

LOCALS

W. F. Marshall and B. B. Walker, Walnut Cove citizens, were in Danbury Monday.

Miss Laura Ellington of Sandy Ridge visited the court house on business Monday.

Roy S. Redding of Mizpah was a visitor here Monday.

Mrs. E. G. Lawson of Lawsonville was in town Monday to get her car fixed. Mrs. Lawson has 3 boys in the armed services.

Robert A. Joyce, who holds a position in war work at Norfolk, Va., is here on vacation for a few days at the home of his parents, Mr. and Mrs. H. M. Joyce.

Miss Angela Taylor left today for Chapel Hill where she will attend summer school.

Miss Prather Hall and her guest, Mrs. Helen Poland, will return to Wilmington after visiting Mr. and Mrs. J. W. Hall.

J. A. Robertson, Lawsonville citizen, was here Tuesday. He says crops looking good, they have had fine rains, wheat what there is of it, very good.

Ellen Kate Pepper is here to spend a week's vacation with home folks, the family of Mr. and Mrs. N. E. Pepper. She holds a position under the civil service at Arlington, Va.

Paris Pepper, who is in training at Bambridge, Md., naval station, is expected home tomorrow (Friday) on a 10-day furlough.

Bob Francis of Francisco was here Saturday.

Court one week from next Monday will convene with 7 cases on the docket, the shortest calendar ever. But there is one case, State vs. Merton Jessup, charge murder, which may consume several days.

Gardens are in fine shape since the recent rains. Corn and tobacco are reported excellent.

Miss Nellie Joyce has arrived home after the closing of the Winston-Salem schools where she teaches. She was accompanied here by Mrs. Ruby Joyce who will spend a few days with her.

Mrs. Jessie P. Christian, Mrs. J. W. Hall and Mrs. W. S. Hunt visited their kinsman J. W. Pepper at Christiansburg, Va., Tuesday. Mr. Pepper, who has been quite ill during the past winter and spring, is much better.

T. J. George has withdrawn from the race for Virginia State Senator. Mr. George had recently announced his candidacy.

Mr. and Mrs. Robert Sisk of Winston-Salem visited their parents, Mr. and Mrs. A. G. Sisk, Sunday.

Sam J. Simmons of Westfield Service Station was here Tuesday. He says they had a good rain. Sam conducts a prosperous garage business and store near Reynolds school. He says his business is best it has ever been. He is one of the most efficient merchants in the county.

Frances Love returned Monday to Brevard College where she will attend summer school.

Mr. and Mrs. Elmer Petree, Jean Carol Beck, and Mr. and Mrs. William McCannless were those from here to attend the wedding of Miss Iris Gray Voss and Gerald Charles Yonetz Sunday afternoon in Winston-Salem.

Mrs. Frank Burton, Jr., of Greensboro spent several days here the first of the week.

Mrs. R. R. King is visiting her daughter, Mrs. Earl German, and Mr. German in Elmira, N. Y.

Miss Luna Taylor, Mr. and Mrs. L. H. van Noppen, Mrs. Sallie P. Pepper and Mrs. Fred Pepper attended the graduation exercises at Woman's College, Greensboro, Monday. Miss Julia Pepper was a member of the graduating class.

Mrs. J. Spot Taylor returned this week from Guilford College where she has been attending the graduation exercises and reunion of her class.

Lawsonville News

By MRS. E. G. LAWSON Lawsonville.—The Home Demonstration Club met with Mrs. T. N. Tuttle Tuesday afternoon. Miss Rosa Bryan, the home agent,

demonstrated canning fruit and vegetables, and drying. It was very interesting and helpful to all present. Those present were Mesdames R. A. Robertson, B. O. Sheppard, E. G. Lawson, W. W. Smith, O. E. Smith, C. E. Neal, T. N. Neal, Frank Lawson, R. A. Martin, Neal. Several youngsters were present. Mrs. T. N. Tuttle gave a contest, with Mrs. O. E. Smith being the lucky winner. The club will meet with Mrs. E. G. Lawson in July the first Wednesday. The hostess served delicious refreshments, assisted by Mrs. O. E. Smith.

A revival started at Snow Hill Methodist church Wednesday, June 9. Everybody is invited to come out and take part.

Miss Eula Tilley spent her vacation here with home folks last week. Miss Tilley holds a job at Martinsville, Va.

Pvt. Ross R. Lawson, who is stationed at Fort Jackson, S. C., spent the week-end here with his parents. He was accompanied to the bus station Sunday by Frank Tilley, Jr.

Mrs. Flora Clark of High Point is spending this week here with relatives. She is a sister of Mrs. E. G. Lawson.

Several boys left here Wednesday for camp.

Calvin Mabe has bought himself a Panama hat. It is the talk of the big village of Lawsonville when not talking war. Calvin wears his hat all the time. It is said that he sleeps with it on, so it must be very valuable. No one knows what it cost him, but as he thinks so much of it, must be of great value. We have given him a new name: "Panama Hat Men". He is known from coast to coast by that name.

CALVIN MABE PULLS A PARTY

Feeds His Guests On Turtle, Frog's Legs and Fried Chicken—Popular Lawsonville Garage Man Entertains Friday Night

Calvin Mabe, the popular Lawsonville garage man, entertained a large number of his friends at the picnic spot on the county home grounds, by the spring and under the shady oaks, Friday night.

