

Coble Dairies Gets New Manager

Clarence Martin, of Reidsville, has been appointed field representative and manager of the receiving plant of Coble Dairy Products at Walnut Cove, according to an announcement by Coble Dairy Products, with principal offices in Lexington. Under this arrangement, Mr. Martin will have complete charge of the operations of the Walnut Cove plant, and also do field work with milk patrons in the area served by the plant. Before coming to Walnut Cove, he worked for the company as field representative with headquarters at Reidsville. Mr. Martin is a graduate of Bethany High School in Rockingham county, where he made an outstanding record in vocational agriculture work under the Future Farmers of America organization. He won the award of American Farmer, which is a national honor. Before coming with Coble Dairy Products, Mr. Martin held a responsible position with the Soil Conservation Service in Rockingham county. He was born and reared on a dairy and tobacco farm near Reidsville.

Listen to Morgenthau-Marshall Tell Power of Payroll Savings!

Washington, D. C.—How important is the average worker's war bond purchases out of his pay every payday in the grand strategy of the Allied High Command? Does the extent of his or her War Bond allotment have a part in determining when, where and the strength of our military blows?

George C. Marshall

Any worker listening in on a recent conversation between General George C. Marshall, President Roosevelt's Chief of Staff, and Secretary of the Treasury Henry Morgenthau, Jr., learned the answers to these questions.

Said General Marshall: "Mr. Secretary, I want you to answer a question for me and to answer it with complete frankness. Can we military leaders plan to fight this war in an orderly way—in the surest and most effective manner—or must we take extraordinary risks for fear the money will not hold out?"

Replied Secretary Morgenthau: "General, the American public will take care of that. What they have done in the Second War Loan drive—the money they have produced and the spirit they have shown—is proof enough for me that they will not let our fighters suffer from lack of support until we achieve complete victory, no matter how long that may be nor how much it may cost."

Up your War Bond allotment out of your wages today. Figure it out for yourself how much above 10 per cent it should be.

Henry Morgenthau, Jr.

RATIONING

(Continued from page one) lation not to do. It is also a serious offense for any service station operator to accept stamps for any other car than that designated on the stamp or to sell gasoline without stamps or to in any case accept loose stamps or coupons from any person. Indictments are being made in every section of the country and penalties are severe. A close check-up on all stores will be made soon to determine if price ceilings are being adhered to. Inventories will also be made of all rationed food and meat products in various stores over the county to see that rationing stamps are being required for the purchase of these articles. Merchants who are unable to account for the inventory or the stamps will be unable to restock their inventory. Inspectors are busy in every part of the State making these surveys of stores, service stations and other places where gasoline, food and meats are distributed.

It's common sense to be thrifty. If you save you are thrifty. War bonds help you to save and help to save America. Buy your ten percent every payday.

FOR VICTORY BUY UNITED STATES WAR BONDS AND STAMPS

To Hasten Victory

No American wants this war to go one minute beyond the time we can bring it to a victorious end. To hasten that victory—to save possibly the lives of millions of our boys on our far flung fronts—it is imperative that every American do his part in the Second War Loan. There is an investment to fit every purse. The most you can do is little enough compared with the sacrifice offered by our boys in service. They give their lives—you lend your money.
