DOUBLE WEDDING TUESDAY NIGHT

COUNTY GAME WARDEN AND HIGHWAY PATROLMAN TAKE UNTO THEMSELVES WIVES—OFF ON HONEYMOON

County Game Warden Carl Ray Flinchum and Miss Bessie Joyce, State Highway Patrolman Bristol Dellinger and Miss Frances Alley were married Tuesday night about 8 o'clock by Elder J. Watt Tuttle of Meadows at his home. Witnessing the double ceremony besides the family of Elder Tuttle were Sergeant and Mrs. Mitchell and other members of the State highway patrol of Winston-Salem, and Deputy Sheriff and Mrs. Burke Smith of Danbury.

Many of the friends of the respective couples knew of the approaching affairs, but had not been apprised of the date, so the weddings were quite a surprise. After the vows the two happy couples left immediately to visit Asheville and other points in western North Carolina, and are expected to be absent for several days on the honeymoon trip, after which they will return to their respective duties at Danbury.

Mrs. Flinchum, who was Miss Bessie Joyce, is a daughter of Mr. and Mrs. Clyde Joyce of Sandy Ridge. Mrs. Dellinger, who was Miss Frances Alley, is a daughter of Mr. and Mrs. Joe Alley of King. Each of these young ladies have for several years held positions in the AAA office here,

and are highly regarded for their attractive personalities and their efficiency in their positions.

Carl Ray Flinchum is a son of Mr. and Mrs. J. T. Flinchum of Danbury. He has been engaged as the county game warden or protector for a number of years, and is a valued employe of the State.

Bristol Dellinger has been acting as State highway patrolman with headquarters at Danbury for several years. He is a vigilant and efficient officer.

Both brides and both grooms enjoy the esteem of a large circle of friends, and are very popular at Danbury and elsewhere.

The friends of the newly-wedded pairs wish for them the greatest measure of happiness.

Aid to Enemy

"Any American who willfully neglects to pay his taxes on time or to invest every cent he can in War Bonds is surely giving aid and comfort to the enemy. . . . We have a job to do and we are all called for service to our country. Our dollars are called to service too. Let us all ask ourselves, 'Shall we be more tender with our dollars than with the lives of our sons?' — Secretary Morgenthau.

To Hasten Victory

No American wants this war to go one minute beyond the time we can bring it to a victorious end. To hasten that victory—to save possibly the lives of millions of our boys on our far flung fronts—it is imperative that every American do his part in the Second War Loan. There is an investment to fit every purse. The most you can do is little enough compared with the sacrifice offered by our boys in service. They give their lives—you lend your money.

Snow, Frost, Fruit Killed—Maybe Better Weather After Easter Next Sunday

Wednesday, a week ago, it snowed slightly here, one of the latest snows on record in this county. The Blue Ridge was white and the wind was bitter cold. There was plenty of ice in the early mornings.

This morning, April 22, there was a big frost.

The fruit crop throughout this section including the Virginia border counties, is practically all killed. Some estimates place the loss at 50 per cent.

Early vegetables have been snipped off.

Next Sunday is Easter, the latest in this century. It will not come again as late as April 25 in 100 years, so the meteorologists say.

Maybe after Easter we will have milder weather.

Bonds

Let every man, woman and child of Stokes county buy bonds to the limit of their ability.

The \$13,000,000,000 goal in the nation is going over the top. Already more than \$10,000,000,000 has been subscribed.

The Stokes county quota is only \$44,200. Let us not fail to measure up in this great duty and privilege, which means the feeding and clothing and arming of our boys for the great battle.

If our boys give their LIVES, surely we can LEND our money.

The security is the safest in the world. A U. S. bond is the pledge of the government to pay your money back to you, with interest. A \$10 bill in your pocket is worth no more than \$10 in bonds.

Help get Stokes over the top. Buy from Stokes agencies, and if you have bought from outside sources, notify Miss Grace Taylor, chairman, so that Stokes will get credit for your purchase. Only one more week after this—buy now.

Hundreds of Stokes people are hoarding money that will be worthless if we lose the war. Don't let us lose the war because you did not help the government bear the colossal expense of the war.

Invest every dollar you can spare. It will buy planes, tanks, powder, food and clothing for our boys who are every day leaving for the war fronts.

You can't lose on Uncle Sam. Buy to the limit.

There's always a bright side: 50,000 pounds of coffee were destroyed in a Columbus, O., fire. Think of the cream that saves.

