Germanton Route 2, Dec. 2.—Mr. and Mrs. Thomas Crumpler gave an entertainment on the night of the 28th in honor of the nurses at Twin City Hospital and their friends. Some over 20 came out from Winston on a truck with Mrs. Irene Templeman as chaperone. The girls were Misses Susie Blalock, Iris Crumpler, Savannah Jessup, Adelaide and Net Dalton, Posy Brock, Farrow and Oliver.

Among the boys were Bennie Jessup, John and Lee Frans, Troy Williams, Blaine Newsom, Edd Johnson, Lee McGee, Dave Dalton, William, Jack and Earl Marshall. Several other boys; we failed to learn their names.

The nurses left the hospital at 7 p. m., wired ahead to expect them at 8 o'clock, but failed to show up until 10 o'clock.

In the first place, they took the wrong road and went several miles out of the way, next when they struck the Old Muddy Creek hill they stalled, after making trials to climb the hill and failed. The chauffeur got out, put the chains on the wheels, but she would not go. He then yelled out, "Everybody get out and push."

Mr. Miller, the driver, said the only thing he saw to be thankful for was Thanksgiving only come once a year.

All the men folks in the neighborhood went hunting Thanksgiving, being such a nice snow they almost thought it was Xmas.

## MORE PROGRESSIVE

People of Stokes Learning More and More the Benefits of Banking.

## TIMES ALWAYS GOOD

When the Bank Is Used For Savings Instead of Tin Cans, Bed Ticks and Holes in the Ground.

If everybody would put their money in a bank, times would always be good. Money in the bank means money in circulation, and money in circulation insures the progress of business in all its lines, and prosperity. The people are more and more learning that a good bank is the place to keep money, and that old tin cans, bed ticks, and holes in the ground pay no interest, while they keep your savings at a great risk from fire, rats, thieves, and other dangers. Thousands and thousands of dollars in interest are lost yearly by people who hoard their money.

The Bank of Stokes County offers the people of Stokes a convenient and safe place for the keeping of their idle money. We have been in business for nearly eight years, and have never sustained any loss, have never risked our money on unsafe or doubtful security, have always met our obligations promptly and business like, and have paid the people thousands of dollars in interest, at the same time always giving them the best facilities to be had in banking.

We do a conservative business, have no side lines to promote, and you can always depend on getting your money when you want it, if deposited with us. We take any amount from a dollar up. Interest compounded at four per cent, every three months. If you wish to do a checking business, we furnish check books free. We have abundant cash at all times to loan on approved security. Our business is in the hands of safe, experienced men, our officials are bonded, our buildings are insured against fire, and our steel vaults and safes are protected against burglars by burglary insurance.

We invite your business at either our Danbury or Walnut Cove banks, and will tender you every facility for the transaction of business that any bank in the State or nation can give, consistent with sound and safe principles of banking.

Your friends,  
BANK OF STOKES COUNTY.
