with a man from a personal standpoint unless he gives you the value. We will not claim to sell you goods at cost, but we are going to mark them very close and are willing to risk your decision. Our expenses are going to be very light. We are going to do the majority of our own work. Our stock shall be kept clean and in good condition. We are not here to discuss our competitors or their goods. They are good friends to us. We are here to be one of the boys. We are here to sell our goods and run our business in the most economical way possible. We are here to give you our close attention, and we shall be pleased to have an opportunity to show you our entire line, and we feel sure that you will go out well pleased and will make your call duplicate. ### SPICY NEWS FROM RURAL HALL

Good Many Citizens Return From the Fair at Jamestown and Other Points North, Reporting Pleasant Time--Other Happenings Of Interest.

By the Reporter's Special Rural Hall Correspondent.

Rural Hall, Sept. 29. — The whirling of the leaves and the bare trees remind me that the time for Jack Frost is at hand.

Mrs. J. F. Miller, accompanied by her sister, Miss Lillian Lash, son and daughter have just returned from a very pleasant trip to the Jamestown Exposition. They stopped at Ocean View while there. They had lovely weather for their trip. It was not hot and everything went on nicely. They report a very nice time. This is a very nice trip to make. Anyone that wishes to go to the sea shore can make this trip and be in the Exposition grounds and see all the beautiful things there and then see the beautiful ships and go out on the ocean. A very pleasant trip for all.

The school at Rural Hall Academy is still increasing in number. Three young men entered Monday. Young men, that's the thing to do! Go to school! You can never attain to the highest without an education that you would be capable of doing with it. During the absence of the assistant teacher, Miss Lillian Miller, Mrs. Joe Styers is filling the vacancy.

Bro. J. C. Keever is enjoying a week's visit to the Jamestown fair.

their trip. They spent last Sunday in New York. They attended one of the Christian churches, and heard a man tell his experience, who had returned from an eight year's stay in Africa as a missionary. He told a great many of his experiences with the natives of Africa. We would take a great deal more interest in our missionaries if we would just stop and think what it means to be a missionary in some of those heathen nations. What our people suffer whom we send to teach those nations the way to God.

The proprietor of Moore's Springs, Mr. W. G. Moore, wife and little daughter passed through town on their way to Winston-Salem the other day.

Mr. and Mrs. Oscar G. Wolfe have been in town for several days.

Rapert Helsabeck left one day last week for Fincastle, Va., to go to school.

Mr. J. A. Wolfe left for Georgia the past week to resume his work as traveling salesman for a shoe firm. During his visit home his wife presented him with a beautiful girl baby.

Mr. and Mrs. J. H. Hardy's home was also blessed with a little girl baby the past week.

Mr. E. E. Shore, Cashier of the Commercial and Farmers' Bank, expects to have his beautiful home completed soon. We are always glad to see new buildings go up, for it means a great deal to a town to have good men come into them who expect to stay.

Mr. and Mrs. W. E. Stauber spent last Tuesday in Winston.

We hope soon to see a portrait of their little son, Elbert.

Deputy Marshal G. A. Carroll passed through town the other day. He is still after the moonshiners and we wish him good success and that he may find all the moonshiners in this part of the State.

Bro. J. W. Wolfe preached at the Christian church Sunday His subject was: Hopes, "a very interesting discourse."

Don't forget the meeting at the Christian church beginning October 2nd and continuing for several days. Bro. W. R. Cooley, of Virginia, will conduct the services. He is a man of good reputation, both for his Christian qualities and for his power in the pulpit. Come. Everybody welcomed.

"Aunt" Ame Shore and daughter, Miss Mary, spent last Thursday at the home of her son, E. B. Shore, of this town. Everybody (Continued on page 6).

STANDING THE TEST.

Many things bob up and some play out. When you buy an article it is a safe thing to do to be safe and always get what has been tried for years and not found wanting. Wheat bran is good for horses and cattle; but when you buy horse and cattle powders then you want something besides wheat bran. The kind of horse, cattle and poultry powders that have been used a long time and is holding its own is what you want when your hogs do not eat well, if your cow don't give much milk, or if your hens don't lay, go at once to Miller-Wolff Co. in Rural Hall and get Barker's Horse, Cattle & Poultry powders, Cook Books, Poultry Books, and fancy Picture Books to give away. Barker's Nerve and Bone Liniment is a good thing to have in case of an accident. Always keep these remedies on hand. Miller-Wolff Co. at Rural Hall will be glad to serve you in any way they can by furnishing good goods at low prices.
