The Habit of Taking Cold.
With many people taking cold is a habit, but fortunately one that is easily broken. Take a cold sponge bath every morning when you first get out of bed—not ice cold, but a temperature of about 90° F. Also sleep with your window up. Do this and you will seldom take cold. When you do take cold Chamberlain's Cough Remedy and get rid of it as quickly as possible. Obtainable everywhere.

Messrs. J. H. Matthews and K. A. Johnson of Walnut Cove were visitors here today.

Chamberlain's Cough Remedy Most Effectual.

"I have taken a great many bottles of Chamberlain's Cough Remedy and every time it has cured me. I have found it most effectual for a hacking cough and for colds. After taking it a cough always disappears," writes J. R. Moore, Lost Valley, Ga. Obtainable anywhere.

Tetter, Salt Rheum and Eczema
Are cured by Chamberlain's Salve. One application relieves the itching and burning sensation.
