobacco, grown in the famous Piedmont region, requires and takes less sweetening than tobacco grown in any other section of the United States and has a wholesome, stimulating, juicy, full tobacco taste that satisfies tobacco hunger. That's why chewers prefer Schnapps, because Schnapps cheers more than any other chewing tobacco, and that's why chewers of Schnapps pass the good thing along—one chewer makes other chewers, until the fact is established that there are more chewers and more pounds of tobacco chewed to the population in states where Schnapps tobacco is sold than there are in those states where Schnapps has not yet been offered to the trade.

A 10c. plug of Schnapps is more economical than a much larger 10c. plug of cheap tobacco. Sold at 50c. per pound in 5c. cuts. Strictly 10 and 15 cent plugs.

### KEEP YOUR BLOOD PURE.

No one can be happy, light-hearted and healthy with a body full of blood that cannot do its duty to every part because of its impurity; therefore, the first and most important work in hand is to purify the blood so that every organ will get the full benefit of a healthy circulation. There is no remedy we know of so good as that old family remedy, Brandreth's Pills. Each pill contains one grain of the solid extract of sarsaparilla blended with two grains of a combination of pure and mild vegetable products, making it a blood purifier unexcelled in character.
