FEDERAL RELIEF WILL GO ON

NO DANGER OF OBLIGATION TO THE NEEDY BEING TURNED BACK ON STOKES AND OTHER COUNTIES, OR TO OUR CITIES AND TOWNS — THE WORD COMES FROM HOPKINS.

Those Stokes county people who have feared that federal relief was about to stop, and that the burden of supporting the aged and helpless was about to be turned back on the county, are invited to read the following:

"I want to tell you here and now that the federal government has no intention of turning the relief problem back to the local units and has no intention whatever of liquidating its relief program."

These words came out of Washington yesterday, were inspired by Franklin D. Roosevelt and were spoken by Harry L. Hopkins, works progress administrator.

The address was delivered at a conference of mayors of many cities in conference at the capital.

Tobacco Still Selling Good

J. Hassell Tilley was here today on his way home from the Madison tobacco market, where he sold 280 lbs. for \$130.30—an average of more than 46 cents.

Mr. Tilley, when renewing his subscription to the Reporter, expressed his pleasure at the good prices for tobacco.

SHERIFFS MEET AT GREENSBORO

SHERIFF JOHN TAYLOR ATTENDS CONFERENCE OF SHERIFFS' DIVISION OF INSTITUTE OF GOVERNMENT — QUESTIONS OF IMPORTANCE DISCUSSED.

Sheriff J. John Taylor attended a conference of the sheriffs' division of the Institute of Government at Greensboro held Monday.

Between 50 and 60 sheriffs and deputies from 24 counties in this section of the state attended the conference which was held at the Guilford courthouse under the tutelage of Dillard S. Gardner, associate director of the institute. Albert Coates, university law professor and director of the institute of government, was present at the gathering, but Mr. Gardner, who for the past three years has made a special study of sheriffs' work, was in charge of the discussions.

The conference opened at 10 o'clock and recessed at 1 o'clock for a barbecue luncheon given at Greensboro Country park clubhouse by Sheriff Joe S. Phipps and W. Capers White, division superintendent of the state prison department. Sessions were resumed until late in the afternoon.

Sheriff Phipps, of Guilford, who is a member of the legislative committee of the Sheriffs' Association of North Carolina, explained the two main objectives of the association's legislative program. These are constitutional amendments providing for a term of office longer than two years and a pension plan for the benefit of officers and their families in cases of death or injury in line of duty. The pension plan would be financed by adding one dollar to the court costs in each criminal case in which a conviction is obtained.

Andrew H. Joyce is contemplating erecting a club house on the wooded hill a mile north of Danbury.

TOBACCO GRADING ORDERED IN KY.

WAREHOUSEMEN IN NORTH CAROLINA SEEKING BY INJUNCTION TO STOP FEDERAL GRADING — CROP IN STOKES HALF SOLD — PRICES ON SOME MARKETS HIGH, OTHERS DRAGGING.

A dispatch from Washington says while some of the warehousemen in North Carolina are seeking by injunction proceedings to stop federal grading, tobacco inspection and market news service have been ordered by the acting secretary of agriculture for four tobacco markets in the burley district of Kentucky.

A referendum was conducted by the bureau of agricultural economics during the week November 2-6 to ascertain the sentiment of tobacco growers who sell tobacco at Mt. Sterling, Cynthia, Horse Cave and Bowling Green on the question of having free and mandatory inspection of tobacco offered for sales on those markets. The results of the referendum have been tabulated and show that of the growers voting, approximately 96 per cent favored the service.

Action in selecting inspectors is under way, the bureau says, and several men will be in the field before the end of November conducting tobacco sorting demonstrations among growers as a move toward the better preparation of tobacco for market.

The department at Washington further explained: "Tobacco price reports are a necessary adjunct to tobacco inspection service. The object of the inspections is to inform the grower the grade of the tobacco he has on the warehouse floor. The price reports show him the current average prices for the various grades. Taken together, these two afford the grower a means of guarding against errors in the sale which might otherwise result in tobacco going at unreasonably low prices and consequent loss to the farmer.

"Under the law no charge can be made for either the inspection service or tobacco price reports. The service is furnished free and is intended for the information of growers and others concerned. No restriction is placed on any grower as to the time or place he shall sell his tobacco."

The crop is nearing the latter end of sales in North Carolina.

In Stokes County the crop is probably more than half sold.

Good grades are still bringing good prices on some markets. On others the price appears to drag.

Marjorie Pepper and Hazel Petree, of Danbury and Emorie Pepper, of Walnut Cove, who are in college at Greensboro, will spend Thanksgiving at their respective homes. They will come up Wednesday evening and return Friday morning.

Rally Of Tobacco Growers To Be Held Next Week In Winston-Salem

Winston-Salem, November 18—

The second rally of tobacco growers in this section, sponsored by the Tobacco Market Committee of the Chamber of Commerce, Retail Merchants Association and Winston Warehouse Association, will be held in front of the Forsyth County Courthouse, on Third Street, on Wednesday, November 25, at 1 p. m. Announcement of the rally was made today by Chairman George L. Irvin, Jr.

The program will consist of a brief message particularly to tobacco growers by Ancus L. Payne, County Commissioner, music by the R. J. Reynolds High School Band, and the awarding of substantial prizes to tobacco growers who have registered at the booths maintained by the joint committee in the Trade Street Branch of the Wachovia Bank, and the temporary Eighth Street Branch of the First National Bank.

Mr. Irvin said that since the opening of the tobacco market on October 5, more than 36,600 tobacco growers from all sections of the state have indicated their interest in the program of the three organizations as they pertain to the sale of leaf tobacco by depositing their names in the boxes provided. It is hoped that a large number of these growers, their families and others who are interested will attend the rally.

Immediately following the gathering on Wednesday, the third period of registration will open, culminating in the annual Christmas Party given by the tobacco growers and their families who sell on the Winston-Salem Market.
