

RESERVE BANKS OPEN.

Their Opening Marks a New Era In the History Business and Finance.

Washington, Nov. 15.—After months of preparation by the federal reserve board and by the country's bankers, the 12 federal reserve banks will open tomorrow for business, making the first great change in the banking system of this country in the last 50 years.

"The 12 banks, designed to take care of the commercial needs of the entire nation, are located in Boston, New York, Philadelphia, Richmond, Atlanta, Cleveland, Chicago, Minneapolis, St. Louis, Kansas City, Dallas and San Francisco.

For the present their operation will be limited largely to rediscounting of notes, drafts and bills of exchange, but as experience is gained, steps to have them exercise their other functions under the currency act, will be taken. The directors of all the banks have been selected, the board has named its representative for each bank and suitable headquarters have been secured in all the 12 cities.

Officials here will watch the progress of the system with utmost interest. It started with 7,751 member banks, with authorized capital of \$106,795,6000, of which one-sixth is in their vaults. The exact figures for the cash reserves in all 12 banks has not been accurately computed, but is estimated at close to \$250,000,000 drawn under the law from the present reserve agents of member banks.

The reserve banks begin operations at a time when members of the board feel there is an excellent opportunity to test out the system. Their ability to rediscount commercial paper has been counted upon to loosen the purse strings of banks, provide machinery for taking care of crops and generally meet business needs.

In speaking of the opening Secretary McAdoo said tonight:

"The opening of these banks marks a new era in the history of business and finance in this country. It is believed that they will put an end to the annual anxiety from which the country has suffered for the past generation about insufficient money and credit to move the crops each year and will give such stability to the banking business that the extreme fluctuations in interest rates and available credits which have characterized banking in the past will be destroyed permanently.

"The federal reserve banks provide for a system of credits based upon commercial paper, thus at last securing to the country an adequate supply of the necessary credits to meet the legitimate demands of business as they develop. The supply will be absolutely responsive to the demand and thus business will be freed from restrictions, limitations and injuries from which it has suffered in the past because it has not been able to receive at the time when most needed the credit facilities which were essential to its regular and proper development. The whole country is to be congratulated."

Mr. Samuel Johnson, of Germantown Route 1, was a visitor here Friday.

Rheumatism

Just put a few drops of Sloan's on the painful spot and the pain stops. It is really wonderful how quickly Sloan's acts. No need to rub it in—laid on lightly it penetrates to the bone and brings relief at once. Kills rheumatic pain instantly.

Mr. James E. Alexander, of North Harpwell, Me., writes: "Many strains in my back and hips brought on rheumatism in the sciatic nerve. I had it so bad one night when sitting in my chair, that I had to jump on my feet to get relief. I at once applied your Liniment to the affected part and in less than ten minutes it was perfectly easy. I think it is the best of all Liniments I have ever used."

Heart Disease Almost Fatal to Young Girl

"My daughter, when thirteen years old, was stricken with heart trouble. She was so bad we had to place her bed near a window so she could get her breath. One doctor said, 'Poor child, she is likely to fall dead any time.' A friend told me Dr. Miles' Heart Remedy had cured her father, so I tried it, and she began to improve. She took a great many bottles, but she is spared to me today, a fat, rosy checked girl. No one can imagine the confidence I have in Dr. Miles' Heart Remedy." A. B. CANON, Worth, Mo.

The unbounded confidence Mr. Canon has in Dr. Miles' Heart Remedy is shared by thousands of others who know its value from experience. Many heart disorders yield to treatment, if the treatment is right. If you are bothered with short breath, fainting spells, swelling of feet or ankles, pains about the heart and shoulder blades, palpitation, weak and hungry spells, you should begin using Dr. Miles' Heart Remedy at once. Profit by the experience of others while you may.
