### ANTHONY PAYNE DANGEROUSLY HURT Was Painting, When He Lost His Footing and Fell---Revival in Progress at Ru- ral Hall---Farmers Ready for Jack Frost---Other Items From Rural Hall.

By the Reporter's Special Rural Hall Correspondent.  
Rural Hall, Oct. 5.—Again it is our pleasure to give a little news from the busy little town of Rural Hall.

A show came in town last Wednesday and was going to show but our people informed them a meeting began that night in town, and that there was no use trying to have any show that night. So they did not unload any of their tents or baggage but simply went on to their next appointment. Some two or three weeks ago the same thing happened with the exception of the first one trying to have theirs any way. We are glad to see our people so thoughtful. We are always glad to welcome anything that is for the betterment of our little town but when it comes to something that would do us no good and take a great deal of our peoples' hard-earned money and not benefit them in any respect, we are glad to see such things defeated.

Bro. Cooley began the meeting at the Christian church on last Wednesday evening. We had a good audience. Bro. Cooley is a good able minister and is interested in soul-saving. We will give the Sunday programme at another place. Good audience every night so far.

Mr. J. S. Cook, of Pilot Mt., has been in town attending the meeting. We are always glad to welcome good people to our town. Come again, Mr. Cook.

Mr. Chas. R. Helsabeck, who has been with Mr. F. M. Firebaugh, near Roanoke, Va., for the past two and one-half months, returned to his home last Friday.

We are beginning to see a great many mountain wagons pass through town laden with cabbage and apples. We also notice car loads of apples and cabbage being shipped to northern markets. The farmers are getting much better prices for their products than ever before. They have been working long enough for a small price. Let them come to the front and encourage some others to stay on the farm. The most successful business men in our cities come from the farm.

The crops are all about saved and farmers are ready for Jack Frost to pay them a visit. We have had a most delightful fall to gather the crops and cure the tobacco. The tobacco crop is the best this time it has been in years, and not only tobacco but corn as well.

Mr. Anthony Payne while painting his house roof in some way

caused the ladder to be loosed from the top and he was thrown on the porch roof below. Mrs. Payne hearing the noise of the fall and her husband groaning ran up the stairway and going out of the window, saw her husband lying with almost a broken back and his face covered with blood. Some men that were at work on a dwelling near by carried Mr. Payne to his room. The doctor was summoned and on arriving found Mr. Payne in a very bad condition, though we hope not serious.

Mrs. Claud Kiser has been visiting friends and relatives in this town, and also attending the meeting at the Christian church.

Mr. Hancock, of Double Crook Congregation in Surry county, spent Saturday night, Sunday and Sunday night in Rural Hall attending the meeting at the Christian church.

#### PROGRAM OF CHRISTIAN CHURCH, SUNDAY, OCTOBER 6TH.

Sunday School opened at ten o'clock, song service, reading and prayer. Then came the lesson and after the lesson came one of the most interesting parts of the school, the birthday offering. All members of the school that have birthdays between one Sunday and next have the offering, giving one penny for every year they are old. Today the offering was called for and the following responded: E. A. Helsabeck, Mrs. E. A. Helsabeck, Percie Smith, Velna Vest, Zelna Vest, Pearl Wall, Mr. J. F. Miller and one offering sent by Mrs. C. F. Kiser, who could not be present. As one stands up and drops off his or her years in

pennies and all present counting them and realizing that another year is past, it is very touching, and to stop and reflect back over the past year and see what you have done for the betterment of humanity. As the sun goes down to every evening you are one day nearer death. Now is the time for you to lend all your influence for the right and your God. After Sunday School Brother Cooley preached an excellent sermon on union. This was a very interesting discourse. Then came the Lord's Supper, conducted by Bro. J. W. Wolf. As it was near the noon hour all were dismissed until 7 p. m. when they met again, having a very interesting song service and another fine sermon by Bro. Cooley. Services continue during this week and until Sunday night. Come and lend a helping hand. God is giving each of us a chance to spread his gospel and teach others how to worship Him.

There are only twenty more days in which you can get the Danbury Reporter at \$1.00 a year. After Nov. 1st it will be strictly \$1.50 per year.

### IT PAYS YOU

Far better to deposit your money in a bank and let it earn 4 per cent. interest than to carry it or keep it at home and take chances on having it stolen or burned.

Did you ever think for a moment of the many advantages in depositing your money in your home bank? In the first place, you are trusting it in the hands of your friends and neighbors, second, your money is near at hand when you may need it, third, you are lending a helping hand to the upbuilding of your own community.

THINK IT OVER!  
COME LETS TALK IT OVER.
