PRESIDENT DAVIS' BODY.

T WILL BE REMOVED TO RICHMOND. VIRGINIA.

Mrs. Davis So Decides-Her Letter to the Confederate Veterans and People of the South Stating Why She Selects That City As Its Final Resting Place.

RICHMOND, Va , July 13 .- The Davis

Monument Association and the Chamber of Commerce committees consisting of Gen Jos. R Anderson, Mayor J. Taylor Ellyson, Gen. Peyton Wise, Col. John B. Cary and Judge George L. Christiau, nave received the follow-ing letter from Mrs. Jefferson Davis, which accompanied a copy of an open letter sent out addressed to the veterans and people of the Southern States: "Through you I return the grateful acknowledgement of my children and myself to President J. B. Purcell and the Chamber of Commerce of Richmond as well as to the State of Virginia, for

the many cordial utterances they have made regarding ex-President Davis. While he lived and strove with a powerful foe, their moral support was equal to their substantial aid, and went very far towards strengthening his soul for the conflict, unequal as i was. In answer to your invitation, yield my husband's mortal remains to the care of Virginia, secure in the cer tainty that he will rest among friends who stood as firm in defeat as they did in the dawn of the Confederate States' existence, and prefer Richmond as the lace of his interment."

The question of a site for a mauso eum and for a monument is now one of absorbing interest and various suggesions are being made, but as Richmond has said to Mrs. Davis that she would be free to select any site she chose, nothing will be done in this matter until she is able to confer with the peo ple. It is believed that Mrs. Davis wishes the body to rest in the grounds of the Davis mansion, corner of
Twelfth and Clay streets, and it is
thought that she will prefer to have the
Sever Relations With the United monument also in that section of the city. Considerable money has already been raised for the monument, and it is expected the South will generally

THE OHIO DEMOCRATS.

The State Convention in Session at Cleveland - Governor Campbell Will Probably be Re-Nominated.

CLEVELAND, O., June 13 .- The delegates to the Democratic State convention are arriving in the city and the indications are that tomorrow will witness o e of the largest Democratic gatherings ever assembled in the Buckeye state. Although the preliminary meetings of all the committees will be held tomorrow, the convention proper will not meet until 10 a. m. Wednesday.

Hon. Allan W. Thurman, son of the

"Old Roman," is to be temporary chairman, as this selection is made by the stat central committee. It is apparent to all, except the friends of the other candidates, that Governor James E. Campbell will be renominated on the first ballot, although the friends of the Hon. Laurence Neal still insist that their candidate has a fighting chance. Hamilton county will cast a solid vote for Neal, unless the streamous efforts that are being made by the Campbell men to have the renomination go to the Governor by acclamation should finally induce Neal and Kline to withdraw in the interest of harmony, and the feeling against Campbell among the Hamilton county delegates is so strong, however, that it is a very sanguine man indeed who would predict harmony in Wednesday's convention. Gov. Campbell's friends are complaining of the carnard, which they say is being circulated by the enemies of the Governor, to the effect that he contemplates declining the pomination after winning the fight, and that the Campbell men are then to throw the nomination to John A. Mc Mahone, of Dayton. The story receives

no general credience. Congressman elected Thos. L. Johnson, of Cleveland, has returned from Europe, and has wired that he will be in Cleveland today. It is reported that he will work in the interest of Neal.

THE BLACK REPUBLIC.

States - Failure of the Baltimore Fruit Company.

NEW YORK, July 13. - The Atlas line mail steamer Atlas, from Port Lemon, arrived here this afternoon. Late in June the Atlas touched at Hayti, and according to her officers it wat learned that Fred Douglass, United States Min-ister to Hayti, had left his post at Port au Prince, because the Haytian Government did not care to recognize the rep resentative of the United States, and that it was rather the desire of the "Black Republic,' to break off all inter-course with this country. The Hay-tian Government, it was said, fears the United States, and in order to avoid interference of any kind, this Government would sacrifice official intercourse with it. There had been no report of a revolution when the Atlas touched at Hayti, and no news of that country New Orleans bore him with filial grief and splended pageant to the tomb of the Army of Norshern Virginia, where they have guarded him by the steamer put into Kingston, Jamaica except that Legitime was still there and that he was growing in fall there only await his word to institute another

SAN FRANCISCO, July 13. - The Chronicle's Flagstaff, Arizona, special says: During the past month the Navajo Indians have been acting in a defiant manner towards the whites and it was the general belief that they were awaiting a favorable opportunity to drive the cattle men from their ranches. A courier has just arrived here from the Little Colorado, thirty miles northeast, with intelligence that a band of 600 Navajos have taken possession of the stock on Wm. THE LINCOLNTON TRAGEDY.

The Preliminary Examination to Take Place Today-Some Talk of Lynching. SHELBY, N. C., July 13,-[Special.]-

A private letter from Lincolnton today says the town is quiet, awaiting the preliminary trial of the three Motz brothers, which occurs tomorrow. Their relatives are endeavoring to secure bail for the Motzes, but it is not believed they will succeed. If successful, public sentiment is so strongly against them that there is great danger of lynching. It is thought they intended to kill Bob, Michael and Sam Mots, as Charlie Motz asked the latter a few days ago if he was prepared to die. Crowds of people from the surrounding country were at Lincolnton yesterday and much sympathy is expressed for Sam Motz's family. Michael is rapidly recovering and will be out in a few days. Charles Motz is still dangerously ill, the physicians not having found the ball. Samuel Motz was interred today

from the Methodist cnurch. Michael occupies a good position in Lincolnton society and is the son of a wealthy and influential man of the county, a promint member of the Presbyterian church. It is said that the father of Miss Motz sent word to Bob Michal a few days ago that he must marry Miss Motz. This he refused to do, and it is further stated that in this refusal he has has the endorsement of his father. It is further pected that a sufficient amount can be speedily raised for the object, as not over \$2,500 will be needed.

The Attorney General says the President can appoint the officers of the court, they are appointed; and the comptroller says they can receive no pay for months A North Carolina man (Judge

T. C. Fuller) is a member of the court. Latest Foreign News. PARIS, July 13 .- There was conderable excitement to-day throughout Paris, caused by a report that President Carnot had been shot. This rumor proved, upon investigation, to be untrue, but there was foundation for the report. The president was present to-day as the ceremonies of the official opening of the new thorough-fare, avenue D. La Republique where he received an enthusiastic welcome. Suddenly a man, wild-eyed and making insane gestures, forced his way through the crowd and pushed past the soldiers on duty about the spot where the ceremonies were taking place. This man rushed up to the carriage in which the president had driven up to the new avenue and fired a pistol at M. Carnot. As he did so the man shouted: "I'll prove that there are more bastiles to be demolished." President Carnot was undoubtedly alarmed at what appeared to be a di-rect attempt upon his life, but the President was unhurt and regained his entire possession of mind. The man who fired the shot was promptly

arrested by the police, and such was the anger of the crowd present, that the officers had the greatest difficulty in protecting their prisoner from becoming the victim of the popular fury which he had excited. As it was, it required the services of a strong force to escort the man in safety to the nearest police station. Upon arrival there, the man's examination soon disclosed the fact that he

was a madman, and that he had been LONDON, July 13. - The Emperor of Germany this morning rode through the most interesting parts of Hatfield Park, Lord Salisbury having issued orders to the effect that every part of the Park was to be thrown open in order to enable the Emperor to roam in any direction he desired.
