ELECTION TIME

Sure as flowers grow in summer
And ten pennies make a dime
You can tell a politician
When its near election time.

That he's been a perfect stranger
Overnight to him you're known
And with outstretched arms
He'll greet you like you were his very own.

Suddenly, he's all ambition
And approves of each request,
Ev'ry man, in his opinion,
Is entitled to the best.

He becomes clean and courageous,
Honest to the very core;

And he's very sure to promise
Everything you're asking for
While he slanders his opponents,
Charging them with ev'ry crime,
He declares himself an angel,
And his platform is sublime.

He's been seen by ev'ry voter,
Met and heard in ev'ry clime,
You can tell a politician,
When its near election time.

Thinks The People Should Observe The Sabbath

The Scripture teaches me that in the beginning God created the Earth in six days, and finishing it he, God, looked back on the earth and saw that it was good without sin, and we know as he said it was very good so God rested on the seventh day from His labors, and he proclaimed it the sabbath day of rest. So God blessed the sabbath day.

God sanctified the sabbath day. And according to the dictionary sanctified means sacred, Holy, to set apart to a holy use—Genesis 2-12.

If God rested on the sabbath and hallowed it, I think it be-

hooves everybody else to remember the sabbath of the Lord and keep it holy.

The sabbath was made for man. Mark 2-27. I can clearly see why the whole world is in so much trouble, when I go to other churches on the sabbath day passing stores open doing all kinds of business selling anything from a bottle of Red Top beer to a sack of chop.

Not long ago I started to church and saw three stores open, and great crowds of men, boys and girls around that should have been taught at home of the sacredness of the sabbath day.

If people were as obedient to God's laws as they are to man's laws we wouldn't have to have all this trouble that is in our land

today sending the boys to all parts of the world to protect our freedom and there are so many I am afraid they don't even realize yet what all of this meant.

Jesus said render unto Casesar the things that belong to Casesar and to God the things that are Gods' and the sabbath belongs to God and we are God's creation and he says for us to respect his laws by keeping his holy day—and I think it it a high time for us to wake up to our profession as we claim to be a Christian country, but are we?

If there was ever a time in all our lives that we need to call upon a most Holy God it is now. When our homes, families and our freedom is threatened and I think if we had more praying and

God fearing a God loving people we would do as much, or God would help wonderfully in helping preserve our land and freedom.

We hear so much these days of folks saying their freedom and privileges has been taken away, I tell you one thing there is a good way of preserving your freedom and privileges just keep God's Sabbath and obey him, then you will begin to know just how much freedom you have missed. God gave his son to set you and me free, and when he sets us free we are free indeed. So lets everybody get free.

Please read Exo. 20-20, Ezek. 31-31, Deut. 5-15 and Jonah 58-13-14.
