

**NORTH CAROLINA  
GOOD ROADS CONVENTION**

To Be Held At Wrightsville Beach, June 21, 22, 23, 1916.

In connection with the Good Roads Convention to be held at Wrightsville Beach, Wilmington N. C., June 21-23, under the auspices of North Carolina Good Roads Association, there will be exhibits illustrating road work in the various counties of the State. Awards will be made for the three exhibits that are judged to be the better ones. These exhibits will consist of photographs of roads constructed, roads during construction, and roads before construction; also of road surfacing materials that have been used on the roads, particularly of materials that are available within the county itself; road maps of the counties, showing improved and unimproved roads; and charts of statistics showing income of county for road purposes, method of handling fund, cost of constructing improved roads per mile, etc.

These exhibits may be prepared and exhibited by the County and Road Commissioners or by Boards of Trade or Chambers of Commerce; or by the different bodies co-operating with each other. Counties desiring to compete for these awards are requested to notify the Secretary of the North Carolina Good Roads Association, Chapel Hill, N. C.

In judging exhibits, a certain number of points will be given to the number of photographs, character of photograph and quality of photographs. A certain number of points will also be given for samples of road surfacing material and method in which these are exhibited.

A special award will be made for the most striking photograph illustrating a road scene; also a special award for the best and most complete road map.

JOSEPH HYDE PRATT,  
Secretary.

**Burning Woods.**

For the benefit of the citizens of the State all persons are hereby warned against firing wood-land, either maliciously or carelessly, and their attention is called to the following law in the Revisal of 1905 of North Carolina:

Sec. 3346.—Woods. — "If any person shall set fire to any woods, except it be his own property, or, in that case, without first giving notice in writing to all persons owning lands adjoining to the woodlands intended to be fired, at least two days before the time of firing such woods, and also taking effectual care to extinguish such fire before it shall reach any vacant or patented land near to or adjoining the lands so fired, he shall, for every such offense, forfeit and pay to any person who shall sue for the same, fifty dollars, and be liable to any one injured in an action, and shall moreover be guilty of a misdemeanor."

All burning of any property in the State will be fully investigated, and where the circumstances call for or justify it, will be vigorously prosecuted. Information is asked in regard to all fires.

Wants To Organize Spanish-  
American War Veterans**

To Spanish American War Veterans:

We are desirous of organizing a camp of "The United Spanish War Veterans" at some point in Stokes county and we think King would be the most suitable place in the county. We need "The United Spanish War Veterans" because for over twelve years it has been fighting for our benefit, and in that time has accomplished much in the way of beneficial legislation.

Any officer, soldier, sailor or marine who served during the war with Spain, or in Phillipine insurrection, which lasted up to July 4th, 1902, and who was honorably discharged from the service of the United States is eligible to membership.

I am just in receipt of a letter from Hon. L. C. Dyer, Commander in Chief, of Washington, D. C., and he is much interested in the organization of a camp in this section. This grand order would be beneficial to us in many ways, and we could have re-unions each year as they are having in other sections, and this would be a source of much enjoyment for all the boys.

The National encampment this year will be held in Chicago the early part of September. Now I would be glad to hear from all the boys in this county and adjoining counties, as well, with the view to the organization of a camp. If you desire further information write National headquarters United Spanish War Veterans, Chemical Building, St. Louis, Mo. The American Standard, Washington, D. C., is the official organ of the organization; write them for sample copy.

I must close this article as I hear "taps" sounding, and it is time for "Lights Out".

Very Respectfully,  
ELMER P. NEWSUM,  
Formerly Corporal 7th Co.  
U. S. Coast Artillery.

**Rheumatic Pain Stopped.**

The drawing of muscles, the soreness, stiffness and agonizing pain of Rheumatism quickly yield to Sloan's Liniment. It stimulates circulation of painful part. Just apply as directed to the sore spots. In a short time the pain gives way to a tingling sensation of comfort and warmth. Here's the proof—"I have had wonderful relief since I used your Liniment on my knee. To think one application gave me relief. Sorry I haven't space to tell you the history. Thanking you for what your remedy has done for me."—James S. Ferguson, Philada. Pa. Sloan's Liniment kills pain. 25c. at Druggists.

Bankhead Bill If Passed By Senate, North Carolina Would Get Four Million Within Five Years.

Washington, May 8.—Without even the formality of a roll call, the senate this afternoon passed the Bankhead good roads bill which has been pending for several days.

The bill provides for the expenditure in five years of \$75,000,000 for federal aid to good roads and also carries an amendment which was offered by Senator Welsh, appropriating \$10,000,000 for good roads in national parks and forest reserves.

The house has already passed a good roads bill, and it is expected that the two measures will go to conference and a new bill will be worked out and adopted.

Should the bill pass as the above figures show, North Carolina would get approximately \$4,000,000 during a period of five years, divided as follows: \$116,400, \$262,800, \$349,200, \$465,600 and \$582,000.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

**Bradstreet On Business**

**Conditions Past Week**

Immense business, extraordinary activity of industry, more demand for money, remarkably good collections heavy railroad traffic and noteworthy strength in prices commingle with and incidentally seemingly outweigh such factors as disturbed international relations, evidences of friction in fields of labor, irregular crop situation and clear signs of high costs holding up some building prospects without, however, reducing the total quantity of money expended for construction work. But, after all, bank clearings, commercial mortality returns, expenditures for structures and even strikes merely point to sustained superabundant activity in trade and industry. Weekly bank clearings \$5,137,175,000.

**A Symbol of Health.**

The Pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded as a symbol of health. A red pointed star appears on each package of Chamberlain's Tablets, and still fulfills its ancient mission as a health sign. If you are troubled with indigestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. Obtainable everywhere.