The menu, which was prepared by the efficient caterer Garfield, consisted of frog's legs, turtle and fried chicken, and to say the guests were pleased with such a unique and toothsome layout, would be to put it very mild indeed.

Mr. Mabe's guests were as below mentioned:

Sheriff Worsham and Clayborn Watts of Rockingham county; Sheriff John Taylor, Carlos Lavis, W. F. Marshall, R. L. Smith, Bill Bailey, B. E. Walker, T. J. Byerly, Carl Ray Finchum, Sam B. Lewis, Will George Carl Ray, Bristol Dellinger, H. P. Loftis, Ed M. Taylor, W. H. Eranock and W. L. McKenzie of Mt. Airy; Matt Simmons, J. Reid Forrest, Jr., R. J. Scott, Cleve Lawson, Oscar Fallin, S. P. Christian, Reid George, Leonard van Noppen, D. C. Kirby, Ralph Mills, Johnson, S. A. Finchum, Dr. DeHart, Dr. Helsabeck, Eoley Tuttle, N. E. Pepper.

Present collections of waste fats are about 85 million pounds annually.

Illness and industrial accidents account for more than 50 percent of absences from war work.

JUNE TERM, 1943, STOKES COUNTY CRIMINAL COURT

Calendar

His Honor, ALLEN H. GWYN, Judge Presiding

TRIAL DOCKET

Monday, June 21, 1943

- 61. John C. Middleton (Warrant) O. C. L.
62. Dolphus Vaughn (Warrant) O. C. L.
73. Paul Swain (Warrant) O. C. L.
67, 68. Glen Evans (Warrant) A. D. W.
71. Lester Collins (Warrant) Reckless driving
72. Ernest Bullin (Warrant) Larceny
76. Merton Jessup (Warrant) Murder

Cases not reached on day set for trial will be heard as court may direct.

J. WATT TUTTLE, Clerk Superior Court.

BREAKDOWN

IN THE KITCHEN

You would be rightfully indignant if anyone accused you of sweeping trash under the rug. But have you seen the drip pan in your kitchen stove lately? Yet the serviceability of your electric range and other equipment depends in large measure on their treatment.

Is there a sticky crust around your burners? Is your oven rusty looking? Is the porcelain stained and cracked? These are signs of sabotage in the kitchen.

Why not act upon these tips?

- Clean your gas or electric range and your refrigerator as you would a china dish, washing with soapy water, rinsing and wiping dry.
• Wipe up spilled foods often—never let them harden and dry.
• Clean ovens only when cool, using warm, soapy water on lining and racks. Be sure to rinse and wipe dry.
• Heating units burn themselves clean—should be brushed, not washed.
• Look out for loose bolts or screws which might give trouble. Keep a screw driver among your kitchen knives and spoons.
• Save food and fuel by combining meals.

HOME SERVICE DEPARTMENT,

DUKE POWER COMPANY

STEVENS BEAUTY SHOP

Lawsonville, N. C

Shop Will Be Closed On Monday and Tuesday Until September 1st.

- Permanent waves ----- \$3 to \$7.50
Shampoo & Finger wave ----- .75
Haircuts ----- .50

ALL WORK GUARANTEED s

MRS. M. O. STEVENS, Operator

You Don't Have to Stand in Line . . .

To Buy ELECTRIC POWER

THAT'S TRUE, even though the electric light and power industry in America was called on to produce, in 1942, the greatest amount of electric power in history—189 billion kilowatt-hours!

And at the same time the average cost per kilowatt-hour to the consumer was lower than ever before!

Not only were all the demands of war plants, military camps, naval stations, and arsenals met—but there remained 27 billion kilowatt-hours of electrical energy to take care of the needs of shops and stores, 30 billion for homes, 13 billion for public transportation, street lighting, and other uses.

These are some of the accomplishments of the electric light and power industry and of the electrical manufacturers who build the equipment used to generate, distribute, and utilize electricity—working together with the teamwork so typically American.

How We Helped

POWER GENERATION. More than one half of all the electric power generated by electric light and power companies in the U. S. is produced by generators manufactured by General Electric.

And such has been the improvement in the efficiencies of turbine-driven generators that if the electric power used in 1942 had been produced with the machines of 1924, it would have required more than a million extra cars of coal and one hundred and forty thousand men just to mine and haul this extra coal.

POWER DISTRIBUTION. To have ample power available wherever new war plants have sprung up requires large and highly efficient transforming and switching equipment and the solution of highly intricate engineering problems. General Electric has had a hand, and a head, in the development and manufacture of much of this equipment.

POWER UTILIZATION. Building machines, lamps, and appliances that put electricity to work more efficiently in factories and homes is one of our most important jobs. The United States has more of these electrical helpers than any other nation. In 1942, the average home used twice as much electricity as in 1930, and in those 12 years the average price per kilowatt-hour decreased 40%.

This is only a small part of the story of America's electrical industry. When the full story becomes history with the passing of the years, it will reveal a group of men who, with a determination which new nations prize, kept co-operatively developing new and better equipment, increasing generating capacity, lowering costs, expanding service, planning always to be ready for the demands of the future. It will be a story of remarkable vision and courage—for it all had to be planned, and the work started, years ahead of the need.

The next time you meet a man from your electric service company, be he the local manager, or meter reader, or spured linemen carrying out his assignments in rain, sleet, or heavy winds, give him a word of encouragement—for he is the man who is making it unnecessary for you to stand in line for electric power. General Electric Co., Schenectady, N. Y.
