Danger Of Holding Office Too Long—Also Hazard of Not Holding Long Enough.

An incumbent's value to the body politic should be measured by the yardstick of his service, rather than his tenure. Sometimes one hears it said: "He has been in long enough, he should get out and let somebody else in."

This philosophy is based on the spoils system, and is morally wrong. Its conception is that the emolument of office to the holder is what is important, without regarding the service being rendered to the public.

A great corporation employs an executive at a big salary because he can make money for it.

Why discharge him because he has been in a long time if he have ability to continuously achieve success? The better way would be to raise the executive's salary, and hold him.

It is sometimes dangerous to swap horses when crossing a stream.

Darrow Is Dead.

Dead as Old Man Mose is Clarence Darrow, the great criminal lawyer. They buried him the other day without a prayer or a Bible, in which he did not believe. A classical symphony written by a German pagan was played at the grave, dismal music to accompany a soul going out.

When Voltaire lay on his bier, his false teeth flew out and rattled on the floor. It was due to some laxity of the muscles in dissolution. It left the old man grinning hideously. When Darrow was in his casket, thousands viewed him without a smile or a tear. Viewed him with a cold curiosity, with a wondering admiration.

We need lawyers to protect us from lawyers. Darrow never lost a case. He knew all the sinuous by-paths by which justice is defeated. It was said in his favor that he never prosecuted, but always defended, and always stood for the under dog.

This is a commendable trait, but how little perhaps does this Darrow trait atone for the millions of faiths he destroyed—leaving nothing in their place but—nothing.

"Alas for him who never sees
The stars shine through his cypress trees,
Nor looks to see the breaking day
Across the mournful marbles play—
Who has not learned in hours of faith
The truth to sense and flesh unknown,
That Life is Lord of Death
And Love can never lose its own."

Stewart Vindicated.

The friends of Deputy Raymond Stewart of King congratulate him for his complete vindication in the recent Winston-Salem affair wherein the Stokes officer was framed by some Winston-Salem boot-leggers and crooked policemen. Stewart's record is of an efficient and conscientious officer and at the same time that he was given a clean bill of health by the Twin City police system it also demonstrated its own efficiency and conscientiousness by firing the crooked officers.

Our Weekly Questionnaire.

When the Supreme Court this week decided in favor of the public utility holding company act, there were six judges voting for the administration bill. What judge voted against it, McReynolds?—you guessed right.

When the Senate this week passed the government reorganization bill, a new deal measure, one of the North Carolina Senators voted for it, the others against it. Which one opposed it? Bailey?—Yes. You are fine.

SANDY RIDGE NEWS

Continued from page 1.) music was furnished by Miss Ruby Robertson and Mrs. John A. Dodson which was greatly enjoyed. Miss Laura Ellington gave a most interesting talk on the History of the Ladies Aid. Miss Ruth Williams gave a very entertaining reading on "The First Caller."

During the business session a committee was appointed to get the remodeling and painting of the church begun at once. Various ways of raising money was discussed. It was decided to have a rummage sale and an apron contest.

Miss Ruby Robertson was added as a new member. The April meeting will be held with Miss Laura Ellington.

At the beginning of the social hour a most interesting bible contest was held with Miss Jessie Lee Fralin being the winner. She was presented with a beautiful picture.

Delightful refreshments were served which consisted of sandwiches, cake, pickles, candy and a drink.

LAWSONVILLE VS. SANDY RIDGE.

The Sandy Ridge boys baseball team opened the season by playing Lawsonville last Friday evening at Lawsonville.

4-H CLUB MEETING.

The Sandy Ridge 4-H Club met last Wednesday morning in the school building. The meeting was called to order by the president, Melvin Wall. The members, with Miss Jenkins and Mr. Brown sang "The Plow Song," and gave the club pledge and motto. The secretary, Nancy Joyce, called the roll and read the minutes of last meeting.

A very interesting program was given by the following members: Mildred Mabe, Zilla Pridy, Lenora Spencer, Opal Kington, Evelyn Joyce, Jeanette Poore, Ruby Bingham. Polly Priddy, Elizabeth Ferguson, Wilbert Wood and Maynard Joyce. The members then sang the song, "Sing Your Troubles Away."

Miss Ellen Jenkins, home agent, discussed 4-H projects with the girls, while Mr. J. F. Brown, county agent, discussed them with the boys.

After the business session concluded the club adjourned to meet in April.

"I RAISE TOBACCO"

I'VE BEEN PLANTING TOBACCO FOR 20 YEARS. I KNOW CAMEL USES FINER, MORE EXPENSIVE TOBACCOS. THEY BOUGHT THE CHOICE LOTS OF MY LAST CROP—PAID ME MORE FOR MY BEST KINDS OF TOBACCO. I SMOKE CAMELS BECAUSE I KNOW WHAT FINE TOBACCO GOES INTO THEM.

HARRY C. KING
knows tobacco because he grows it.

TOBACCO GROWERS are in a position to speak with authority about the kinds of tobacco that go into the various makes of popular cigarettes. They actually see, at the auctions, who bids highest to get the choice lots of their own crops. They know what cigarette does get the finer, MORE EXPENSIVE TOBACCOS. They know it's Camel.

Robertson Chemical Corp.,
Norfolk, Va.
Gentlemen:

I used 20 bags of "Gold Dollar" under last year's tobacco crop, and I liked it so well that I used it under my entire crop this season. To my estimation after using fertilizer for forty years, Robertson's is one of the best and I expect to use all Gold Dollar next year. I am enclosing some of my sales tickets.

Yours very truly,
(signed) E. E. MARION

Robertson's Special Ingredients Tobacco Brands contain bird-guano, nature's own rich, natural plant-food

Choose Robertson's Tobacco Fertilizers

When you buy Robertson's you are getting exact mixtures of special rich ingredients. In every bag are many forms of nitrogen to constantly feed the crop. We use such rich and varied materials as Sulphate of Ammonia, Nitrate of Soda, Fish, Urea, Bird Guano, Poultry Manure, Blood, Tankage, Cotton-seed and Vegetable Meal. Mixtures for tobacco contain 50% organic nitrogen and 50% mineral.

Robertson's tobacco brands contain Potash in three different forms—Muriate and Sulphate of Potash to give body and weight, and Sulphate of Potash Magnesia to help ward off frog-eye and sand-drown.

They are non-acid forming—rich in soluble Magnesia. They contain, too, needed minerals such as Copper, Iodine, Boron, Sodium, Calcium.

Do not accept any substitute. Get the best. Get Robertson's.
