

AN OPEN LETTER TO THE READERS OF THE DANBURY REPORTER:

From Dr. I. R. Meltzer, Optometrist.

Walnut Cove, N. C., May 20.

Dear friends:

A few weeks ago I announced that I would be in Walnut Cove for a few days, and that I would examine the eyes of all who came free of charge. As I was comparatively a stranger in this County I gave you names of six well known Doctors for reference as to my skill and ability; but since then I have treated and fitted with glasses some of the best known citizens of Stokes county, most of whom you know personally. Some cases were so bad that they had been given up by the best eye specialists as beyond help; but I am glad to say that in each case I was absolutely successful.

Now, I have decided to stay in Walnut Cove a few weeks longer, and if you suffer with headaches or have any eye trouble, don't miss the opportunity of a lifetime, but have your eyes examined free of charge by an Expert Optician.

I am a Graduate of Germany, hold license from the North Carolina State Board of Optometry and have had 17 years experience, so don't be discouraged, no matter how bad your eyes are, if help is possible I will help you.

Remember that you will be under no obligation to order Glasses unless you wish to do so.

Special Attention is paid to SCHOOL CHILDREN. I also straighten cross eyes WITHOUT OPERATION or PAIN.

Hoping that you will not neglect so great an opportunity to secure A FREE EXAMINATION, I am,

Yours respectfully,

Dr. I. R. Meltzer,

At Golden Rule Drug Store, Walnut Cove, N. C.

P. S.—If you can't come, write or phone me and I will call at your own home at your convenience.
