SOCIAL SERVICE FOR STOKES

LOCAL WELFARE OFFICE WILL HANDLE APPLICATIONS AFTER JULY 1 — OLD AGE PENSIONS, HELP FOR CRIPPLED AND DEPENDENT CHILDREN WILL BE RENDERED BY COUNTY, STATE AND FEDERAL GOVERNMENT.

Old age pensions for men and women past 65, financial aid to crippled and dependent children, and other aspects of social service are coming soon.

The local welfare office under the supervision of Miss Evelyn S. Page will receive applications for service, after July 1.

Old persons on relief and past 65 years of age will be paid \$30 per month. Half of this money will be furnished by the federal government, the other half by the State.

The late legislature passed an act meeting the requirements of the Washington headquarters with reference to social service.

In addition to the \$30 a month paid to old age pensioners the law also provides for assistance to crippled and to helpless and dependent children.

The Danbury organization for social service will work under the direction of the district office at Winston-Salem, which will have charge of Forsyth, Stokes, Surry, Yadkin, Davie, and Davidson, N. C., and Patrick and Henry counties of Virginia.

J. N. Freeman, of Dobson, will have charge of the Winston-Salem office.

It is understood that the additional duties which the new agency will add to the Danbury relief office will require quite a considerable increase in the personnel of the local office.

Young's School Community News

The farmers have greatly shown their appreciation of fine farming weather for the past week. Many acres of land have been plowed preparatory to the spring planting. Many patches of Irish potatoes have been planted as well as those of early beans.

The prospects for a wheat crop is exceedingly good. It appears that an extra preparation is being made for a large crop of tobacco. Signs of better conditions are observable in several ways.

Mr. Sam Wood has lately purchased a tract of mountain lands and sold the timber at a very satisfactory price, and a lumber man from Virginia is putting a new saw mill outfit on the place and expects a year's work. Mr. Wood also plans for a modern feed barn on his home farm.

In this community you will find several up-to-date farm teams lately purchased, among them we note those of D. B. Young, D. C. Wood, W. V. Wood, Sam Wood and J. B. Young, the last being purchased a year ago. Let us list the teams of B. B. Oakley and W. T. Oakley.

Mr. Snider Priddy has recently bought a small boundary of land and is making improvements on it near his home farm.

Mr. Marvin Dillon has lately added changes to his home and with a few more prospective changes he will have a very modern farm home.

It occurs to us that an electric light line should go through this community from Danbury via Priddy's store and Percy Morefield's store on to Sandy Ridge. There are many splendid farm homes adjacent to this route, besides other stores and churches.

Mumps have been giving the community some concern for the past few weeks, but the scare seems about over. The school attendance is normal again.

Mrs. S. H. Wood, who has been very sick for several days and under special care of the doctor, is better at this writing. We hope for her continued improvement and final restoration to her good health again.

There may other news items of interest, but we have not been meddlesome enough to gather any more.

MEDDLESOME BILL.
