Confessed Murder of 25 Years Ago.
Columbia, Miss., March 14.—The sheriff's office here today revealed that Joseph Beard, an aged farmer who lived near here, and who died last Sunday, confessed on his death bed, that 25 years ago he and two other men murdered Wm. Buckley, in this section, for which crime William Purvis, who lives in Lamar county, Miss., escaped death by hanging only because the noose about his neck slipped after the trap had been sprung.

Buckley and a brother, according to the story revealed to the authorities, gave information concerning a secret band of "White Cappers" who operated in this section in 1892, and shortly afterwards Buckley was shot from ambush.

Purvis was convicted of the murder after a sensational trial and was sentenced to be hanged. Hundreds gathered to witness the execution, but after the trap was sprung, the noose slipped and Purvis fell from the scaffold unharmed. Many of the spectators, superstitious over the thwarted execution, induced the authorities to place Purvis in jail and as appeal to the governor resulted in commutation of his death sentence to life imprisonment. Purvis was pardoned several years later.

Beard, attache of the sheriff's office said, first confessed his part in Buckley's murder to members of a religious sect which he recently joined, in order to clear his conscience. Later when Beard was convicted he was dying, the authorities were notified. Beard, it was stated, gave the names of two other men he said participated with him in the murder and the authorities said they knew where to locate them, but declined to say whether any action against them was contemplated.

German Crew Goes to Prison.
Florence, S. C., March 14.—Eight officers of the German steamship Liebenfels, convicted a charge of sinking their steamer in the Charleston harbor, today were sentenced by Federal Judge Smith to a year in the government penitentiary at Atlanta. Being unable to furnish bond fixed by the court, the men were taken tonight to Charleston by a United States marshal. They hoped to furnish bail, probable soon after they reach Charleston.

The convicted men are Johann Lubkin, first officer, George Sunkel, third officer, J. E. Jansen, chief engineer, Heinrich Waitenberg, first assistant engineer, Johann W. Buse, second assistant engineer, Moritz von Thunen, third assistant engineer, August Neuse, fourth assistant engineer, and Wilhelm Scherzberg, a machinist. All are Germans, except Jansen, who claims to be a Dane.

Shake Off That Grip

When Spring comes, with its changeable weather and your exposure, it is best to clear away all the symptoms left after an attack of grip. That evil disease leaves you weakened, and when its victim attempts to "do his bit" he exposes himself to the risk of a second attack, for which he is less prepared, and which may have graver consequences.

There's Danger in Delay

April and May are pneumonia months. In this time a weakened system is a constant source of danger, for the pneumonia and grip infections are in the air, and after a long winter the body is so clogged with waste it cannot resist them. Fortify the health, remove the catarrh, and improve the digestion.

For Quick Relief PERUNA

This reliable tonic is recommended to remove the waste from the body, counteract the catarrhal poisons and allay the inflammation that is catarrh, restore the regular appetite and tone up the entire system to resist disease. A well man is safe.

As a tonic after grip it has won many commendations, while its effectiveness in catarrhal conditions is unquestioned. Take six chances—Take Peruna.

Peruna Tablets are always ready to take. You may carry a box with you and ward off colds and chills. The liquid medicine in your home is a great safeguard. Protect your family.

Feed Children Brank in Dance Hall.
Chicago, March 14.—The Protective Association of Chicago is prohibiting the sale of liquor in dance halls, and providing a \$200 penalty for violating a bill in the legislature, for violation.

Charging that the majority of the dance halls are operated primarily for the sale of liquor, and in many cases are actually owned or controlled by liquor interests, the association's committee report shows that the police have no conception of their duty at dance halls; many policemen are found drinking, fights are common, indecent dancing prevails after about 11 o'clock, although until they become intoxicated, the dancers are usually orderly; minors, and often small children are permitted to become intoxicated, while parents laugh at their drunken antics.

At one dance, given by a church, as a benefit affair, many little children were found "outrageously drunk" according to Mrs. Bowen's report.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR, DOUBLE ITS BEAUTY

Try this! Hair gets thick, glossy, wavy and beautiful at once.

Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

SMITH & PELT

YES! LIFT A CORN OFF WITHOUT PAIN

Cincinnati authority tells how to dry up corns or callus so it lifts off with fingers.

You corn-pestered men and women need suffer no longer. Wear the shoe that nearly kills you before, says this Cincinnati authority, because a few drops of frezzone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.

A small bottle of frezzone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any frezzone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.

Andrew Shine, an aged negro of Pender county, was shot in the woods on his place Monday morning by Dan Higgins, another aged negro, because of a dispute over a tract, which Shine had wanted to cut down. He is not expected to recover.
