The many friends of Mrs. Chilton will learn with pleasure that she has already been very much benefitted by the fine climate of that section. She will probably remain there for several months. Mr. Chilton spent ten days with his wife in El Paso and was very much pleased with that country so far as climate goes.

It was the intention of Mr. and Mrs. Chilton when they left here to go to Silver City, New Mexico, which is about one hundred miles beyond El Paso, but they found after reaching the latter place that the climate there was all that could be desired and it was considered unnecessary to go farther.

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it as every cold weakens the lungs, lowers the vitality and paves the way for the more serious disease that so often follows. Chamberlain's Cough Remedy is famous for its cures, and is pleasant and safe to take. For sale by all druggists.

There is no better medicine made for colds than Chamberlain's Cough Remedy. It acts on nature's plan, aids expectoration, and restores the system to a healthy condition. For sale by all dealers.

## MR. LEWIS AT WORK

### FOR INTERURBAN ROAD

Visits Winston and Holds Conference With Mr. H. E. Fries—Advised To Confer With Citizens of Stokes.

Mr. Geo. Lewis, of German-ton Route 1, visited Winston-Salem last week and held a conference with Pres. H. E. Fries, of the Fries Manufacturing and Power Co., in regard to the project for an interurban electric line into Stokes. A recent issue of the Winston Sentinel has the following in regard to Mr. Lewis' visit:

Mr. George Lewis, of Meadows township, Stokes county, was in the city this week and while here held a conference with President H. E. Fries, of the Fries Manufacturing and Power Company, regarding a proposition to build an electric trolley line from Winston-Salem via German-ton, Flat Shoal, Danbury and other points north of the center of the county.

Mr. Lewis was advised by Mr. Fries to confer with the citizens of Stokes interested in the movement, adding that he knew the Board of Trade here would consider same, as he believed Winston-Salem was interested in any movement looking to her own and the advancement of the best interest of adjoining counties.

When seen this morning by a Sentinel representative, Mr. Fries stated that he was not in position to say what there is in the movement to build a line from here to Stokes county. He added that very few people realized the expense attached to such an undertaking. The proposed road would cost from twenty to thirty thousand dollars per mile.

The subject of building an interurban road into Stokes was taken up with some northern capitalists by Mr. Fries a few years ago, but they were not sufficiently interested to take hold of the proposition at that time.

## Bill Fulk Captured.

Bill Fulk was captured near W. P. Nelson's store, on Danbury Route 1, by Sheriff C. M. Jones on Friday night of last week and brought here and placed in jail. The charge against Fulk is disposing of mortgaged property and he will be given a hearing in the matter before a Justice of the Peace. A warrant was issued for Fulk more than a year since but he evaded the officers and went to Indiana and West Virginia and only recently returned to this county. The warrant against Fulk was sworn out by Mr. Jacob Falton, of Walnut Cove, to whom Fulk was indebted for goods furnished him some years since.

Rev. T. W. Mansfield, of Burlington, N. C., spent a day or two here visiting the past week and preached at the M. E. church Saturday night. Mr. Mansfield has many friends in the county who were glad to see him back, he having served this circuit of the M. E. church as pastor thirteen years ago. He is no longer a member of the M. E. church conference and does not have regular work, but travels a good part of the time and preaches.

Reverend Cornelius Miller was well known and greatly beloved by many of the people of this county, where he spent several years of his ministry. His work for the cause of the Master, as well as his efforts for the upbuilding of the Presbyterian church, will stand as an enduring monument to his memory in the county.
