

THE HEADLIGHT.

OFFICIAL ORGAN OF WAYNE COUNTY. GOLDSBORO, N. C., March 23, 1893.

Y. M. C. A. DAY.

The Anniversary Celebration a Success in Every Respect.

The celebration of the fifth anniversary of our Young Men's Christian Association last Sunday was a great success.

Walter Jettings.

Several of our farmers will raise melons for shipment this season.

Miss Matilda Johnson is on a visit to relatives and friends at Wilson.

P. H. Howell is confined to his home with a severe attack of the grip.

Mr. and Mrs. G. W. Mitchell and the little ones, were visiting Mrs. Mitchell's father, P. H. Howell, Saturday and Sunday.

I think from the way a certain Walter young man has been visiting his "best girl" of late he surely means business later on.

Wheat in this section is beginning to make some show on the ground and if the weather would remain warm the fields will soon be perfectly green.

The matrimonial fever has struck a certain widower of this township and although his "best girl" has deliberately "kicked" him three times, he says, he's going to try again.

The fruit trees seem to be very late in blooming this season; I have not noticed a single bloom thus far, but so much the better as there is less danger of their being killed by the frost.

Among the many papers received at this office THE HEADLIGHT is always the most welcome, and being now all home-print, makes everyone want it first. I know of a family that drew straws last week to see who should have it first.

Pikeville Budget.

I regret to learn of the critical illness of the wife of Elder J. P. Moring.

E. F. Pate, who has been filling a position as salesman in a Baltimore dry goods house is home on a short vacation.

A few nights ago, while ex-Squire T. N. Wiggs was returning home from Goldsboro, his horse took fright and ran away, throwing him against a fence. A rail struck his left cheek, cutting an ugly gash, besides breaking two of his ribs. He is painfully, if not seriously hurt.

The Demorest contest that was to have taken place at Pleasant Grove last Saturday night failed to come off. The boss, the Pinkney doctor, failed to turn up and I will return the compliment paid me when he said that I had the wrong date—surely, he must have taken to dreaming.

Mrs. Matilda Sullivan, an aged widow lady, residing about one mile from town, while out doors washing Wednesday, had her clothes burned off her body, while standing too near the boiling wash pot. She is painfully burned and at first thought seriously, but from last reports she is improving slowly.

After a short illness with pneumonia, Levin J. Bedford, son of N. A. Bedford who died last week, departed this life Sunday evening at 7 o'clock, aged 20 years. He had only been married about five months, to Miss Martha Kirby, who survives him. The interment was made Monday evening in the family burying ground.

The monthly election of officers of the Pikeville reading club took place at the Alliance hall Wednesday night, with the following result: Paul E. Winstead, president; W. L. Ezzell, secretary; J. W. Hosen, marshal.

First on the program for next Wednesday night is an address by the president. Everybody invited to hear him, and those who fail to come will miss a treat.

Rev. Simon Mixon has returned home from a visit to Bethany.

Our young friend Milford Mitchell is seriously ill with pneumonia.

Frank Hosen and Walter Smith, of Pikeville, were visiting friends here Sunday.

Misses Ella and Mittie Blylock, of Fremont, were visiting relatives here Sunday.

Z. H. Edgerton returned home Saturday from a business trip to Wilson county.

Albert Jinnett and his estimable wife, near Fremont, were visiting in our midst last Sunday.

Mr. and Mrs. Ed. Pool have just moved into their new quarters and gone to housekeeping.

Miss Pearl Barnes, of Wilson county, was among us Sunday visiting Miss Nettie Blylock.

Our young friend David Mixon, of Oakland, returned home Monday. They say he is "smitten."

We learn that there will be a Demorest contest at Fremont Institute, Friday night, the 31st inst.

The Nahantia Prohibition Literary Society will meet next Saturday night, the 25th inst., at Nahantia church.

Charley Wiggs was looked in the eye by a cow a few days ago very painfully, but at this writing is improving.

Mr. and Mrs. Russian Pittman, of Johnston, were visiting here Sunday, the guests of Mr. and Mrs. Michael Edgerton.

Miss Della Edgerton, who has been sojourning among us during the past week, returned to her home in Selma last Sunday.

On account of the inclemency of the weather the contest to have been held at Pleasant Grove last Saturday night has been postponed till Saturday, April 8th.

AROUND ABOUT US.

The Movements of Our Neighbors Chronicled in Paragraphs.

Sampson.

We are pained to learn that Edwin Kerr, the young son of Hon. E. W. Kerr, is quite ill with pneumonia.

Mr. D. B. Nicholson, left on Monday afternoon for Asheville, Ga., where he enters into partnership with the law-firm of Littlejohn, Thomson & Co.

Would it not be a good idea for the town officials to provide some kind of a shelter for the fire pumps? As it now is they are exposed to the weather and will soon be ruined.

Married, March 8th, at the residence of the bride's father, G. W. Honeycutt, Esq., Miss Beulah Honeycutt to Rev. Mr. Usry, the Rev. Philip Usry, of the M. E. Church, officiating.

Rackley found, a few days since in a field near the home of Mr. Cain bearing the date 1769, with the image of George III. On the other side is the coat of arms of Ireland, with "Hibernia" as the superscription.

There is a charming and delightful spirit pervading some of the young ladies of our town which smacks pretty strongly of an anti-civilian sentiment. They have organized a bass-ball team and disport themselves gaily on the College greenward twice a week.

Johnston.

On Wednesday morning March 8th, Mr. Calvin Wallace departed this life, aged about 70 years.

The county authorities are having the jail whitewashed and cleaned up inside. Two of the prisoners in the jail are doing the work.

Rev. W. H. Puckett, assisted by Rev. J. M. Ashby, of the Clayton circuit, is holding a series of meetings in the Methodist church.

