PRESIDENT WILSON

Receives Big Pumpkin From Stokes County Citizen.

LETTER OF THANKS

Splendid Yield of Corn and Pumpkins On Farm Of T. W. Gentry In King Section.

King, Nov. 30.—On one-fifth of an acre of ground Mr. Thos. W. Gentry, of this section, grew five two-horse loads of pumpkins this year, and a few days before Thanksgiving he sent President Wilson one weighing 40 pounds and measuring 52 inches in diameter. Within six days he had a nice letter from the president thanking him for the fine pumpkin and saying that this was the first time a part of his Thanksgiving dinner had come from North Carolina. The letter stated that his turkey came from a friend in New Jersey and that the pumpkin from North Carolina was appreciated fully as much.

Mr. Gentry's corn crop was in keeping with his pumpkin crop and he grew four hundred and eighty bushels on four and a half acres. His entire crop averaged thirty-two bushels to the acre.

Farmers in this section are now busy gathering their corn crops and breaking land for future crops.

EAGER FOR WORK.

Members of Both Houses Are Fast Returning to Washington.

Washington, Nov. 30.—The members of both houses of Congress began today to return to Washington in large numbers preparatory to the opening of the final session of the sixty-third Congress.

The House committee on appropriations today worked on supply measures.

The naval affairs committee also considered appropriations.

No definite legislative program for the session has been decided upon. It is certain, however, that several conservation measures, including general water-power and land leasing bills, will be pressed.

The Democratic members generally expressed the hope that all business would be concluded by March 4, so that an extra session will be unnecessary to usher in the newly elected sixty-fourth Congress.

Many Citizens Have Signed Petitions.

Mr. R. L. Nunn, of Quaker Gap Township, who was in Danbury today, stated that almost or quite two-thirds of the registered voters in his township had signed petitions asking for an election on a bond issue of \$50,000 for good roads in the township. Mr. Nunn is of the opinion that an election will now go for a bond issue by a large majority. At their meeting next Monday the county commissioners will be asked to grant the election.

VETERAN'S PENSIONS

Warrants Will Be Sent Out From Raleigh Within the Next Few Days.

News from Raleigh gives the information that the pension warrants for the Confederate veterans and widows are now being prepared and will be sent out within the next few days.

It requires between fifty and sixty thousand dollars to pay the pensions and takes considerable time to make out the lists.

While the checks are small they are a great help to many of the veterans and widows. The amounts paid the different classes will probably be increased slightly this year.

QUAKER GAP VOTERS.

Asked To Be Present At the Meeting of County Commissioners Monday And Ask For Election On Bond Issue For Good Roads.

To the Voters of Quaker Gap Township:

Monday, Dec. 7th, is the time set to present our petitions to the board of county commissioners asking for the privilege of voting on a \$50,000 bond issue to build good roads in Quaker Gap township, and we earnestly request the voters of each precinct to communicate with each other in some way and send a good delegation to Danbury on above named date.

Let's get busy now and carry this election for the bond issue by the biggest majority of any township in the county, and the one way to show that you mean business this time is to be in Danbury next first Monday, Dec. 7th.

Yours very truly,
R. L. NUNN.

NEW SYSTEM STARTS NEXT WEEK

All Subscriptions to the Reporter Not Paid In Advance Will Be Stopped This Week.

After this issue the Reporter will be discontinued to all those whose subscriptions are not paid in advance. We still have a few who have failed to renew after being notified of our intention to adopt the cash-in-advance plan and we desire to say to those that when your paper fails to come next week we hope you will renew by sending in any balance you may be due and enough to pay in advance as we do not like to lose you as a subscriber.

Nearly all the best papers and magazines of the country have adopted the cash-in-advance system and when the time you have paid for expires the paper does not come to you any longer. We believe this is the best and most satisfactory way to do business and is best for both you and ourselves as it is a great deal of trouble to collect so many small accounts and is annoying to you. So remember that in the future when your time expires the paper will be stopped unless we hear from you.