If you haven't gotten around to buying a Second War Loan Bond, stop and think what it would mean to you if our soldiers hadn't gotten round to the fight.

WAREHOUSEMEN MEET IN RALDIGH OVER MANPOWER

Raleigh, April 19.—Presidents of tobacco belt associations in North Carolina discussed with Governor Bruoghton today possible solutions to the manpower shortage during the tobacco warehouse season, and agreed to withhold a definite program pending a series of meetings, the next to be held Wednesday in Danville, Va.

The principal task, the tobaccoists agreed was to effect an adjustment during the warehouse season to relieve farmers of the selling rush just when the harvest season was upon them. No definite proposal was made to change the auction dates.

Those Present.

Attending the meeting were L. L. Gravely, of Rocky Mount, vice president of the Tobacco Association of the United States; H. A. Easley, of Wilson, president of the Eastern Tobacco Belt association; John S. Watkins, of Oxford, president of the Middle Belt; E. D. Matthews, of Winston-Salem, president of the Old Belt Tobacco association; Wesley Singletary, of Lake City, S. C., president of the Border Belt; Harry B. Caldwell, director of the state farm manpower commission; Dr. Clarence Poe, chairman of the executive committee; Dr. J. S. Dorton, federal manpower commissioner for North Carolina; Dean I. O. Schaub, of the State college extension division; Agriculture Commissioner W. Kerr Scott, Senator Con Lanier and James S. Ficklin, both of Greenville; W. P. Hedrick, tobacco specialist of the state agriculture department, and others.

The Danville meeting will be attended by a committee of the Tobacco Warehouse Association of the United States. Warehousing and processing will be discussed there and a definite plan formulated. Other meetings will follow and a final one will be held with the Governor.

Price Ceilings To Be Investigated

In line with the President's April 8 "hold-the-line" order, the Office of Price Administration has held for further consideration dollars and cents retail ceiling prices on beef, pork, lamb and mutton. C. E. Davis, chairman of the Stokes County War Price & Rationing Board, announced today.

The schedule of dollars and cents ceilings on these four meats was to have gone into effect April 15.

OPA's action in postponing the effective date of the new pricing regulation until May 17 was taken, Davis said, in order that the prices which it established might be scrutinized closely in the light of the presidential directive which was issued after the OPA pricing schedule had been announced.

Regional and district offices of OPA have been instructed to make an immediate check of the retail ceilings as set forth in the

Rationing

The Rationing Board office at Danbury will be closed on Easter Monday. Meeting of the board will be held on the following Tuesday.

Coffee stamp No. 26 expires April 25th.

Coupon No. 12 is good for 5 pounds of sugar and must last until May 31st.

Number 5 coupon in "A" book is good for 3 gallons of gasoline and must last until July 21. This allows approximately 1 1-2 gallons per week for each car.

Farmers requiring gasoline for cars or equipment must contact their township AAA committeeman who will file their applications and present same to Rationing Board.

Ceiling prices now prevail on eggs, poultry of all kinds, cured hams, fat back, green vegetables and various other commodities. Farmers selling these articles and all local merchants are under these price ceilings which may be had by application to the board. Black market dealings are being closely checked and sellers should use every care to stay within the price limits. All cafes and eating places must by May 1 file with the Board the prices charged for all foods from April 4 to April 10.

The tire situation is still critical. Every care must be taken to preserve the supply. Car owners should be advised to drive slow, conserve gas, and conserve tires. Authorities state that tires are in sight before the rationing. Canning sugar will be rationed about the same as last year, however, none is yet available.

Dietitians say peanuts are a good substitute for meat. Thereby recognizing the "nut" in nutrition.

Americans spend more money for gum than religion. Probably because gum is used every day.

order against retail prices in effect at the time of the President's order. On the basis of these surveys, together with trade meetings which will be called immediately, OPA will determine whether revisions are needed, Davis explained.

Until dollars and cents ceiling prices become effective, merchants will continue to sell beef, veal, lamb and mutton under ceilings established by the General Maximum Price Regulation.

Specific dollars and cents prices on retail pork cuts were not affected by the action.

ONE A DAY VITAMIN TABLETS THINK OF IT! Your minimum daily requirements of A and D Vitamins or of B Complex Vitamins, in one pleasant tablet. Remember the name ONE-A-DAY (brand) Vitamin Tablets.
