WALTER CLARK TO THE PEOPLE OF NORTH CAROLINA.

My Friends and Fellow Citizens: Your choice of your United States Senator will deeply affect your welfare. It ought not to be procured by agencies employed to control your votes.

The increase in the production of wealth has been marvelous, indeed nearly double that of ten years ago. National legislation, controlled by the Special Interests, has transferred the wealth created by you to a few so that there are now over one thousand men in this country who possess from ten million up to one thousand million each and 3 per cent of our population own more than the other 97 per cent.

Not only this but the same legislation has transferred the wealth created in the south, which has been retarded in its development by the discrimination, to the enrichment of other sections. The discrimination in freight rates against North Carolina amounts to \$12,000,000 annually. The tobacco tax takes from the farmers 8 cents on every pound they raise and deprives this State of \$7,000,000 a year, while twenty-five States pay no tobacco tax whatever. The war contribution of \$5,000,000 yearly for Federal pensions, almost none of which comes back to us, ought to cease now that it is nearly half a century since the war. The contribution by each State for pensions should be returned to that State to be distributed among its own citizens and their widows.

Neither of my competitors during the twelve years each of them served in Congress has done anything for the relief of the people of this State from the above annual \$22,000,000. Each of you pay your part of this tribute. Do you wish it stopped?

On 13 May, 1910, Mr. Simmons voted against a bill to prohibit freight discrimination and to send the matter back to the Interstate Commerce Commission which had theretofore done nothing for our relief, and which has done nothing since, and about the same time the tax on tobacco was raised from 6 to 8 cents a pound—an annual addition of \$2,000,000 yearly upon our tobacco raisers.

The tobacco tax maintains the existence of the Tobacco Trust by preventing farmers and others from manufacturing tobacco just as the Protective Tariff creates other Trusts.

In the Senate I shall stand firmly for the removal of the above and other burdens upon our people. The sharp contention between the friends of my two opponents render it inadvisable for the party to nominate either of them.

The great contest between the People and the Special Interests must be fought out in the U. S. Senate and there I can do fifty times as much for your good as in the position which I now hold by your good will.

25 October, 1912.

Your friend,
WALTER CLARK.

Resolution of Respect.

Whereas, the great and Supreme Ruler of the universe has in His infinite wisdom removed from among us one of our esteemed brothers and fellow laborers, brother S. L. Meadows, and

Whereas, the long and intimate relationship held with him in the faithful discharge of his duties in this society makes it fitting that we record our appreciation of him:

Therefore be it resolved, first, that the wisdom and ability of our deceased brother be recognized in the aid of our organization by sincere contribution and counsel will be held in grateful remembrance. Resolved, second, that the sudden removal of such a life from among our midst leaves a vacancy and a shadow that will be deeply realized by all members and friends of this organization, and will prove a severe loss to the community and the public. Resolved, third, that with deep sympathy with the bereaved relatives of the deceased, we express our hope that ever so great a loss to us all may be overruled for good by Him who doeth all things well. Resolved, fourth, that a copy of these resolutions be spread upon the minutes of this organization, a copy be published in the Danbury Reporter, and a copy be forwarded to the bereaved family.

This resolution adopted by King Local F. E. C. U. of A. in special session Oct. 26, 1912.

Committee on Resolution—

C. E. SNIDER
C. B. MOORE.

Mr. Carl Joyce was here today from Walnut Cove.

Dr. W. V. McCannless returned today from a visit of several days to Winston.

Mr. H. M. Joyce is out after some weeks confinement with an inflamed condition of the feet, which prevented his walking.

Messrs. Arthur Nelson and Hence Flinchum are circulating petitions asking the public to assist Eli Nelson, who lost his home by fire this week.

It is thought that there is less interest shown in politics by all classes of voters than for many elections in the past. The people are studying more about making a living than voting.

Mr. Will Overby was a visitor at the Reporter office today. Will had his crop almost destroyed by hail last summer, and but for that he would have had a pile of money, but that which he had left is bringing him a good price.

Talk about your sunny Italy, or your rose-lit scenery of southern France and the Alhambra country, we'll put a late October evening in the hill country of Stokes against it all. Just watch the effect one of these sunsets, with the golden shimmer of the dying day reflected on the colored woods. It is not exactly a light, but a strange weirdly beautiful glamour, some thing like that felt in a dream. The effect cannot be described. It must be seen, and being seen the beholder can never forget it.

Dr. and Mrs. C. L. Pridgen went to Prestonville today.

Miss Sadie Pringle, accompanied by Mr. Frank Tilley, both of Campbell, passed through Saturday enroute to the lower part of the county, near Walnut Cove, where Miss Pringle will teach this term.

The Reporter expects to give its correspondents a reunion next summer, which will be told of in full in a later issue of the paper. We have some of the brightest young women and young men of the county on our staff of correspondents, and their work is not only greatly appreciated by the editors of the Reporter, but it is a pleasure to our thousands of readers.

Mr. Geo. W. Smith, of King Route 2, was in Danbury today attending to some business.

This has been so far an exceptionally mild autumn. The weather is just magnificent, and tomorrow is the first day of November.

Mr. T. J. Hutchens, of Spray, was here yesterday shaking hands with his many friends. He is engaged in the insurance business.

An effort is being made to have Gov. Kitchin pardon Jim Smith, who is serving a sentence on the Rockingham roads for illegal conduct, which case was tried at last spring term of court.
