

THE FIRE TRAPS GO!

The Old Blackwell Stable Is at Last Torn Away.

Vance County Candidates Have a Lively Fracas.

POLICE COURT DOES SOME BUSINESS

People Who Come and Go—Brief Briefs of Interest to All Readers of The Globe.

Another fire trap and public eye sore has been removed.

And all Durham is glad.

The old Blackwell stable which formerly occupied the lot on which the graded school building now stands, and which during the construction of the latter has been used for a storage building, has at last been torn away.

In view of the fact that its weather stained and dingy sides formed anything but a pleasing prospect for people living in that neighborhood, and that it greatly obstructed the view of the new school building, it had come to be regarded as a nuisance.

The contents were removed and the last board torn away Saturday evening, and a marked improvement is already apparent.

The old site has been graded down and now forms a part of the play grounds which will in time be beautiful with grass and shrubbery and made to correspond with the building.

Every old building that makes room for a new is in the way of solid growth, and soon the fire traps will all have disappeared.

—The Atlantic Seaside says: We chronicle with sincere regret the death of Mr. Willie Duncan, which occurred Monday night at 10 o'clock in the 19th year of his age. He had for some time been in charge of a telegraph office at Durham, and was brought home the early part of last week with typhoid fever. He was a young man of fine qualities and was much admired. We don't think he had an enemy in the world. He was an industrious young man and attended solely to his own business. We extend our most sincere sympathies to his brother and all connections.

AS WE GROW.

The Boom Now on Those Who Are in the Profession.

Now that it is given up by every one that a big boom is about to be inaugurated in Durham and that property is compelled to advance to double and treble its present value, it is the duty of every man, old or young, who expects to ever own a home, to secure it now while it is within his reach.

Dr. J. L. Watkins is building houses on very desirable lots and selling on easy terms to a number of our young business men. If you want a home, and what man or woman does not? See Dr. Watkins and even on a small salary he will make it possible for you to own one.

A POLITICAL FRACAS.

Democratic and Third Party Candidates Makes It Lively in Vance.

HENDERSON, N. C., Sept. 19. The third party people had a speaking here Saturday; much feeling and bitterness was engendered. The democratic nominee for sheriff, and the third party candidate for the same office had an altercation. No one was hurt.

Miss Nannie Hawkins, the 18-year-old daughter of Mr. Madison Hawkins, died on Friday night of typhoid fever and was laid to rest on Saturday evening.

Mr. E. G. Barnes, whose critical illness has been mentioned in THE GLOBE, is considered better this morning.

HENDERSON RESENTS

Citizens Indignant Over the Management of the Postoffice.

It is Claimed That the Public Can Get No Accommodation.

MOVE ON FOOT TO WRECK OFFICE

Dr. Moss, the Present Incumbent, is Accused of Many Things—His Politics Said to Be Shaky.

BURLINGTON, Sept. 19.—[Special.]—I learn to-day from parties just from Henderson that there is a movement on foot to wreck to postoffice at that place by getting the prominent business men—those who support the office—to form a combination and have their mail sent to some other point on the road, where it will be met by a carrier and brought to them through the country.

Such action, according to our informant, is the expression of a general and growing dissatisfaction on the part of the citizens over the conduct of the postoffice, which, under the present administration, has always been a constant source of annoyance and irritation, and which has now grown to such a degree of insolence that the people refuse longer to submit.

As will be remembered, when the appointments under Harrison were made, the Henderson postoffice was tendered Mr. Madison Hawkins, an educated and respected gentleman of that town, with the understanding that he employ as assistant, Dr. Pope, a negro who had claims which the party could not afford to overlook. Although a republican, and a good, loyal one, having suffered both socially and financially on account of his politics, Mr. Hawkins declined to accept upon such conditions and promptly withdrew from the race. Dr. Moss, who was more or less in sympathy with all parties, was equally prompt in signifying his readiness to serve the government and draw a government salary upon any and all conditions, and in consequence was soon duly installed with Dr. Pope as chief clerk and partner in the business.

To the mass of the citizens this arrangement was far from agreeable, yet Dr. Pope seemed to have an idea what he was there for, and while the service suffered greatly by contrast with that of former postmasters—Mrs. Wyche, republican, and Henderson, democrat—both having been equally acceptable, the people were not disposed to kick, but to make the best of the situation.

Some months ago, however, Dr. Pope left Henderson to engage in the drug business in Danville, Va., and since his departure it is stated that Dr. Moss has grown every day more negligent and more indifferent as to the complaints of his patrons, until his insolence has become intolerable. It is claimed that in order to make the most money out of it he employs no regular assistant, and that while he is selling stamps at one window people wait for their mail at the other—wait, and wait, and wait, until they grow angry and disgusted, and finally go away without it, seeing no prospect of ever being waited on. It is also stated that the office is left for hours in sole charge of a woman who is a notorious morphine-eater, and who, for the past five years, has been for a greater part of the time an inmate of various inebriate asylums without realizing any benefit; being always in a stupor and semi-conscious condition, she is inefficient and irresponsible.

