

Protect The Ninety Per Cent

Our ever-increasing automobile accident record is one of America's greatest problems.

Last year 27,500 people were killed in auto accidents, of whom 16,000 were pedestrians.

It is said that 90 per cent of accidents are caused by less than 10 per cent of drivers.

Until we strengthen and enforce our laws, to protect the competent driver by excluding the reckless from the highways...

How much longer shall the careless, reckless or incompetent driver be allowed free use of the public highways...
