

MUCH ADD OVER THE REINSTATEMENT OF DREYFUS TO ARMY

Closing Day of Parliament Devoted to the Rehabilitation of Dreyfus so that To-morrow's Holiday May Witness his Honorable Return to the Army.

Bills to Raise Dreyfus to Rank of Major of Artillery and Inscribe his Name as Candidate for Cross of Legion of Honor Applauded.

Paris, July 13.—This was the closing day of Parliament and it was largely devoted to the rehabilitation of Alfred Dreyfus, so that the National holiday tomorrow may witness his return to the army and the official effacement of the stain placed upon his good name.

The Chamber of Deputies met at 9 in the morning for the purpose of hastening the Parliamentary procedure and the war minister Etienne, immediately presented two Government bills, one raising Captain Dreyfus to the rank of Major Artillery and the other promoting 13 Piquart to that of Brigadier General.

Etienne asked for speedy action, stating that it was the government's intention to inscribe Dreyfus' name on the list of candidates for the Cross of the Legion of Honor.

This announcement brought out a storm of applause.

The bills were referred to the army committee which at once went into session and approved them and drafted strong, favorable reports, which were debated.

The Radical supporters of Dreyfus are seeking to force the Government to prosecute many generals, colonels, and high functionaries responsible for his condemnation.

The amnesty law protects them, but a movement is on foot to repeal this law for the purpose of reaching Generals Mercier and Gouze, Colonel Dupaty DeClam and others who were prominent in the prosecution of Dreyfus.

Knock Down Fight.

A knock down fight occurred in the center of the chamber as a Socialist member demanded that the government prosecute the guilty officers.

A scene of tremendous confusion followed during which the aisles were invaded by struggling deputies. President Brisson then suspended the session.

Later, Pugliese-Conti sent his seconds to Millevoye and Lassus sent his seconds to Sarraut as a result of the afternoon's scene in the chamber.

THE HARGIS-CALLAHAN TRIAL.

Callahan Testified That He Had No Idea That Marcum Was to Be Killed—Other Testimony.

Beattyville, July 13.—In the Hargis-Callahan murder trial Callahan testified that he had no intimation that Marcum was to be killed and had never discussed a plot with anybody to kill Marcum.

Callahan was not on friendly terms with Curtis Jett at the time of the shooting and denied that he had given Jett the pistol with which Marcum was killed. Wiggs said he had difficulty with Jett a few days before Marcum was killed and had sent Jett a check for services performed as deputy sheriff.

In the cross-examination Callahan said that Jett had been discharged as deputy a year before he was paid for his services. The witness said he sent the check by Jesse Spicer to Jett, but the examination developed that both Spicer and Jett were away from Jackson at the time.

CONTRACTS AWARDED.

Washington, July 13.—Secretary Loanpart announced that the Carnegie and Bethlehem steel companies will be given the contract for the armor for one of the new 16,000 ton battleships at the price named by the Carnegie Steel Co. in their bid. The contract for the armor for the other battleship will go to Bethlehem Co. The Carnegie and Bethlehem companies are to share equally the contract given to them.

He made a special appeal for organization on the part of the tobacco farmers, declaring that up to the present time this class of farmers have shown themselves incapable of perfecting an organization. He urged that the tobacco farmers present return to their homes and urge the necessity of organization and co-operation upon their neighbors.

He said the only successful tobacco farmers' organization in the State is in Pitt county where he has money invested in the co-operative organization that has for three years yielded him thirty and forty per cent profit.

MASONIC MEETING TODAY.

Fifteenth District Meeting Being Held in Wadesboro—Other News.

Wadesboro, July 12.—The following is the program of the first annual meeting of the fifteenth district of North Carolina, A. F. M., today: Methodist Church—Prayer by Rev. J. W. Rowell.

Address of Welcome, Introducing Speaker—Hon. L. D. Robinson.

Public Address—Rev. Plato Durham of Charlotte.

At 2:30 P. M., Masonic lodge—Explanation of first and second degrees—Rev. J. W. Rowell.

At 8:30 P. M., Masonic lodge—Explanation of third degree—Monroe Lodge.

Our town is filled with visiting Masons in attendance to meeting of Masons.

Mr. Marcus L. Rushing, of Fountain Hill, passed away on the 11th. Mr. Rushing was about 50 years old and leaves a wife, three daughters and one son. He died as he lived—a good man.