With such an accumulation of aggravated grievances, the people at last seek redress, and while the movement is quiet it appears to be determined. As there is nothing else in sight, they will make the office such that nobody will want it, and by stopping his salary get rid of Dr. Moss, who is an ulcer in the side of the public, and who is alike unpopular with white and blacks, democrats and republicans. He is just now in the depths of despair over his failure to read the political horoscope; he is floundering in a whirlpool of doubt, afraid alike of democratic, republican and third party recusers, and in consequence will be dethroned by them all in November. POLICE COURT.

What the Crier Was at the Mayor's Office This Morning.

Monday is generally a very dull day for local or general news, but the mayor's court is usually a lively place on that day. There were six cases before his honor to-day for transgression of the law, bringing in a revenue of \$20.80 to the city treasury and leaving a deficit in the pockets of several transgressors.

Sam Thompson, boisterous cursing, judgment suspended on payment of cost, \$2.30.

Ella Street, boisterous cursing, discharged.

F. P. Beck, drunkenness, fined \$5.

Maynard Mangum, carrying concealed weapon, discharged, prosecutor paying the cost, \$2.90.

John Dezern, white, and Clay Harris, colored, an affray, fined \$1 each and cost, making a total of \$5.00.

C. W. Davis, photographer, conducting business without a license, discharged by paying for license.

A Fine Chance to Get a Home at Low and Reasonable Prices.

The Trinity Land company who, it will be remembered, bought the T. B. Lyon land near Trinity college only a few weeks ago, have already had the property laid off and platted into nice streets and lots, and are now ready to sell the lots to any person desiring to build. It is the intention of the company to build up a nice community out there. Lots will be sold reasonable, as it is not the purpose of this company to try to make a fortune out of it. For prices, etc., apply to J. B. Warren, general manager, or C. A. Jordan, secretary and treasurer.

TO BE MARRIED.

All the Way From Texas to North Carolina for a Wife.

Mr. Sidney Suggs, of Mt. Pleasant, Tex., and Miss Minnie C. Murray, of this city, will be married to-morrow evening at 7 o'clock at the residence of W. R. Murray, by Rev. J. L. Currie, of Burlington, and the happy couple will leave on Wednesday morning for the groom's home.

Our Public Schools

Are the main-stay of our republic. In them are being cultivated the minds which are to be our future law-makers and leaders in every walk in life. How essential it is that these minds should be united to strong, healthy bodies. So many children suffer from impurities and poisons in the blood that it is a wonder that they ever grow up to be men and women. Many parents cannot find words strong enough to express their gratitude to Hood's Sarsaparilla for its good effect upon their children. Scrofula, salt rheum and other diseases of the blood are effectually and permanently cured by this excellent medicine, and the whole being is given strength to resist attacks of disease.

A. F. Britton, Jackson, Tenn., writes: "I contracted malaria in the swamps of Louisiana while working for the telegraph company, and used every kind of medicine I could hear of without relief. I at last succeeded in breaking the fever, but it cost me over \$100.00, and then my system was prostrated and saturated with poison and I became almost helpless. I finally came here, my mouth so filled with sores that I could scarcely eat, and my tongue raw and filled with little knots. Various remedies were resorted to without effect. I bought two bottles of B. B. B. and it has cured and strengthened me. All sores of my mouth are healed and my tongue entirely clear of knots and soreness, and I feel like a new man."

R. R. Sauter, Athens, Ga., writes: "I have been afflicted with catarrh for many years, although all sorts of medicines and several doctors, did their best to cure me. My blood was very impure, and nothing CATARRH ever had any effect upon the disease until I used that great Blood Remedy known as B. B. B., a few bottles of which effected an entire cure. I recommend it to all who have catarrh. I refer to any merchant or banker of Athens, Ga., and will reply to all inquiries."

THE KEELEY INSTITUTE!

Twelve Years of Established Merit!

NOTE OF WARNING!

TO THE PUBLIC:

DWIGHT, Ill., April 30, 1892. As a matter of justice to ourselves and to the reputation of Dr. Leslie E. Keeley's Double Chloride of Gold remedies, for the cure of the liquor, opium, morphine and tobacco diseases and Neurasthenia, we warn the public that these remedies are used by no institution or sanitarium in the United States except those established by our company under the uniform name of "The Keeley Institute."

All others claiming to use our remedies are frauds and imposters. We have now sixty Keeley Institutes established in various parts of the United States where the Keeley treatment is administered and the Keeley remedies sold. We, however, caution all to examine well and know that they are dealing with genuine representatives, authorized by us, before taking the treatment or purchasing remedies. The fraudulent establishments use the name of "Bi-Chloride of Gold," or similar titles. The newspapers do not discriminate sufficiently to know that they are imitators, and so put down all accidents occurring at such establishments as being brought about by the Keeley treatment. This is a matter of much concern to us, hence this warning.

Respectfully yours,
THE LESLIE E. KEELEY CO.
Curtis J. Judd, Sec'y and Treas.
The Keeley Institute at Greensboro, N. C., is the only one in the state, and all representations that there is in the state any cure that is identical with, or the same as, the Keeley Double Chloride of Gold Cure are malicious, false, and made for the purpose of deceiving. We learn with indignant regret that such claim is being made, and feeling that if it be hurtful to us it will prove more disastrous to those who are deceived thereby, we sound this warning.
