Virginia Expects Us To Build To Line

From Stuart Enterprise.

The Highway Dept. of N. C. has agreed to meet Va. with a hard surfaced road, leading from the line to Winston-Salem, N. C., via of Danbury and Walnut Cove, we are informed by Hon. T. J. George. Now that Virginia has made a tentative allocation to surface the already graded highway from Cruise's Store through Stuart, to the N. C. line, during the coming year, we shall naturally expect to have this link from the line to Danbury surfaced, as our sister State has never failed to meet us fifty-fifty in connecting our roads.

Mr. George states that he is well pleased with the tentative allocation, as made, and that it is especially gratifying to him that Patrick County received so many allocations during his term as Representative of the county. During this time, or since Jan. 1, 1926, Patrick county has been allocated for road work \$912,878.37, while before this time it was very small.
