# Battle Hymn...

Work of America's millions is rising to a powerful crescendo . . . echoing throughout the world . . . sounding the death knell of the enemies of freedom.

Work is the battle hymn of America!

Everywhere in this land — in war factories, great and small . . . in shipyards . . . in offices . . . in forests, fields and mines, and over the humming rails . . . work of America's millions is producing and moving the greatest flood of machines and materials of war in the history of the world.

But the end is not yet. Work and the swelling tide of production must be carried on — with ever increasing speed and volume. We must and will supply our great fighting forces and our fighting allies for their supreme effort, with overwhelming superiority of equipment, in quantity and quality. They can and will smash the enemy into complete and utter defeat.

When Victory is won, America's millions must work on . . . to win the Peace. With the same American initiative and resourcefulness that made this nation great, we will work on and win the Peace, and help to build a better world for mankind.

DIG IN our good earth — and help relieve the food and manpower shortage by turning your backyard or other available ground into Victory gardens. No vegetables taste so good as those you plant and raise with your own hands. But far more important, you will have the deep down satisfaction of knowing that you and your family are working for Victory.

# NORFOLK and WESTERN Railway

ONE OF AMERICA'S RAILROADS . . . ALL UNITED FOR VICTORY!

BUY MORE WAR BONDS

## King Seniors Will Present Play 7th

By E. P. NEWSUM

The senior class of King High School is pleased to announce that the annual senior play will be given Friday night, April 7, at 8:00 P. M., in the high school auditorium.

This year's production is Ned Albert's adaptation of Mary J. Holmes' world famous novel, Tempest and Sunshine. The story is too familiar to be told here. Suffice it to say that it hinges around two sisters and their experiences in their lovely Southern home just twelve miles from Lexington, Ky. The parts of "Tem-

pest" and "Sunshine" will be played by Annie Lee Wall and Carolyn Turner, respectively. Those of you who saw the very excellent production of "Lena Rivers" by the class of 1941, will be equally interested in seeing the class of 1944 produce Tempest and Sunshine which was written by the same author.

Those taking part in the play are: John Phillips, Argie Sisk, Betty Lou Smith, Bill McGee, Estelle Spainhour, Frank Fowler, Bill Jones, Rachel Booze, Dena Long and Erlene Falkenberry. Miss Amy Moore is director and Morris Moser is business manager.

Don't forget the date, and tell all your friends to reserve the evening for the fun and entertainment provided by Tempest and Sunshine.

## RATIONING NOTES

(From local office)

The following have been designated to fill in applications for supplementary and special gasoline allotments for passenger cars and non-highway use. The persons automatically become members of the Gasoline Panel of Stokes County Rationing Board: Ed M. Taylor, Danbury—office

at courthouse. Ellis F. Stone, Pinnacle—office at Postoffice.

Gladys W. McPherson, Walnut Cove—office, Main St.

A flat fee of 25 cents will be charged to fill the blanks, complete the information and forward it to the central office for board action.

Arrangement is being made to establish these offices branches in every section of the county. A complete list will be announced soon.

All applications for truck gasoline must be presented directly to the office at Danbury, accompanied by ODT Certificate.