To those few who still owe small accounts on back subscription we would say that we are mailing you statements and hope that you will remit at once and renew your subscription as we want to get our list clean.

AVERAGED \$11.50.

Nearly Five Million Pounds of Tobacco Sold On Winston Market In November.

Winston Journal.

Although a splendid season has come on, there has hardly been time enough yet for many of the farmers who will sell at this time to take advantage of the season. However, there were pretty fair sales yesterday and the bidding was lively as is indicated by the splendid average price. The farmers were generally satisfied with the prices they received.

The sales for the entire month of November totaled 4,784,938 pounds at an average price of a little more than \$11.50 per hundred pounds. The total amount of money paid out during the month was \$548,258.21.

The past month has not made nearly so good a showing as did the corresponding month of last year; but the selling has been good considering the conditions and there are indications that the market will take on much greater activity during the present month, certainly until after the Christmas season.

The sales today will be much larger than they were yesterday. Many farmers came in yesterday evening and last night. And it is predicted that the market will experience a steady increase during the remainder of the week unless there is a most unfavorable change in the weather conditions.

MARRIED THURSDAY.

Mr. John Petree and Miss Ella Gordon Wed On Germantown Route 1.

At the home of the bride's father, Mr. W. Y. Gordon, on Germantown Route 1, Mr. John Petree and Miss Ella Gordon were married last Thursday, the marriage being attended only by the relatives and a few friends of the contracting parties.

Immediately after the marriage Mr. and Mrs. Petree drove to the home of the groom's father, Mr. Frank E. Petree, where a sumptuous supper awaited them and where they were greeted by a large number of their friends.

The young couple, both of whom resided on Germantown Route 1, are very popular among a large circle of friends who extend their best wishes.

TOBACCO IS MOVING

Farmers Say Weed Is In "High Order" This Week.

BIG BREAKS ON

Prices Holding Up Well—Averaged \$12.50 Per Hundred Monday.

Farmers report that the rainy weather this week has brought tobacco in "high order" and all those who did not carry a load to market are very busy stripping and preparing to go to market the latter part of this week or first of the next.

Reports from the markets today are to the effect that there will be heavy breaks on the market the latter part of this week and next week. A gentleman who resides a few miles north of Danbury returned from the market yesterday and stated that he met sixty or more wagons loaded with tobacco between Walnut Cove and his home.

Prices are said to be holding up fairly well, the farmers generally being very well pleased with their sales. The average price paid on the market Monday and yesterday was around \$12.50 per hundred.

Twenty-three days more until Christmas.

Letter From Mr. Nunn To the Members Of the Farmers Union

Wesfield, Nov. 28. To the Members of the Stokes County Union:

Our President, Mr. J. A. Lawson, has called a meeting of the Stokes county Union to be held at Danbury, Dec. 12th, for the purpose of electing officers for the coming year and we do hope that each local in the county will have a full delegation at the meeting. Let's attend whether we are delegates or not.

Now, let's get together and make 1915 a great year in Union work in Stokes county.

I went to the State meeting last week at Greenville and came back with renewed determination to help build the greatest Union in Stokes of any county in the State, and if we will all stand together we can do this.

We made a poor showing at the State meeting this year as we had only one delegate there out of all that we elected to go. No business in that as it looked like old Stokes was about dead, but we are not, are we? If we are not, let's get a hustle on and do something.

Hoping to see a big crowd at the meeting on the 12th, I am, yours fraternally,
R. L. NUNN.

Destruction By Hunters.

It is said that thousands of dollars in damage is done the timber in Stokes each year by hunters. If you care to post your land against this destruction we will mail you posters for ten cents per dozen and pay the postage on them. Send stamps to Danbury Reporter, Danbury, N. C.

Mr. J. W. Hall returned yesterday from a trip to Winston-Salem and other places.
