## A FEARFUL CUT.

THE GREATEST SACRIFICE

OF THE AGE

—AT—

L. EDWARDS,

"THE FATHER OF LOW PRICES."

We are afraid if we don't do something now to reduce our Enormous Stock, we'll have to face a big glut before the end of this season. We have more than twice as many goods as we ever had at this time of the year, and, although our business has grown beyond all bounds, and is growing and expanding more every day, we are timid about holding on to these countless piles any longer than we can help. So to make sure doubly certain, we shall begin this week with a special of new goods that

WILL STAGGER

The Trade, and save you many a dollar. You may go to all the stores in this city—to those especially who are claiming "not to be undersold," and get their prices; then come to me—to the "Father of Low Prices," and you may rest assured that he will save you from 25 to 40 per cent. We bought these goods for SPOT CASH, and paid out \$75,000.

MY ENTIRE STOCK,

Embracing Dry Goods, Clothing, Boots and Shoes, Hats and Caps, Trunks and Valises, and numerous other lines, I shall offer "at and below cost," as these goods are bound to go, and the money must come. And last, and by all means the best and biggest of all the

BIG MONEY SAVERS,

I offer 500 Ladies' Cloaks, Wrappers and Jackets, in the newest and most beautiful styles and concepts of the Fashion centres of Europe, at about the cost of making and importing. We took these off an importer's hand a few days ago and we will give you the benefit of the bargain.

Do Us the Justice

And do not class this announcement with the Sensational, Unreliable Stuff you're apt to find all around us, and we are careful about our reputation.

PLEASE HEED THIS:

When you come to this city, don't allow yourself to be pulled in by other houses, but come right straight to this house and get my prices before you start buying.

L. EDWARDS,

"THE FATHER OF LOW PRICES."

Country merchants and dealers in general will save big money in buying of me all they need, as I can sell cheaper this season than New York, Baltimore, Philadelphia or Richmond houses. Remember that my establishment is opposite the Savings Bank.