The funeral of Mr. J. B. Oliver, was preached by Rev. J. H. Worley at the residence of the deceased, near Pine Level, Sunday.

The family of James Price, of Pine Level, mourn the loss of their oldest child, a boy about 12 years old, who died with pneumonia Thursday.

Our town authorities are having the ditches in the town cleaned out and the streets worked. The health of a town depends upon the cleanliness of the same.

William Murphy, a young negro man, was placed in jail Monday under a \$400 bond for two caers. One for shooting at George Smith, colored, and the other for perjury.

Senator Poy got a bill through the legislature changing the time of holding the February and August terms of the Superior Court in this county, making each the fourth week in February and August instead of the second week as heretofore.

Lenoir.

Rev. Mr. Rose, Presbyterian, will commence a series of meetings in the opera house to-morrow night, to be continued throughout next week.

The next postmaster must put in lock boxes. It is a shame we haven't had them before. Many towns much smaller than Kinston have lock boxes.

Grade Green, an aged colored woman of this place, died last Friday. She was probably the oldest person in the county. Her age is variously stated at 88 to 110 years.

At Morehead City Saturday night week an attempt was made to break open the safe in Mr. Daniel Bell's fish house. The lock was battered up but did not give away. Next night an attempt was made to get in the safe in Mr. Eugene Arthur's hotel, but this also resulted in failure.

As Mr. and Mrs. J. T. Askew were coming to town, yesterday morning a few minutes after 10 o'clock, the mule they were driving became frightened by a cat and ran away near Mr. H. W. Gantt's residence, on the edge of town, throwing them both out of the buggy with considerable violence.

Mr. Daniel G. Taylor showed us a very curious book one day last week, which he secured while in the army. It was printed in 1828. It contains a fac-simile of Washington's accounts from June, 1775, to June, 1782, and other interesting documents relating to Washington. It also contains the fac-similes of the continental currency.

The National Garment Cutter.

To cut, fit and make garments of every description that will conform with the prevailing fashion and fit perfectly is a most desirable attainment. It is one that any lady will find a valuable and economic acquirement in her domestic education. To the wealthy the ability to correctly superintend the cutting and making of garments for family use is both a pleasure and a saving, while to the poor it is a necessity. By the use of the National Garment Cutter this can be accomplished. It is no Chart or paper Model, but composed of a fine folding square, a scroll or draft tool, a full set of scales, and a book of diagrams and instructions, so simple any one can understand it, a tape measure, etc., and neatly packed and put in a nice box prepared for it.

The only true method for cutting clothing or any other mechanical work is by actual measurement, and this system is so thoroughly refined and simplified that a child that can read figures and guide its hands can use this system accurately and successfully. While all ladies should know how to cut, make up and trim all kinds of clothing, heretofore the tailors and dressmakers' rules have been shrouded in mystery, or kept beyond the reach of the masses, as in most cases it requires a payment of various sums, ranging from \$25 to \$100, and weeks of time devoted to study and practice.

But by the use of the National Garment Cutter any family can not only cut, but at the same time have drafts and instructions, how to make up, drape and trim all the different articles in the latest styles, and always in the fashion; (to the dress-making this is especially useful, and parties, though novices, may readily become experts.

This system is a system of complete measurement, applies to all classes of garments, ranging through the entire line worn by men, women and children, and not like most other systems, giving instructions how to cut a few pieces (usually lady's basque to the waist), but gives full instructions for cutting the entire garment, and trimming and making up the same.

This system will be taught in our city by Messrs. Corpening, Slimp & Sartin, who are now arranging rooms, etc., preparatory to opening up a large class. They are meeting with splendid success, and we hope that every lady of the city will examine their work, as this is one line that has been badly neglected.

Stamping!

We are prepared to do all kinds of stamping, at very reasonable rates and on short notice.

J. HARRY EDWARDS, (Millinery establishment.)

The most varied and handsome stock of Spring goods ever exhibited here has just been received by C. Kern & Co.

Endorsing Dr. Harmon.

Wilmington, N. C.:

Having seen a notice from Dr. Harmon, the Russian eye doctor, that his office will be closed some time in February and will be opened again in the spring, I beg you to allow me space to say a few words with regard to the doctor's treatment of me, and the prospects of his return, etc.

In April, 1889, I had an operation performed on my eyes by a Northern specialist, which did a great deal of good. In June, 1892, however, I had to go North again for the same purpose, but was informed that nothing could be done to benefit me. On my return to Wilmington Dr. Harmon took charge of my case and I feel that through his skillful treatment my eyes are saved.

The doctor has invented an instrument for testing the eyes, etc., for which he is offered a considerable amount of money. Should he conclude to accept this, I am doubtful of his return to Wilmington, and hence, I would advise any one who may need the service of a skillful eye doctor to call on him before he closes his office.

During the last four years I have been constantly under treatment, and have tried several specialists, and it is due to Dr. Harmon to say that he has done me more good than I expected. The amount of money paid him for his services is no comparison to the benefits received.

Respectfully, A. S. HEIDE.

Dr. Harmon has opened consultation rooms at the Hotel Kennon, in this city.

Stub Ends of Thought.

Plain living is long living. Theology never saved a soul. A kiss is double-barrelled bliss. Matrimony comes in sealed packages.

Pleasure is narrow; happiness is wide. Avarice is green persimmons to the soul. The wise man holds his tongue in his hand. A woman is never afraid of a brave man.

God made the flowers for the sunshine to play with. There is no telling what the world would have been like if woman had been created first instead of last.

GOLDSBORO MARKET REPORT.

Corrected Weekly by B. M. Privett, Cotton Buyer and Wholesale Provision Dealer.
