A Valuable Little Book of Interest to All Women Sent Free.

Every woman looks forward with feelings of indescribable joy to the one momentous event of her life, compared with which all others pale into insignificance. How proud and happy she will be when her precious babe nestles on her breast—how sweet the name of "Mother!" And yet her happy anticipation of this event is clouded with misgivings of the pain and danger of the ordeal, so that it is impossible to avoid the feeling of constant dread which creeps over her. The danger and suffering attendant upon being a mother can be entirely prevented, so that the coming of the little stranger need not be looked forward to with fear and trembling, as is so often the case. Every woman who reads this paper can obtain absolutely free a valuable and attractive little book entitled "Before Baby is Born," by sending her name and address to the Bradfield Regulator Co., Atlanta, Ga. This book contains priceless information to all women, and no one should fail to send
