The Weekly Weather Crop Bulletin for the Week Ending Friday, July 10th.

RALEIGH, July 11.—[SPECIAL]—The reports of correspondents of the week-ly weather crop bulletin issued by the North Carolina evperiment station and State werther service for the week ending Friday, July 10th, 1891, show that the crops have generally contin-ued to improve. The early part of the week was warm with occasional showers badly distributed, and rain was beginning to be needeed at many places. A general rain prevailed Tuesday and Wednesday evening which, in most places greatly refreshed the crops. In washing land and accompanied by wind which did little damage. The last few days have been too cool, which will retard the growth of crop somewhat. Cotton continues to improve, and looks more vigorous; is blooming freely in the central and western districts.
The crops are generally now cleared of grass and well cultivated.

Split Impending in the Alliance Convention at Fort Worth Over the Sub-Treasury Scheme---An Attack on Dr. McCune .- The Kansas Allia nce Alarmed.

FORT WORTH, Texas, July 11.-The principle feature of the State Alliance Convention this morning was the speech of U. S. Hall, president of the Missouri Alliance. He charges that Dr. McCune had sold out for a money consideration to the protectionists, and in furtherance of that bargain, the Third Party move was inaugurated in He said that it was no disgrace for such a dishonest man as McCune to get into the Alliance, but it would become a disgrace if he was not turned

President Hall was loudly applauded. Last night Harry Tracy, McCune's chief apostle, in Texas, gave an open challenge for debate on the sub-treasury scheme. Hall accepted and the debate occurs to-night. Tracy claims to have some unsavory facts about Hall's career, newly discovered, which he proposes to turn loose to-night. The sub-treasuryites, of whom a squad walked out of the convention yesterday, are red hot. It is believed that the outcome of the convention will be a split of the State Alliance into factions.

one representing the Third party and the other the Democratic wing TOPEKA, Kan., July 11.—The Alliance leaders in Kansas are greatly chagrined and worried at the action of certain leaders of the Southern Alliance in calling on the Fort Worth, Tex., convention to resolve against the subtreasury idea. They claim that it is a scheme of the Southern Democrats to break up the Alliance and that prominent Democratic Congressmen are at the bottom of it. The Kansas leaders fear this action is but the beginning of a movement that will disrupt the organization in Kansas, as thousands of Republicans who affiliated with the People's party last year would follow the course of their Southern brethren and go back to their old party.

Hands of Savages and are Tied to Trees to be Burned-A Trusty Pistol to the Rescue.

PHIPPSBURG, Me., July 11.—Capt. Perry, of the barkentine Hustler, has just arrived home from a long sea voyage. The Hustler was launched in Bath last November, sailed for Philadelphia light and thence for sea with a cargo of iron pipe. While going round the horn bad weather was encountered and the vessel was superbad on a and the vessel was wrecked on a sunk-en rock in Nassau bay, forty miles west of Deceit island. The crew left in the boat with nothing but what they stood in, rowed to an island ninety miles distant, on which there was a missionary station called Ushurvia with several English missionaries and a station for the relief of shipwrecked crews, kept by the Argentine Republic, which also sends its prisoners there. The captain says five of the men who started across the country from a sandy point, bound for the missionary station, were cap-tured by savages, bound to trees and fires built around them when one of the men managed to get his hands free and drawing his revolver shot one of Indians which see frightened the rest of them that they ran and the men escaped. After having spent twentyfive days in this locality they left for Buenos Ayres, thence they went to Southampton, England, from thence to New York and thence home to Maine.
