Miss Recie Flinchum Entertained Sunday --- Charles Matthew Simmons a Great Man.

Gloster Leak is wearing a 6-8-10 December smile. Guess he is expecting Christmas this month.

Charles Matthew Simmons has turned his course southward. Perhaps he is thinking of spending his vacation at Hotel Flinchum, where he may enjoy the balmy air of the mountain and the life giving waters of Piedmont. Charles Matthew is a great man, and Jack is a great mule. He and Jack pass right often. We do not think, however, that Matthew intends to retire to private life. Maybe he aims to recuperate his energies after his course of musical lectures at Brown Mountain. May Charles Matthew succeed wherever he goes and may Jack remain his faithful friend, and when his mule ceases to squeal may Jack be in the land of happy mules.

The Reporter representative was shown by Capt. R. L. Murphy a necklace made of gold and rose-petals. It is a beautiful creation, and in its case, prepared as a Christmas present for a friend, you could easily detect the fragrance of the roses, which clung around it. The chain was made by Mrs. R. I. Murphy, and is certainly a work of rare art, and one which does eminent credit to Mrs. Murphy's deft fingers. Capt. Murphy stated that the rose-petals were ground in a meat chopper, until in a compact mass, and were then woven into balls. The balls were then strung on a gold chain, alternating with gold balls the same size of the rose-leaf balls, forming a most rare and beautiful chain.
