Food Supplies For The Belgians

London Dispatch. The American Commission for Relief in Belgium will have supplied \$65,000,000 worth of food-stuff for the Belgian people by the middle of August. Charitable contributions from America will have amounted to about \$5,000,000 and approximately the same from other quarters of the world. The great bulk of the food supplies representing the remaining \$55,000,000 is being provided indirectly by the Belgian people themselves.

This is made possible by the elaborate financial machinery set up by the commission, enabling the Belgians to utilize their own energies and resources. Fully 75 per cent. of the Belgian people are being supplied with food without recourse to charity.

One result of the commission's operations is that bread is cheaper in Belgium than in London. The greatest problem before the commission is that foodstuffs sold in Belgium to those who still had resources were paid for in paper. This money had no value outside of Belgium and was depreciated there. The commission announced it would accept all kinds of paper issued in payment for breadstuffs and this immediately restored the whole paper currency of the country to its full value.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

Elkin Township Votes Bonds for Good Roads--Other News As Told By The Leader.

Dr. J. J. Leak of Asbury was in the city Tuesday.

Tobacco market closes here June 1st. No sales after that date.

The date for the Chataqua here is June 30th to July 6th, inclusive.

On Saturday, May 29, at 2 o'clock Mr. R. T. Joyce will sell at auction his home and lot, corner Main and Rockford streets. It is learned that Mr. Joyce will remove to Winston-Salem.

Miss Clara Simmons of Stokes spent the week end visiting the Misses Marshall at White Plains. While there the young folks made a delightful trip to the Devil's Den.

Elkin township voted bonds last week for good roads almost without opposition. Reports come that the people of Dobson township are lining up for good roads and that the bonds are almost certain to carry in that township.

Mr. G. L. Simmons of Asbury was in Mt. Airy Monday to meet his daughter, Miss Lillian Simmons. Miss Simmons spent several days with her aunt, Mrs. Lawrence, of Winston, on her way home from Charlotte where she has been a student in Elizabeth College.

The sale of the Fulton farm near this city Tuesday has been the talk of the town. The land sold from \$125.00 to \$450.00 per acre and the high price paid showed beyond question that land values in this part of the country are rapidly increasing. This farm had been divided up into small tracts and was two miles out in the country.

Dobson township voted down a bond issue proposition a year or more ago. The friends of good roads in the township are much more hopeful of success in the election next month. In fact, they are quite confident that they will win this time. The building of good roads in the township will do more to put at rest all talk of moving the county seat from Dobson to Mt. Airy than anything else. If Dobson wants to continue to have a place on the map she had better build roads so the people of the county can get there. Good roads will be the making of Dobson. If she refuses to build roads the people of the county will refuse to let the court house remain there. Without the court house the town would go to the bad quick.

All in a line;

Nine little flies
Grimly sedate,
Licking their chops—
Swat! There were*****
Eight little flies
Raising some more—
Swat! Swat! Swat! Swat!
Then there were****
Four little flies
Colored green-blue:
Swat! (Aint it easy!)
Then there were**
Two little flies
Dodged the civilian—

Sunday and His Work.

There are a number of people who cannot bring themselves to an acceptance of the methods of Rev. Billy Sunday, but there are few who will deny that Sunday does good wherever he goes. The mayor of Paterson, while he does not specify, says in a general way that Sunday has done good to an extent it is hard to estimate. The chief of police sees evidences that Sunday has done wonders in morally uplifting Paterson, and the Judge of the Common Pleas Court testifies that Sunday's efforts have tended to reduce crime. The commercial organizations are of opinion that Sunday has improved the relations between employers and laboring people. Naturally there is to be expected a large amount of backsliding on part of Sunday's converts, but those who uphold the side of his meetings seem to have the better of the argument. Law For Women Notaries Is Unconstitutional

Raleigh, May 25.—The law passed by the last legislature, granting women the right to serve as Notary Publics in North Carolina, today was declared to be unconstitutional by the State Supreme Court. The Court held that the legislature could not grant this right by passing a statute, but that it must be in the form of a constitutional amendment. Chief Justice Clark and Justice Brown dissented. The decision was rendered on the appeal of Mrs. Noland Knight, of Asheville the first woman Notary Public appointed.

Blight in Apple Trees.

From North Carolina: "Please tell me what to do for blight in apples."

The only thing that can be done is to cut out to sound wood. Fortunately the blight does not go so far in apples as in pears, and affects only the twigs as a rule. But even in pears if growers would watch a little more closely and as soon as they see some slight shriveling near the ends of the branches would cut out ahead of it, the blight would go no farther, while if let alone till the leaves turn black the whole limb will probably be sacrificed. —Progressive Farmer.
