### Contract Signed For History

--Dr. Hill the Writer

The State Historical Commission has closed a contract with Dr. D. H. Hill, by which he will devote the next five years, or as much thereof as may be necessary, to writing a history of North Carolina's part in the Civil War. He is to retire from the presidency of A. & M. College at the close of the present term and will immediately thereafter enter upon his new duties. In signing up this contract with Mr. Hill the State Historical Commission is acting for the North Carolina Division of the United Confederate Veterans and as trustee for the fund of \$25,000, which is to be collected to pay for the work. Mr. R. H. Ricks, of Rocky Mount, guarantees the \$25,000. He is not to pay it but to be responsible if the amount is not secured by subscriptions. Dr. Hill will get \$4,000 a year for his work--\$5,000 less than he gets as president of the A. & M.--and is to have such clerical assistance and help in research work as he needs.

### The Habit of Taking Cold.

With many people taking cold is a habit, but fortunately one that is easily broken. Take a cold sponge bath every morning when you first get out of bed--not ice cold, but a temperature of about 90 F. Also sleep with your window up. Do this and you will seldom take cold. When you do take cold Chamberlain's Cough Remedy and get rid of it as quickly as possible. Obtainable everywhere.

Tetter, Salt Rheum and Eczema Are cured by Chamberlain's Salve. One application relieves the itching and burning sensation.

### Want To Quit Earlier.

Salisbury Post.

A former Salisburyman, now connected with a wholesale liquor shipping house in Richmond, Va., in conversation with a Salisbury business man, said that many of the wholesale liquor dealers of Richmond and some other wet towns in that State had signed a petition to be presented to the Legislature of the Old Dominion, now in session, asking that body to pass an act making the prohibition law in Virginia operative on May 1st of this year instead of November 1st, as was voted some months ago. It was said that very few of these houses were making any money and that the license runs out May 1st and many of them did not care to renew.

This sounds strange but it is said to be true. It is not thought that the Legislature will act in the matter but will let the law become operative on November 1st of this year, as was originally voted.

The Bureau of Tuberculosis of the State Board of Health is ready to enforce the law requiring physicians and institutions of the State to report all cases of tuberculosis coming to their attention. The law has two main objects, the first one being to ascertain the number of the cases and, second, the location in order that a treatment suited to the case may be given.

Miss Maggie Burge, of Campbell, was a visitor here today.

### Governor Announces Dates When Murderers Will Be Executed.

Raleigh, Jan. 11.--Governor Craig today named the dates for three electrocutions, one on February 11 and the other two on Feb. 25. The first is Jim Cooper, Rowan county, and the two on the same date are Ernest Lowry and George Posten.

Jim Cooper murdered Lucinda Price at Salisbury on March 28, last. At the time he murdered the Salisbury woman, he had a family living in Charlotte.

Ernest Lowry and George Posten will pay the death penalty for the murder of Grant Davis in Gaston county. This murder was on March 7, 1915, and was for robbery. Davis had sold several bales of cotton at

Kings Mountain and was returning home with \$300 on his person when he was waylaid. The two men fled to South Carolina where they were captured and confessed the crime.
