Was Not Dr. Samuel.

Winston-Salem, N. C.,
March 19, 1909.

Editor Danbury Reporter:
I have recently had my attention called to the fact that a certain person has been traveling through your section representing himself to be an eye specialist with offices in Winston over 5 and 10 cent store. I wish to state that there is not any other eye specialist over the 10 cent store in the Tise building but myself, any other who represents himself to be such, is an impostor.

I wish you to give notice to the community and warn them against any such person.

Thanking you in advance, I remain

Very respectfully,
DR. R. M. SAMUEL.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address
