

# NINETY-FOUR CENTS PER HUNDRED

JOHN T. SIMPSON

## What Does That Headline Mean?

It means simply this—that every farmer who sold his tobacco at Brown's got 94 cents per hundred more than the man who sold at some other house. You are a free and independent farmer. Then why not consider these facts as they are? These figures are not of our making but are the official figures of the Winston Tobacco Board of Trade and cannot be denied.

The Winston market sold from August 1st, 1913, to May 1st, 1914, 28,617,711 pounds for \$4,427,111.44.

Brown's sold 9,117,977 lbs for \$1,468,900.54; average \$16.11  
All other houses sold 19,499,734 lbs for 2,958,111.90; average 15.17

## Brown's Average \$16.11. Other Houses Average \$15.17

Brown's beat all other houses 94 cents per hundred, which proves that the farmers who failed to sell at Brown's lost \$183,296.18. What part of that did you lose? When you sold one thousand pounds of tobacco at some other house you lost \$9.40. That's what we say and that's what the Board of Trade figures say also.

John Simpson and Joe Glenn know what the buyers can pay for each grade. That's why your tobacco brings 94 cents per hundred more at Brown's. We will expect you with your first load.

Your friends,

**BROWN, SIMPSON & GLENN.**

## WALNUT COVE DEPARTMENT

CARLOS E. DAVIS, Manager.

Walnut Cove, N. C., Nov. 18, 1914.

Many excellent sales have been made on the floors here this week and good breaks have been experienced every day. The prices have advanced considerably especially on the darker grades which are now bringing a fair price. Bright tobacco is high and it is a rare occurrence to hear a man say he is displeased with his average. Among those who made satisfactory sales at the warehouses here Monday were Messrs. M. H. Robertson, S. G. Hampton, G. B. Easter, R. J. Bowles, Riley James, T. J. Boles, J. P. Smith, W. P. Bowman, G. T. Burge, C. M. Bowman, W. L. Bullen, W. T. Tuttle, Chas. Harris, W. J. Smith, Jno. M. Tuttle, A. N. Tuttle, Roy Tuttle and others, all of whom were well pleased and satisfied they had done as well as they would have done on a larger market. These men are all old hands at the tobacco raising business. They know the worth of their tobacco and are hard to fool. When men like the above place their product on the floor here it is significant of the fact that Walnut Cove is not only destined to have a tobacco market, but that she already has one that will class with any in the state.

Several Juniors from here attended the flag raising and Bible presentation at Rosebud school house Friday. Interesting talks were made by members of the local council, a beautiful dinner was served and all report a splendid exercise. These same exercises will be held at every school house in the township and will doubtless prove a stimulus to the cause of education in the community.

At a meeting at the High School building Friday afternoon an organization of the Woman's Betterment Association was effected with the following officers: President, Mrs. H. H. Davis; Vice-President, Miss Annie Kate Jones; Secretary and Treasurer, Miss Laura Waddell. The officers and members are enthusiastic in their work and their efforts are calculated to do much good for the school.

Mr. Scott, a representative of the State Insurance Commission, spent Thursday here inspecting

the different buildings in the business section, his object being to offer such suggestions of precaution as would lessen the liability of unnecessary fires. Among the suggestions and requirements resulting from his investigations was the erection of a fire escape at the school building, the outward opening of doors to all public buildings and the proper care of chimneys and flues.

A cow belonging to Mr. Joseph Neal, who resides three miles north of town, was stolen Thursday night and although a thorough search has been instituted by the officers no trace has been found of the missing animal. The cow together with the man who made the theft was traced for several miles but no definite clue could be secured. This is only one of the thefts and burglaries committed in this section within the last few months and it has come to be a common nuisance. On the same night the cow was stolen a long scantling was placed against a window of the store of James & Co. which the thieves anticipated robbing, however, the scantling was discovered in time and the officers guarded the building until daylight.

Mr. James M. Fagz, one of Dillard's leading merchants, spent Thursday in town on business.

Mr. Cabell Hairston left last week for Manatee, Fla. where he will spend the winter.

Messrs. Gee Lewis and S. F. Ross, of Germantown Route 1, spent Thursday here.

Mr. R. P. Joyce returned this week from Portsmouth, Ohio, where he went to investigate the death of Oscar Parham, who was killed by a train at that place several weeks since.

Attorneys N. O. Petree and J. D. Humphreys and Mr. and Mrs. J. Spot Taylor, of Danbury, were visitors here Saturday.

Mr. P. W. Davis last week purchased from Mr. R. P. Joyce a lot near the bridge, known as the Red House lot. Property here is selling at reasonable prices and many who desire the advantages of the school are buying lots and removing here. Among those who have moved here within the last week are Messrs. Joe Isom, J. A. Hicks and J. G. Angel.

Messrs. O. N. Petree and A. W. Davis spent several days last week in northern Stokes in the interest of the Prudential

Life Insurance Co. These gentlemen are making good in the insurance business, having sold almost one hundred thousand during the present year.

Mr. Russel Fulp, a substantial merchant and farmer of the Stokesdale section, was here Friday with tobacco. Mr. Fulp was well pleased with his prices and is one of those who believe in patronizing the nearest market when conditions are equal.

Mr. T. H. Gerry left Thursday for Jacksonville, Fla. for a ten days trip in the interest of the Labor Union.

Dr. and Mrs. J. W. Neal, J. William Morefield and others of the Meadows section, were visitors in town Wednesday.

Messrs. Watson Joyce, Elwood Boyles, J. F. Hawkins, Jacob Fulton, Newton Young, C. E. Davis and Carl Joyce went to Winston-Salem Sunday afternoon.

Mr. W. P. Landreth is still confined to his home with a serious illness.

Mr. E. A. Rothrock has accepted a position with the Bank of Stokes County and entered upon his new duties yesterday. Mr. J. H. Fulton, the cashier, will not sever his connection with the bank but will devote a part of his time to his outside business.

## Winston-Salem

### Has Big Fire

The Casper building, six stories high, was burned at Winston-Salem yesterday. Building was valued at \$50,000. About 250,000 pounds of leaf tobacco was burned with it. The loss was partly covered by insurance.

The county commissioners will meet here in special session Friday. The new board will take charge the first Monday in December.

## Despondency Due to Indigestion.

It is not at all surprising that persons who have indigestion become discouraged and despondent. Here are a few words of hope and cheer for them by Mrs. Blanche Bowers, Indiana, Pa. "For years my digestion was so poor that I could only eat the highest foods. I tried everything that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them, did I find the right treatment. I soon began to improve, and since taking a few bottles of them my digestion is fine." For sale by all dealers.
