Life. Worth Living?

That depends upon the Liver. If the Liver is inactive the whole system is out of order-the breath is had, digestion poor, head dull or sching, energy and hopefulness gone, the spirit is deressed, a heavy weight exists after eating, with general despondency and the blues. The Liver is the housekeeper of the health; and a harmless, simple recody that acts like Nature, does not like constipute afterwards or require constant taking, does not interfere with business or pleasure during its use, makes Simmons Liver Regulator a modical perfection.
