'Last Will, Testament Of Adolph Hitler' Sent in By Ivey Royal

The Danbury Reporter, Danbury, North Carolina.

Dear Editor:

Please print the enclosed article in your next issue:

Yours very truly,
IVEY ROYAL,

LAST WILL AND TESTAMENT OF ADOLF HITLER

Alias

Adolph Schickelgruber

I, Adolph Hitler, being of unsound mind and misery, and considering the possibility of a fatal accident known as assassination, declare this to be my last (you hope) will and testament.

To FRANCE, I leave all the beautiful Madamoiselles in occupied Paris. I was never the one for girls. WHOOPS!

To ENGLAND, I leave the original manuscript of MEIN KAMPF, which their R.A.F. spoiled. I had written a different finish, but their fliers got me in the end.

To NORWAY'S QUISLING, I leave my DOUBLE CROSS. He was a PIKER compared to me, when it came to double crossing.

To POLAND, I leave a 16x10 gold-framed photograph of myself to hang in their public schools to scare the hell out of any kid who might THINK along Nazi lines.

To THE JEWS, I leave a new HOLIDAY, which they will celebrate annually. The whole world knows I was KIND to them but they somehow did not seem to appreciate it.

To AMERICA, I leave Walter Winchell who always said, "To HEIL with Hitler". I know he'll be very busy on my funeral day so he'd better not come—Business before pleasure.

To MUSSOLINI, I leave my Chaplin mustache, which he is to make into a toupe for his ivory dome. He will need a disguise to hide from the Italians who know what a mess he got them into.

To RUSSIA, I leave all my FROZEN assets. I never could warm up to Comrade Stalin, or get near enough to Moscow to ev-

en smell VODKA.

To FRANKLIN D. ROOSEVELT, I leave my apology for interrupting his ~~thing~~, but he got even. His "Unconditional Surrender" agreement at Casablanca certainly cooked my goose.

To GOEDELLELS and RIBBENTROP, I leave 30 million marks (two dollars) to buy a gift for my mother and father who are getting married the day I die.

To COUNT CIANO, son-in-law of Mussolini, I leave the Victoria Cross for bringing down in ONE day, 41 bombers and 72 fighters—all ITALIAN.

To JAPAN (Land of the RISING SCUM) HIROHITO, I leave all my medals which will help him sink quicker when he goes down in the Pacific.

To THE GERMAN PEOPLE, I leave all pictures of myself, especially those printed on soft paper, as I know what they will do with them.

To HIMMLER and GOERING, I leave the final execution of my will as they are experienced at executions.

TO THE ENTIRE WORLD, I JUST LEAVE, AND WILL THEY THANK GOD!

MY FINAL WISH is that I be buried in an ASBESTOS SUIT, as I will need it where I am going.

ADOLF HITLER

Alia Adolf Schickelgruber

Dated: Very Soon.

ASSISTANT AGENT TAKES OVER NEW JOB

R. C. Whitaker, who was formerly employed by Sears-Roebuck and Company, took over his new job last Wednesday. He comes to us with the attitude of doing everything he possibly can for the farmer. It is hoped that you will call on him whenever he can be of service to you.

Mr. Whitaker will devote the most of his time to 4-H club work throughout the county. Since our youth is the ones who will carry on in future years, we hope the Extension Service can be of real help in training them in agriculture and in keeping them on the farm.

FARM LABOR ASSISTANT GOES BACK TO SCHOOL ROOM

The agricultural agencies of Stokes county are very grateful to R. M. Green, who has been working with the farmers this summer. We feel that he has done everything possible to keep qualified farmers on the farm and to aid them with their labor problems.

Although there are a few scattered grain crops that are not yet threshed, he has aided the threshers and combine operators in routing their machines. He has made a complete inventory of all mowing machines and hay rakes in the county. Therefore, if any farmer finds that he has difficulty securing one of these machines in saving his hay crop, we will be glad to help you. We can inform you who has a machine in your neighborhood.

CALF SHOW

Several 4-H Club and FFA boys are busy fitting and training their registered calves for the Piedmont Dairy Show to be held at the Winston-Salem fair ground September 17. The Dairy Calf show is being sponsored by Coble Dairy Products. Mr. Coble will give \$1500.00 in prizes.

If you are between the ages of 10 and 21 and have a registered calf, please contact the County Agent or S. B. Brandon, King. We are anxious for Stokes county to be well represented in this show. Both males and females will be showed. If you want to exhibit an animal in the show and do not yet have one, you can still buy a calf and exhibit it in the show. S. B. Brandon or the County Agent can tell you where registered calves can be bought.

JERSEY SALE

Next Tuesday, Sept. 7, 44 head of registered Jerseys will be sold at the fairgrounds in Statesville, at 12:30. These animals are selected from leading Jersey herds in North Carolina and are being sponsored by the North Carolina Jersey Cattle Club. Several farmers from Stokes county plan to attend the sale. If other prospec-

tive buyers are interested in attending the sale, please contact the agricultural teacher at King or the County Agent.

MORE LEGUMES, NITROGEN

Your attention is called to the fact that our government is urging farmers to plant more legumes and thus reduce the large demand for commercial nitrogen and protein. All of us realize the severe feed shortage and high prices. But are we doing anything about it? In most cases the answer is "no."

Now is a good time to prepare land for the seeding of Crimson Clover, Austrian Winter Peas, Alfalfa, Rye Grass and small grains. The AAA has a large supply of Crimson Clover seed and Austrian Winter Peas. These can be secured by any farmer without any cost to him at the present. The pay for the seed will be deducted from next year's Soil Conservation payment. Farmers, this is a good investment. Take advantage of it.

The seeding recommendations for Crimson Clover are as follows: Crimson Clover should be sown on limed soils, and, to insure maximum growth, fertilized with 200 pounds of 0-14-7. It should be sown as early in September as possible in order to obtain large growth in time to turn under in the spring, or to be used for grazing. It is recommended that you sow 25 pounds of seed to the acre and inoculate them unless you have been growing Crimson Clover on the soil. Our creek and small stream bottoms are especially adapted to the growing of Crimson Clover.

Austrian Winter Peas are also available at the AAA and are recommended to be sown in combination with small grains for soil improving, grazing, or for hay. One hundred pounds of seed will sow 3 acres. They, too, should be inoculated. The inoculation can be bought at Danbury.

One dollar in war savings stamps pays for an army trenching shovel to build foxholes.

THE SCHOOL FRONT OPENS

School will be a little different this year— a little more intense, a little more serious because we are at war.

Harder work and harder play mean added fatigue—especially for young eyes. Let's protect our precious vision by seeing that every child gets good lighting habits.

Lighting Hygiene requires clean lamp bulbs and diffusion shades, clean ceilings, and proper exposure of work material to the light source.

Simple measures—but very important for the whole family!