Mr. Thomas Gullede died at Grant's Mill Pond last week. Mr. Gullede was 35 years old, and a very industrious young man.

A good way to increase the demand of King Cotton is to feed it to the cows. Mr. Ed Morton lives four miles north of our town and has a patch of 18 acres of cotton which was very grassy. Mr. Morton seeing that he could not reclaim the cotton turned his stock into the field.

The Planters' Hardware have increased their capital stock from \$25,000 to \$30,000. They will at an early day build a handsome building on Green street, now occupied by the May Livery stables.

Wadesboro Cotton Mill stock, one year ago, sold at 25 cents on the dollar. Now it can't be bought at 75 cents. C. M. Burns, the president of the company, has unaided brought the enterprise to its present standing.

Wadesboro contains a lot of good people, and her share of bad people, but we never knew that she had a man mean enough to steal a pocket-book out of a man's pocket during prayer. This, we are sorry to say, is the case. A Mr. Smith lost his while at prayer at the Silk Mills Monday night.

The Duty of Parents.

Prevention is better than cure, and yet a remedy like Mexican Syrup for coughs, colds and consumption, if not used to prevent consumption by curing a cough or cold in the beginning can be depended on to even cure after the lungs begin to waste away. No other remedy is so nice to take, or so quick to cure, and many families often buy a new bottle before the old one is all used up, so that they may have it always in the house. Only 25 cents at drug stores.

Better Cut This Out.

Every mother should be quickly suspicious of worms, when her children act as if they were going to be sick. Worms are known to be the first cause of much ill health. Young and old, very often are suffering from worms when a mother thinks it is something else. Remember, a very harmless, yet always effective remedy for stomach, tape or pin worms, is a 25 cent bottle of Mother's Worm Syrup.

Death's Helper.

An old physician once referred to constipation as "Death's Helper." There is no doubt many ailments and much distress begins with constipation of the bowels that have no weakening effect on the nerves, kidneys, etc., are Mexican Root Pills. Only 25 cents.

RHEUMATISM THE TERROR OF WINTER

Rheumatism is usually worse in Winter because of the cold and dampness and other changed conditions of the climate. The occasional twinges of the disease that are felt during the warmer weather are changed to piercing pains, the muscles become inflamed and swollen, the nerves get sore and excited, the bones ache, and Rheumatism, the terror of winter, takes possession of the system. Then the sufferer turns to the liniment bottle, the woolen clothes, the favorite plaster or some home remedy, in an effort to get relief. But Rheumatism is not a trouble that can be rubbed away or drawn out with a plaster; these things relieve the pain and reduce the inflammation, but do not reach the real cause of the trouble, and at the next exposure another attack comes on. Rheumatism is caused by a sour, acid condition of the blood. The refuse matter and bodily impurities which should be carried off through the channels of nature have been left in the system because of indigestion, weak kidneys, torpid liver and a general sluggish condition of the system. These impurities sour and form uric acid, which is absorbed by the blood and distributed to the different muscles, joints, nerves and bones, causing the painful symptoms of Rheumatism. S. S. S. goes to the root of the trouble and cures Rheumatism by cleansing the blood. It neutralizes the acids and filters them out of the circulation and sends a stream of pure, rich blood to all parts of the body. Then the pains cease, the inflammation subsides, the nerves are quieted, every symptom of the disease passes away, and the cure is permanent. S. S. S. is purely vegetable and does not injure the system as do those medicines containing Potash and other minerals. Book on Rheumatism and medical advice without charge.

A TRIPLE TRAGEDY.

New York, July 13.—Adam Scheutl, aged 30, employed at a butcher shop shot and fatally wounded Louise Karcher, daughter of his employer, shot and seriously wounded the girl's mother and committed suicide by cutting his throat with a butcher knife. It is supposed the motive was the rejection of Scheutl's attentions by the young woman and her parents.

35,000 MINERS OUT.

Columbus, O., July 13.—According to the information given out by the "stand pat" operators 35,000 miners in Ohio are out as the result of the disagreement about the wage scale. The difference is small on the ton but amounts to thousands of dollars in the aggregate.

Modest Claims Often Carry the Most Conviction.

When Maxim the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim, is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by Shuford Drug Co.
