Will We Never Have These?

- A woman's hat that will never go out of style.
- A pair of shoes that will not run over at the heels.
- A calendar that will not tell a woman how old she is getting.
- A furnace fire that will not make any ashes.
- A dishpan under the icebox that will not run over, no matter how full it gets.
- A dinner that will do for seven

when three of these have "dropped in unexpectedly." An alarm clock that will not go off at 6 o'clock on Sunday morning when one has inadvertently wound it Saturday night. A device that will induce a

dog not to howl at 4 o'clock when one doesn't have to arise until 7. An auto that will not persist in blowing out when the driver has a party of friends out and is wearing his best clothes.

THE REAL TEST

of a piano is its durability and tone-quality, and these can only be determined by time and use. :: ::

The fact that we have sold about Two Thousand LAFFARGUE Pianos in the last five years and each one is giving delightful satisfaction, is the best evidence of its superior merits. When you pay \$265 for one of these pianos you take no risk. Fourteen hundred other people have paid the same price for the same piano and are delighted with their purchase.

\$365 "AN ARISTOCRAT OF PIANOS"

For seventy-six years the Hallet & Davis Piano has been famous for its beautiful tone. Made in Boston, the center of musical culture, it has stood out above other fine pianos. This famous instrument, because of its range of prices, can be owned by every true music lover. For example, the style "D" Hallet & Davis, shown here, costs only \$365, and is sold on convenient terms. Its case design is simple, but it contains the same Hallet & Davis quality that distinguishes the highest priced style. Its beautiful tone means something to you. Do not fail to hear this instrument. Come in today.
